## Arboretum for school is approved

A plan to establish an arboretum, a conservation area containing a wide variety of plants, on the campus of Granite City High School North, was approved Tuesday evening by the Granite City Board of Education.

Gilbert V. Walsley, principal of North, proposed the plan to the board, saying it was suggested by the school's science club.

James Harsh, science teacher, is to plan the layout in conjunction with Tully A. Heubner, director of buildings and grounds, to avoid problems in grass cutting and maintenance activities.

Walsley told the board he felt the program "would serve three purposes: as a learning

(Continued on Page 4)

## Sewer fee adjustment

A revised schedule of sewer use fees that will raise the quarterly payment of Granite City residents from \$5.10 to \$6 has been filed with the Illinois Environmental Protection Agency in Chicago, Mayor Paul Schuler told the City Council Monday night.

The mayor said the new rate schedule, revised upward to fund an additional "replacement cost" in the city's secondary sewage treatment program, was prepared by Herschel, Umbaugh & Associates of Indianapolis, Ind. The new rate schedule became necessary after the EPA announced it had cut off allocations of federal grant

## Wolf appointed today as state representative

**SAM W. WOLF.** The Granite City realtor, a longtime officer of the Democratic Party in Madison County, has been named to a state representative vacancy in the 5th Legislative District, succeeding Horace Calvo, now a circuit judge.

Sam W. Wolf, 21 Bermuda Lane, was appointed today as state representative of the 5th Legislative District.

The appointment was announced by Nelson Hagnauer of Granite City, chairman of the Madison County Democratic Central Committee, following a meeting between Hagnauer and Barney Metz, chairman of the St. Clair County Democratic Committee.

Wolf, 56, will fill a vacancy created by the resignation of Horace Calvo, Granite City attorney who resigned the legislative office to accept appointment as a judge of the Third Judicial Circuit.

The remainder of the term will extend through most of next year with the post subject to election in the 1976 March primary and the November general elections.

The 5th Legislative District includes Granite City, Venice, Nameoki, Chouteau, Wood River, Alton, Godfrey, Hamel, Ophphent, Edwardsville, Fort Russell and More Townships in Madison County and Canteen Township in St. Clair County.

Hagnauer said that he met with Metz Wednesday under the Illinois Election Code which designates the county committee chairman as a

"Legislative" committee authorized to fill a vacancy in the office of state representative.

Metz nominated Joe Segech, Canteen Township supervisor, as a candidate for the post, while Hagnauer nominated Wolf. The two chairmen cast the weighted votes of that part of the district represented by each.

Because of the preponderance of votes in the 12 townships of Madison County over the 13 precincts of Canteen Township, Wolf was declared the winner.

Arrangements were being made today for administering the oath to Wolf so that he may assume his duties when the General Assembly reconvenes Oct. 22.

Today's appointment ended efforts by Canteen Township Democratic Committee to support Segech for the state representative post. Some Canteen Township committee members contended that support of a candidate from St. Clair County would force the appointment issue before the Democratic County Central Committee in both Madison and St. Clair Counties, rather than leave the decision entirely in Hagnauer's hands.

Canteen Township committee met Tuesday night and voted unanimously to offer Segech's name in nomination. The committee members notified Barney Metz, chairman of the St. Clair County committee, who later said he was committed to the Canteen committee and therefore would support Segech.

It was a foregone conclusion, however, that the decision rested with Hagnauer since the

contract for renovation of the 1931 addition of St. Elizabeth Hospital has been awarded by the hospital governing board, it was announced Tuesday by John Blake, hospital planning director.

The contract, in the amount of \$1,067,000, was awarded to L. Wolf Co., Granite City contractors.

Madison County Federal presenting the employees' report; David Fox, general chairman of the United Way Drive; and Anita Wesemann of Madison County Federal.

(Press-Record Photos)

## United Way at 26 %

The annual campaign of the Tri-Cities Area United Way is off to a fast start, with \$114,763 reported at yesterday's initial report luncheon.

The total represents more than 26 per cent of the \$430,000 drive goal.

Campaign Chairman David Fox, a First Granite City National Bank vice-president, presided at the meeting. Next reports are scheduled for 12:30 p.m. next Wednesday, Oct. 15, at the Officers' Club of the Granite City Army Installation.

Howard Schuenke, representing A. P. Steinhauser, Industrial Division chairman, reported \$72,247 pledged.

American Steel Foundries contributed \$12,000 and ASF employees \$33,000, the latter a 10 per cent increase over the previous United Way campaign, it was announced.

Chairman Allen Jesse of the Business Division announced \$17,760, including a 22 per cent increase in giving by employees of the Madison County Federal Savings and Loan Association.

In the two Commercial Divisions, Robert Jackson reported \$2,626 and Donald Van Horn announced \$2,145.

Maurice Dailey and Ted Eilerman reported for the Professional Division, where pledges total \$2,140 so far.

Henry Ross, chairman of the Construction Division, announced pledges of \$5,050.

S. T. "Pete" Nasir, United Way executive director, reported for Civic Chairman Lionel Portell that pledges have reached \$6,085.

It was noted by the Rev. David B. Maxton that in the clergy section Msgr. L. J. Mattingly has been one of the most active and effective United Way representatives.

In the Mail and Phone Division, headed by Mrs.

Employee Alfond, receipts and pledges amount to \$2,469. Leo Schermer reported for Wayne Scannell, chairman of the Madison and Venice Division, which is being handled

## Madison medical complex planned

By WALTER STRANGE  
Press-Record Staff Writer

Plans to construct a city-owned building that would house a medical complex and at least three commercial stores at 300-310 Madison Ave. were announced Tuesday night by Madison Mayor Mike Sasyk.

Mayor Sasyk told the City Council that plans involve razing three old buildings on the northeast corner of Madison Avenue and Third Street and replacing them with a new structure at a cost that will exceed several hundred thousand dollars.

He said the city now has options to buy the property.

Demolition work, he said, can be financed with Community Development grants. Financing for construction of the new building will be obtained through bank loans, he said.

"We have three physicians, all of whom come highly recommended, that are interested in locating and practicing in the city," the mayor said.

"We will take down the present buildings that are very old and build a modern medical facility which also will leave room for new stores."

"The physicians will sign term leases and their rent will repay the loan and the city will

own the property," Sasyk said.

The council authorized the mayor, Finance Committee and Legal Department to sign a contract with "Update," Corporation of Greenville, Ill., for preliminary drawings of several community improvement plans.

Update will furnish several sets of drawings to the council including a mall study, store front drawings, a corner park drawing and theme ideas for developing the downtown shopping area of Madison.

A petition asking the city to vacate the alley in the 1600 block between Second and

(Continued on Page 4)

## Hospital, doctors' offices expanding

The work is to include construction of a fifth floor on the present wing of the hospital built in 1931 to house hospital administration offices.

The third and fourth floors will be remodeled throughout to provide offices for physicians.

Construction is expected to start in about two weeks and will take nine months to a year to complete, Blake said.

The number of physicians who will occupy offices on the third and fourth floors is not immediately known, but both wings of the hospital also has a ground floor in addition to the present four floors.

Construction of the 1931 addition at St. Elizabeth marked the first major construction program, with subsequent additions in 1945, 1958 and in 1972.

Each will be in attendance and will give brief remarks Oct. 19, Governor Daniel Walker and State Treasurer Alan Dixon have confirmed to the local Democratic organization.

The 1975 dinner will be held in Meridian Hall of the University Center at Southern Illinois University at Edwardsville.

The event will be held on Sunday, Oct. 19, beginning at 4:30 p.m. with cocktails; dinner is to be served at 6 p.m.

The Oct. 19 dinner will begin at about 7 p.m., with dancing scheduled for 8 p.m. to

10 p.m.

Congressman Melvin Price along with many other legislators will be in attendance, together with local and county officials from Madison County and surrounding counties.

This has been an annual affair of the Madison County Democratic Committee for the past decade and has received statewide attention on many occasions, a spokesman said.

The Oct. 19 dinner will be the 11th annual gathering.

Tickets are \$25 each and can be purchased by contacting the Madison County Democratic secretary at 1506 Johnson Road, Granite City.

Special table locations will be reserved for those purchasing full table of eight.

## Talks by both Dixon, Walker to Democrats

This year's annual John F. Kennedy dinner, sponsored by the Madison County Democratic Committee, has attracted both top contenders for the office of governor.

Each will be in attendance and will give brief remarks Oct. 19, Governor Daniel Walker and State Treasurer Alan Dixon have confirmed to the local Democratic organization.

The 1975 dinner will be held in Meridian Hall of the University Center at Southern Illinois University at Edwardsville.

The event will be held on Sunday, Oct. 19, beginning at 4:30 p.m. with cocktails; dinner is to be served at 6 p.m.

The Oct. 19 dinner will begin at about 7 p.m., with dancing scheduled for 8 p.m. to

**AMERICAN STEEL FOUNDRIES** and its employees, are honored at yesterday's United Way report luncheon. Left to right are Emmet J. Williams, International Association of Machinists and Aerospace Workers; Alex Malzynski, United Steelworkers of America Local 1063;

David Fox, Tri-Cities United Way drive chairman; Leonard D. Thomason, Patternmakers League of North America; William W. Bright, representing R. G. Bierer and salaried employees; and James M. Smith, International Brotherhood of Electrical Workers.

### \$3,500 loot in burglary

Items valued at about \$3,500 were stolen from J&M Motors, 23rd Street and N. Main St., in burglaries reported Sunday and Monday.

Officials had not completed an inventory of the shop to determine what had been taken in the first burglary when the second burglary occurred. In the first burglary, entry was gained by pushing out a metal panel covering a window which previously was broken. Cardboard was placed temporarily over the window Sunday night, which was pushed out to gain entry for the second burglary.

Taken during the two burglaries were tools belonging to Don Brown and worth about \$1,800, two floor jacks worth \$469, about 60 gallons of anti-freeze worth \$20, four tires and wheels, six car batteries worth \$130, two jack stands worth \$89, nine quarts of transmission fluid worth a total of \$8, a \$24 torch set, books worth \$24, a \$169 impact wrench, a \$99 air ratchet, an \$80 buffer and other items.

### Arrested in assault case

William Margrave, 20, of 1407 Rhodes St., was charged with assault and criminal damage to property after he allegedly threatened Steve Simpson, 2943 Oregon St., with a knife at a service station at 12th Street and Edwardsville Road at 11:50 p.m. Monday.

Simpson said he was getting gasoline for his car when a young man approached, started a disagreement, displayed a knife and said, "I'm going to kill you."

Simpson alleged he was thrown against a gasoline pump and the man poked the knife near him several times. The assailant finally slashed the vinyl top of Simpson's auto and left the scene in an auto, according to Simpson.

He gave police a description of the car, which police saw being parked in the 1400 block of Rhodes Street. Officers chased the driver, but he ran through several yards and escaped. Margrave later was arrested and charged.

Miss Terry Brannan, 17, of 2102 Nevada St., was injured when someone threw a pear at a motorcycle on which she was a passenger and the pear struck her right eye at 9:30 p.m. Monday.

She said she was riding with Don Laswell, 2600 Cayuga St., in the 2000 block of Johnson Road when a pear was thrown at them by the driver of a van passing in the opposite direction.

The pear grazed the cycle driver's head and struck Miss Brannan on the face. She suffered an abrasion below her right eye and pain to her nose and was taken by ambulance to St. Elizabeth Hospital. X-rays were taken and she was released after treatment.

### Theft charged

Jerry R. Sedabres, 18, of 2816 Edwards St., was arrested at Rico's II Lounge on N. Main St. at 11:30 p.m. Monday and was charged with theft after several persons alleged seeing him with a purse under his tee shirt inside the lounge.

Cheryl Lancaster, Hazelwood, Mo., said she was at the lounge and her purse disappeared. Several persons reported seeing a youth with a purse under his tee shirt and said the purse dropped out.

Officers allege Sedabres was searched and Cheryl Lancaster's wallet and a savings deposit book from her purse were found in his left rear pocket.

**MR. AND MRS. ROBERT LEE WILLIAMSON**, who were married at St. Ann's Church in Gary, Ind. The bride is the former Miss Judith Ann Dietrich, a daughter of Mrs. John Dietrich of Gary and the late John Dietrich. The groom is a son of Mr. and Mrs. Raymond Williamson of Granite City.

### Judith A. Dietrich and Robert Williamson wed

An out-of-town wedding of interest here was that of Miss Judith Ann Dietrich, a daughter of Mrs. John Dietrich, 2735 Cline Ave., Gary, Ind., and the late John Dietrich, and Robert Lee Williamson, son of Mr. and Mrs. Raymond Williamson, 2450 Lynch Ave., taking place Sept. 6 at St. Ann's Church in Gary. Guests were received by the newly married couple at a reception held at the Lakes of the Four Seasons Country Club at Crown Point, Ind. Mr. and Mrs. Williamson are now residing at 400 Bush Hill Court, Lakes of the Four Seasons, following a wedding trip to St. Louis and the Missouri Ozarks. Honor attendant was Miss Marilyn Dietrich, a daughter of the bride. The groom's brother, Michael Williamson, served as best man. The bride is a graduate of Purdue University-Calumet Campus and is employed as a guest lecturer by the university's English Department. She is a former teacher at Crown Point High School. A graduate of Southern Illinois University at Edwardsville, the groom is now employed at Harbison-Walker Refractories of Hammond, Ind.

### Girl Scouts name new area adviser

Miss Kathy Naumann has been appointed district adviser for the Quad-City and Collinsville area of the River Bluffs Girl Scout Council and will be directly responsible for projects, programs and informational literature for the 3,300 Girl Scouts registered in the area. Mrs. E. E. Laumhatus, council president, has announced. Miss Naumann graduated from Southern Illinois University with a degree in human services. She is interested in all outdoor activities, with a special interest in Yoga.

**KATHY NAUMANN**  
Girl Scout Adviser

projects in the home, arts and outdoors. Also new to the staff is Miss Peggy Patty who has been assigned to District 1, which encompasses Alton, Wood River, Jerseyville and outlying areas.

### Mrs. Pearl Peters entertains class

Mrs. Pearl Peters entertained the Fidelity Class of Second Baptist Church at her home, 2721 W. 22nd St., Monday evening. Mrs. Naomi Rongey, a guest, offered the devotionals and Mrs. Alice Hoffman led a prayer for those ill. Roll call was answered with Scripture verses and the group joined in singing a hymn. Mrs. Minnie Cavin, president, conducted a short business session. The dismissal prayer was given by Mrs. Dolores Ayres. A dessert course was served by the hostesses to those named and to Mrs. Jerree Laswell, Mrs. Ruby Mayberry, Mrs. Myra Grote, Mrs. Ruth Hassler, Mrs. Ruth Chapman and Mrs. Cora E. Miller.

### Rev. Borth to be speaker at Mitchell church

The Rev. Jack Borth, executive director of St. Louis Teen Challenge will minister and present the teen challenge program at the Mitchell Assembly of God Church, 910 W. Chain of Rocks Road, at 7 p.m. Sunday.

Teen Challenge was started over 15 years ago by the Rev. David Wilkerson in New York City after he read about how seven youths stabbed a 15-year-old polio victim to death merely for "kicks." Teen Challenge has grown until now there are centers throughout the United States and the major foreign countries of the world. Thousands of young people who have been involved in juvenile delinquency, alcoholism, prostitution or drug addiction, have been helped through the resources of Teen Challenge, church officials said. Teen Challenge is operated on a non-profit basis and is supported by churches and individuals interested in troubled youth. The public is invited to attend the service starting at 7 p.m. Sunday, according to E. L. Aubuchon, pastor.

**REV. JACK BORTH**

### Women of Moose attend state meet

Sixteen members of the Granite City Chapter 247, Women of the Moose, attended the Moose state convention held during the weekend at the Peoria Hilton Hotel, which attracted 1,019 women from various Illinois chapters. On the final day, the women held their conclave under the auspices of the College of Regents and Deputy Grand Regent Marianna Koller of Melrose Park. Mrs. Nancy Hamilton of Granite City was among a class of 94, who received a "Green Cap" designating completion of one year as senior regent of her local chapter. Serving as

### Nelson-King engagement told

The engagement of Miss Linda Jean King and Clarence Loyd Nelson, a son of Mrs. Arline Nelson of Jonesburg, Mo., and the late Benjamin H. Nelson, is being announced by the bride-elect's parents, Mr. and Mrs. Otis Moore, Bend, Ill., formerly of Granite City. Miss King presently resides with her grandparents, Mr. and Mrs. John Whitehead, 2235 Dewey Ave. She is a graduate of Granite City High School is employed as a secretary at Boatmen's Bank in St. Louis. Her fiancé was graduated from Westminster College at Fulton, Mo., with a bachelor of arts degree in business administration. He works as a trust officer in the security trading department at Boatmen's Bank. Plans are being completed for a fall wedding.

### Special Concordia program

William Wendling of the Lutheran Child and Family Services of Illinois will be the speaker Sunday at "Social Ministry Sunday" services beginning at 10:15 a.m. at Concordia Lutheran Church, 23rd Street and Grand Avenue. He will speak on "Opportunity for Christian Involvement in Social Ministry."

Wendling is downstate regional director for LCFS, working out of Springfield. Before assuming this position, Wendling was director of development for Concordia Teachers College, River Forest, Ill.

Currently he is developing the services given by LCFS in both Central Illinois and Southern Illinois districts of the Lutheran Church jointly with the individual branch office supervisors of the Springfield and Belleville offices. He is developing satellite offices in Effingham and Centralia and plans to establish other LCFS-area offices in more communities.

Lutheran Child and Family Services is a 100-year-old Lutheran agency, originally concerned with orphans, but now expanded into varied services for the enrichment of family life. The Rev. Arvin Twietmeyer, pastor of Concordia Lutheran Church, will relinquish his pulpit Sunday for Wendling's presentation.

**WILLIAM WENDLING**

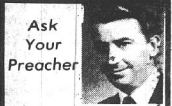

**BRIDE-ELECT** Miss Linda Jean King, the fiancée of Clarence Loyd Nelson of Jonesburg, Mo. Their engagement is being announced by her parents, Mr. and Mrs. Otis Moore of Bend, Ill., formerly of Granite City.

Market Streets and to permit the Illinois Pacific Coast Transportation Co. to erect a fence around the company's property was submitted to the Planning and Zoning Board for a recommendation at the next meeting.

The fence was discussed at length during the Sept. 23 council meeting, but the formal petition was not drawn up according to Planning and Zoning Board regulations.

A public hearing date on the petition is set for Oct. 21.

A petition from the Church of God of Prophecy at 1732 Rhodes St. also was referred to the zoning board. The Rev. L. M. Thompson is requesting permission to erect a 24 foot by 40 foot modular fence next to the church. The request said that there was much damage by vandals to the church and with the pastor living near the church he could better protect the property.

In other council action the fire department was given permission to advertise for bids on 10 bunker suits and the police department to advertise for bids on two new police cars.

The council approved the Madison Lions Club Candy Day fund black on Friday and Saturday at the intersection of Sixth Street and Madison Avenue, authorized the Knights of Columbus to hold a toast sale on Oct. 31, approved Phillip E. Barnett as an auxiliary police officer, approved a \$200 uniform allowance for four police officers, approved installation of a street light in the alley between Second and Third Streets near Allen Avenue.

## GC police win honors in national pistol match

Six Granite City policemen have returned here after competing in the National Police Pistol Match at Jackson, Miss., last week.

Four officers earned trophies during the national event, which pitted 100 top shooters from throughout the United States, Canada and Mexico.

Patrolman Jim Lengyel gave the top performance for the Granite City Police Pistol team, followed closely by Patrolman Kip Pomeroy.

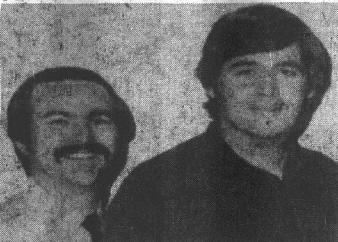

Lengyel brought back six awards and Pomeroy had five. Together, they placed first in the two-man competition for expert class entries.

Lengyel was third in overall points for the event among expert shooters and earned trophies in four matches.

He was fifth in the crouch position firing, sixth in the 50-yard competition using sitting, prone and standing positions, sixth in the National Police Course competition (using four varied positions, times and distances), and was eighth in the 25-yard kneeling and standing match.

Pomeroy, besides sharing top honors in the two-man competition, finished 10th in overall points among expert class shooters; fifth in the 50-yard sitting, prone and standing event; seventh in the crouch position firing; and seventh in the National Police Course event.

Detective Don Knight finished

**WIN NATIONAL HONORS.** Granite City police patrolmen Kip Pomeroy, left, and Jim Lengyel have been named the top two-man expert team in the nation. They won that honor and several individual honors at the national police combat matches last week in Jackson, Miss.

fifth in overall points among marksmen and was fourth in the National Individual Police Combat Course championship event, which was an aggregate event combining the scores in five other matches.

The team of Pomeroy, Lengyel, Wright and Hodges was fourth among the four-man teams at the meet.

The pistol team is to display all the trophies it earned this year at the Oct. 20 Granite City Council meeting when the team members will thank the council for its support during the year.

**JAMES THOMPSON**, regarded as the chief contender for the Republican nomination for governor of Illinois in 1976. Quad-Cityans will have an opportunity to meet and talk with him when he visits the Rox-Arena in Roxana at 7:30 p.m. Monday, Oct. 13. The public is being invited without charge. Thompson will give a talk and also discuss informally with those present their views on state governmental issues. Candidates and doughnuts are to be served, and there will be vocal entertainment from the Garver Trio from Six Flags. The Republican Citizens Council of Madison County is sponsoring the event. Those driving north on Highway 111 will turn right just past the Roxana Theater onto Tennyson, following Tennyson three blocks east to Rox-Arena.

physiologist, Ill., and earned four honors.

Pomeroy won the sharpshooter competition; Lengyel was second in that class; Wright was third among sharpshooters.

The team of Pomeroy, Lengyel, Wright and Hodges was fourth among the four-man teams at the meet.

The pistol team is to display all the trophies it earned this year at the Oct. 20 Granite City Council meeting when the team members will thank the council for its support during the year.

## Wolf

(Continued from Page 1)

56th Legislative District includes 12 Madison County townships (including the City area) and weighted voting of that area would far exceed the vote of the 13 Canteen Township precincts that lie within the district.

Metz conceded Wednesday that Wolf was the likely winner of the appointment, but said he agreed with the Canteen committee in their belief that they "had not been given enough consideration." Metz and Hagauer met Wednesday afternoon.

Wolf has been active in Democratic politics in this area for many years. He is a member of the Democratic National Committee, a post to which he was elected by the Illinois Democratic State Central Committee last June.

He was elected Democratic committeeman of Precinct 23 in Granite City in 1966 and was elected secretary of the Granite City Democratic Central Committee in 1968, a post he still holds.

In 1970 Wolf was elected secretary-treasurer of the Madison County Democratic Central Committee and was re-elected to that office since. He also is a member of the executive board of the county committee.

Wolf also served as a delegate to the midwestern national Democratic convention in Kansas City in 1974, representing the 23rd Congressional District.

He is a past president of the Granite City Real Estate Board and a past president of the Killdeer Area Y.M.C.A. He is secretary of the Cochrane-Wolf Agency, Inc., 1506 Johnson street, real estate and insurance firm.

Wolf and his wife, Mae, have two sons, Larry, 21, and Dave, 27.

Wolf was born in Venice and attended Venice schools. He has lived in Granite City for the past 35 years.

## Cindy Myatt North queen; David Kwiatkowski king

Miss Cindy Myatt, 17, daughter of Mr. and Mrs. Gerald Myatt, 5157 Old Altan Road, was crowned the Granite City High School North Fall Festival Queen Wednesday evening. She is a senior majoring in business education and is a football cheerleader.

David Kwiatkowski, 17, was crowned Fall Festival King. He is also a senior and is the son of Mr. and Mrs. Ted Kwiatkowski, 2569 Lynch Ave. Dave is a second year letterman on the Steelers grid squad and is a science major.

The coronation took place Wednesday evening immediately following the play "How to Succeed in Business Without Really Trying," presented in the Granite City youth auditorium.

The Student Council will present the coronation of the Fall Festival King and Queen for 1975 again tonight following the play which begins at 8 p.m.

Cindy and Dave were chosen by secret ballot of the entire student body.

Members of the Fall Festival court are Debbie Harvey, Robin Hayden, Jan Jakick, Carla Macios, Annette Niemiher, Debbie Rea, Pam Reinhardt and Anne Rowden, plus Richard Demarse, Charlie

Paul, and Dave.

## United Way

(Continued from Page 1)

by the Madison-Venice Rotary Club. Pledges have reached \$4,100.

A report by Mrs. Sally Herbst for the Combined Federal Campaign showed early receipts of \$201.

Humorous awards were given out by Harold Rudolph of the City of Venice, Y.M.C.A. and Campaign Chairman Fox called for completion of contacts this week, with callbacks occupying the remainder of the campaign period.

Of 1,271 accounts, there have been 237 contacts by solicitors to date, reports at the luncheon indicated.

Fox stressed the value of setting up United Way contributions on a payroll deduction basis.

He urged that contributors recognize the impact of inflation on member agencies, and give substantially more now than a decade ago.

As many as 4,000 acres in St. Clair County, near New Athens, Ill., is one of eight still being considered for conversion of a \$22 million coal conversion plant proposed by the U.S. Energy Research and Development Agency.

Also under consideration are two sites in each Ohio and West Virginia and one each in Pennsylvania, Kentucky and Indiana.

Funeral arrangements are listed in today's obituary column.

**Involved in fatal accident**

William L. Jacobs, 36, of 3217 Erin Drive, a tractor-trailer driver, was involved in an accident on Route 50 a mile west of Aviston in Clinton County at 5:30 a.m. today in which one man died.

State police said Jacobs was driving west and was passing the small car of Carl G. Maue, 32, Breese, Ill., when the eastbound tractor-trailer of Keith Williams, Clarksville, Ind., approached and Jacobs was unable to return to his lane because of Maue's auto beside him.

Troopers said Williams applied the truck's brakes and slid into the car and Jacobs' truck struck the other tractor-trailer.

Maue was pronounced dead at the scene and was taken to a Breese funeral home.

**Inject commercial into state feud**

Critical of a statement issued by Gov. Walker's press secretary, Norton Kay, concerning criticism of State Comptroller George Lindberg, Jim Williams, issued a release yesterday saying Kay's statements were like watching Joe Namath sell pantyhose.

"Namath should stick to football and Kay should stick to public relations. They're both experts in those fields," Williams noted.

Kay had accused Lindberg of "whipping up scare headlines" about the state's financial condition when the state was, for a few hours, unable to meet its obligations.

**KIRKPATRICK BURGLARY**

A piggy bank containing about \$45 in change was stolen from the home of Nancy McIntosh, 304 Kirkpatrick Homes. It was reported at 3:40 p.m. Tuesday. A pane of glass was removed from the rear door to gain entry. It was the second burglary in three months in which the means of entry was the same. Officers found blood on the porch, indicating a burglar may have cut himself.

**Sewer fee**  
(Continued from Page 1)

money for construction of Granite City's secondary sewage treatment program on the Army Installation grounds. The new plant is scheduled for completion by late November or early December.

The discontinuance of fund grants was said by EPA to be due to the lack of a "replacement" fund in the financial structure of the sewage treatment program, and because of terms of the city's lease agreement with the Army Installation, on whose grounds the plant is located.

Schuler said the new fee schedule will add \$100,000 to the present "depreciation" factor in the treatment program. He explained that a depreciation account amounting to \$243,000 was provided in the original treatment program. The demand by EPA that the program also include "replacement" funds, and the provision to do so in the new rate schedule, will bring the total depreciation and replacement funds to \$343,000 per year.

Because of the EPA fund cutoff, the city last month was required to borrow \$115,000 from its working cash fund to pay the monthly construction bill to G. L. Tarlton Co., St. Louis contractors who are building the new secondary treatment plant.

Monday night the council approved claims that included the October construction bill to the Tarlton company in the amount of \$201,877, but there are no funds immediately available to pay the bill.

Schuler told council members that the new rate schedule is expected to be approved by the EPA soon and that grant allocations will be renewed. He said representatives of the Indianapolis accounting firm that prepared the new schedule told him that out of 28 such schedules filed with EPA, 27 of them had been approved.

Efforts also are being made to resolve differences over the lease agreement between the city and the Army Installation. Under the original agreement permitting construction of the treatment plant on the Army base, the Army installation was to receive free sewage treatment service at the secondary plant.

Schuler said EPA informed city officials that any agreement in which free service is offered is in violation of EPA regulations.

Council members also placed on first reading Monday night an ordinance that would permit Granite City Steel to install railroad tracks at the intersection of 20th Street and Omaha Street where steel company tracks cross 20th Street.

Under the ordinance, Granite City Steel would pay all costs of the installation and would maintain the gates and flasher signals.

**Arboretum**  
(Continued from Page 1)

experience that would be carried over from year to year; as an effort to encourage environmental awareness, and as a means of beautifying the campus areas.

In other business, the board approved changing parent-teacher conference dates from four half-day sessions to two full-day sessions.

State law previously allowed only half-day sessions for the conferences and stipulated that classes must be held the other half of the day.

Due to the costs incurred in transportation, food services and other services necessary for a half-day of school, school districts, including the Granite City district, have been urged passage of House Bill 515, which allows two full days, rather than four half-days, for parent-teacher conferences.

The board was informed Tuesday night that Gov. Dan Walker has signed the bill into law, allowing the change.

The board voted to change the October calendar to have half-day conferences Oct. 29 and March 24. The calendar previously had half-day sessions Oct. 28 and 29 and March 23 and 24.

A policy for special purchases of items to replace lost, stolen or damaged items also was approved by the board. The policy provides that the administration may request prices by mail from prospective suppliers, rather than bidding, if the replacement is immediately necessary and the purchase will not exceed \$2,000.

For immediate replacements, the previous policy governing emergency purchases shall apply, the board agreed.

The board considered a proposal from Bethel Evangelical Church, which was offering for sale property it vacated just west of Stallings School at 4387 Highway 162.

The church has vacated that property and moved to 2450 Stratford Lane. Since it adjointed the Stallings School property, the church's board of trustees felt it should be offered to the school district before being placed on the open market.

Noting that there were no plans for construction or expansion in that area, the board declined the offer and requested Superintendent of Schools B. J. Davis to send the trustee a letter, thanking them for their courtesy in offering the property for sale to the district first.

## Why campaigns are often so costly

By L. S. CLEMENS

ELGIN — Ever wonder why political campaigns cost what they do?

One clue is in a telephone call I received from one of Chicago's better known public relations firms. ("Better known" when used in reference to public relations firms is a euphemism for expensive.)

The excited voice on the other end asked me if reporters and photographers from newspapers were going to be present at a coal mine near St. Louis to witness the beginning of Richard H. Cooper's "working" campaign for governor.

I told the voice we weren't planning to send our troops in that direction.

"If it's a question of transportation," he responded, "we'll provide that."

I declined that offer, too, then tried to explain to the caller that my newspaper, nor any other that I know of, has the staff — or budget — to send its people all over the state to chase down candidates who drum up such stunts as a "work" campaign.

"If your man ever shows up here to lay a brick or two, we may send someone to record the event," I told him.

The voice took a bit of an edge when it explained that it was aware of the way newspapers operated, which made me feel sorry for its owner.

It's tough to work for a fool in any circumstance, but it is particularly rough when you recognize the extent of his foolishness.

The only question here is whether the candidates who file Cooper or the public relations firm pushing this stunt.

Cooper, whose publicity proclaims him to be a "self-

made multi-millionaire," plans to travel around the state accepting various jobs through which he proposes to learn all about how to handle the task of governing the state.

The first attempt, which was supposed to be work in a coal mine, ran afoul of a local weather and a wildcat strike. Naturally, he wasn't about to cross a picketline.

The "news" release about this particular stunt was accompanied by a photograph showing the candidate selling softdrinks or ice cream. (I'm not sure which because I saw it only briefly as it sailed toward my wastebasket.)

The picture was provided by the public relations firm. If it is Cooper's desire to work, then let him. There is no reason why reporters and photographers should disrupt the work station upon which he descends.

Let them stay at home so Cooper really can gain some understanding of what puts callouses on the hands of his fellow workers.

It's too bad, really, that Cooper has opted for stunt-manship rather than statesmanship in his bid for governor.

Right now he is the only announced opposition to James Thompson, king-sized U.S. prosecutor who calls Chicago his home.

The voice took a bit of an edge when it explained that it was aware of the way newspapers operated, which made me feel sorry for its owner.

It's tough to work for a fool in any circumstance, but it is particularly rough when you recognize the extent of his foolishness.

The only question here is whether the candidates who file Cooper or the public relations firm pushing this stunt.

Cooper, whose publicity proclaims him to be a "self-

## Airman is charged with kidnap, rape

A 30-year-old air traffic controller stationed at Scott Air Force Base, Tech Sgt. Clarence Garrison, was charged yesterday by Granite City police with kidnapping, aggravated kidnapping and rape.

Garrison appeared in court in Granite City yesterday and his bond was set at a total of \$85,000. He was taken to the Madison County Jail at Edwardsville in lieu of posting bond.

Police said Garrison's arrest was the result of a lengthy investigation started Aug. 18.

He was arrested early Monday on a report by a girl, age 14, and a woman, 26, that a man in an orange Volkswagen had offered them a ride and later had displayed a blank pistol and a knife, forcing them to go with him to a mobile home in State Park Place where they escaped.

St. Clair County sheriff's deputies brought Garrison and the girl and woman back to Granite City for investigation.

Due to several uncertainties aspects of the allegations, Garrison was not charged in that case.

Police then began questioning Garrison about recent rapes, including several since February committed by a man in uniform.

The questioning allegedly yielded information which caused police to charge Garrison with abductions May 3 and May 14 in Granite City.

At a lineup yesterday, five victims of abductions or rapes were asked to view several

men. Four of the victims identified Garrison.

Garrison, a 13-year Air Force veteran who maintains his home at the Mounds Mobile Home Park, 8040 Collinsville Road, State Park Place, was charged with picking up three local girls at gunpoint near Johnson Road and Carlson Avenue May 3. One was later let out and two were driven to the Terminal Avenue by the railroad tracks, where a 13-year-old girl was raped while the other girl was forced to watch, it was alleged.

He also is charged with forcing a 15-year-old Granite City girl into his auto in the 3700 block of Wahash Avenue May 14, taping her eyes closed and driving her to a mobile home where she was raped, according to the allegations.

The car used in both cases was believed to be a brown auto with a light vinyl top and a beige interior.

Several victims of rapes and attempted rapes between February and April of this year described a man in a uniform, possibly that of a policeman, driving a brown car.

The investigation by Granite City police allegedly has revealed that Garrison traded a brown car for an orange Volkswagen. Authorities have located the car he formerly owned.

Several recent incidents involving an orange auto are being checked by police.

Garrison's bond includes \$55,000 for kidnapping, \$55,000 for aggravated kidnapping and \$15,000 for rape. He was taken to the county jail at 3 a.m. today.

## Flu virus might hit in winter

SPRINGFIELD — A new influenza strain, designated "A-Scotland," may invade the United States this winter, the Illinois public health department has warned.

The specific strain, identified elsewhere, has not yet been pinpointed in the U.S., according to Dr. Byron J. Francis, head of the communicable diseases section in the public health department.

Type A-Scotland is similar to the A-Port Chalmers strain which appeared in this country last winter, but in far fewer cases than had been anticipated, Dr. Francis said.

The possibility therefore remains, he said, that the A-Port Chalmers strain could reappear this year, and the new A-Scotland strain could also make an appearance, offering more chances for infection.

The public health department's monthly report shows that it is the type A viruses, like the Scotland and Port Chalmers, which cause epidemics often resulting in deaths in excess of the numbers normally expected. The type B influenza viruses rarely produce epidemic conditions with high mortalities.

The Hong Kong influenza which struck the U.S. severely several years ago and reappears locally from time to time is a B type influenza virus.

Deaths from any of the influenza viruses are limited almost entirely to the chronically ill and the elderly, particularly those over 65.

The public health department recommends that persons in the "high risk" grouping should be vaccinated annually against influenza, regardless of the volume anticipated in any geographic area. Public health authorities

fering more chances for infection.

The public health department's monthly report shows that it is the type A viruses, like the Scotland and Port Chalmers, which cause epidemics often resulting in deaths in excess of the numbers normally expected. The type B influenza viruses rarely produce epidemic conditions with high mortalities.

The Hong Kong influenza which struck the U.S. severely several years ago and reappears locally from time to time is a B type influenza virus.

Deaths from any of the influenza viruses are limited almost entirely to the chronically ill and the elderly, particularly those over 65.

The public health department recommends that persons in the "high risk" grouping should be vaccinated annually against influenza, regardless of the volume anticipated in any geographic area. Public health authorities

have noted that despite regular urgings to get vaccinations early enough for them to be effective, only 10 to 15 percent of the "high risk" population is vaccinated each year.

Since protection is of variable effectiveness and the antibodies produced are short-lived with available influenza vaccines, health officials do not recommend across-the-board immunization efforts for the entire population.

Those in the high risk category include, in addition to the elderly, heart disease patients; those with chronic bronchopulmonary diseases such as asthma; chronic bronchitis; bronchiectasis; tuberculosis and emphysema; those with chronic renal disease or patients with diabetes mellitus and other chronic metabolic disorders.

Pregnancy, in itself, neither calls for nor forbids vaccination, the public health department notes.

## Illinois assembly in critical state

By RICHARD CRABB

CHICAGO — The Illinois General Assembly is in a state of crisis.

The problems are not all of its own making by any means, but the General Assembly is the place where the problems become visible, and it is to the Legislature that citizens naturally look for solutions.

The inability of the Legislature to cope with its present problems shows up in many ways, none more critical than in the handling of the state's finances.

This chaotic nature was revealed for everyone to see when in the last few days of this year's regular session Gov. Dan Walker pleaded with the Legislature to cut his proposed budget by at least six per cent.

This was public notice of what some members of the Legislature and state officials had been predicting for months.

Unless the present trend is changed, Illinois can face within a year or two these hard choices: (1) an empty state treasury, (2) a further reduction in spending or (3) an increase in one of the two basic state revenue sources, the state sales tax or the state income tax.

The crisis has been in the making for 10 years or more. Gov. Richard Ogilvie and the legislature banked its flames five years ago by instituting for the first time in Illinois a state income tax.

That advantage largely has been exhausted and the problem that Ogilvie faced is returning.

Secretary of State Michael J. Howlett called attention to excessive state spending.

"Costs of Illinois government are at an all-time high," he noted. "They have been rising faster than the cost of living, faster than the federal government costs and faster than the costs of state government generally in the United States."

Howlett, an experienced state official, linked the rise in state costs to increase in the working time of the Illinois Legislature mandated in the 1970 State Constitution.

The 1970 Constitution provided for annual preparation of state budgets, which previously had been prepared for two-year periods, to correspond with terms for members of the Illinois House.

Illinois expenditures have risen sharply since the Gen-

eral Assembly began approving budgets annually.

When this practice started the state was spending less than four billion annually. Now expenditures are approaching \$15 billion.

"From the 1959-1961 biennium to the 1973-1975 biennium, appropriations to the general fund, the housekeeping fund of Illinois government, rose \$39 per cent from less than one and one-half billion dollars to more than nine billion," Howlett reported.

"From 1960 to 1974, roughly the same period, the national inflation, measured by the Consumers Price Index, was 66 per cent. Operating costs of Illinois government rose more than eight times as fast as the general inflation."

"Illinois state government spending has risen much faster than federal spending. While our Illinois total appropriations for all purposes went up 457 per cent in the eight biennia just ended, budgeted outlays of the federal government rose 206 per cent."

"The big jump has occurred since we switched to annual appropriations," said Howlett. "With annual sessions, our general fund appropriations have more than doubled. They have risen 149 per cent in the last three biennia. Meanwhile the national inflation in consumer prices was 34 per cent from 1969 to 1974. In the fiscal year ended June 30, 1975, we spent \$613 million more from the general fund than in the year before. We spent \$138 million more than the fund took in," Howlett revealed.

### Installed in Massachusetts

Wayne E. Markham, Springfield, Mass., a native of Granite City, has been installed as the whipsaw master of the Esoteric Lodge of Masons in Springfield, Mass.

Markham was born and reared in Granite City and moved away about 20 years ago.

### FIRE HYDRANT STOLEN

A fire hydrant was knocked down by a hit and run driver in the 1700 block of Kennedy Drive on Tuesday was reported as stolen the next day. The hydrant is valued at \$400 and is the property of the East St. Louis and Interurban Water company.

### Tennis girls lose at Alton

The GCHS North girls' tennis team bowed 6-1 yesterday at Alton. A Jayvee meet saw the Steelerettes lose 2-1.

Lee Ann Kaimator and Cindy Campbell teamed in doubles to defeat Alton's Betsy Kreid and Sally Godfrey 6-2, 6-3.

Other meet results were: Singles — Joy Pierson 3-6, 2-6 to Alton's Mary Schleper; Tina Taylor 1-6, 1-6 to Alton's Jane Clark; Sue Hommett 3-6, 6-7 to Alton's Tracy Srobb; and Margie Cooke 4-6, 4-6 to Alton's Barb Beerd.

Doubles — Jan Rose-Patti Melzer 6-3, 5-7, 3-6 to Alton's Nancy Lucke-Nancy Murray, and Kim Turner-Margie Verschyl by forfeit.

Crystal Andrews and Mary Bequette earned the Jayvee squad's only point, defeating their foes 6-1, 4-6, 6-3, in doubles. Jane Marshall and Sarah Gabarger lost, the doubles match 2-6, 5-7 and Carol Lewey bowed 2-6, 2-6 in singles competition.

### Loot vehicles

Two vehicles parked on the Rico's II Lounge parking lot, 3675 rear Nantuxi Road, were broken into and looted, police were told at 1:10 a.m. today.

Mark Harris, Florissant, Mo., said the right rear window of his car was broken and a \$130 citizens' band radio was taken. Tony Cafazza, Florissant, said a rear door window of his van was broken and his wallet, \$25 cash, seven tape recordings and a \$125 citizens' band radio were stolen.

### SUSPECT ARRESTED

A 12-year-old Venice youth was arrested at 8 p.m. Wednesday and will be charged with burglary of the home of Mrs. Catherine Hildebrand, 448 Lincoln St., Venice. The burglary occurred during the weekend.

### TAKE SILVER SET

A full set of silverware, imported from France, was stolen from the home of Mrs. Leone Pottelich, 1640 Cleveland Blvd., it was reported Monday. A screen in a door was cut, but the door remained locked. It was not known how entry was gained.

### BREAK 8 WINDOWS

Officials of Grigsby Junior High School on Cargill Road noticed about 8 p.m. Sunday that eight plate glass doors were broken and been broken with rocks. Six were on the south side and two on the north side. Custodians were called in to board up the broken glass.

**EIGHT-LEGGED CREATURE?** This unusual combination of offensive and defensive players was captured by the camera during the GCHS South, 1975 home-

coming football game. Edwardsville players in white uniforms are Jeff Hornberger (35) and Greg Barton (20). Two Warriors also are in this quartet of athletes.

(Press-Record Photo)

## Park gymnastics series will start

Tumbling and gymnastics classes for beginners through advanced students in Grades 1 to 12 will begin next week at the Nameoki Recreation Center, Ames and Franklin avenues.

Beginner and intermediate classes will take place Monday and Thursday, with advanced students and adults attending sessions on Wednesday evening.

The schedule for the different levels is:

Monday and Thursday —

beginners, 5 to 6 p.m.; ad-

vanced beginners, 6 to 7 p.m.; intermediates, 7 to 8 p.m.; and advanced intermediates, 8 to 9 p.m.

Wednesday — adults only, 6 to 7 p.m.; and advanced classes, 7 to 9 p.m.

Participation is limited to 75 persons per class in the Grades 1 through 12 sessions, and 30 per class in the adult segment.

### Cross-country

FRIDAY, Oct. 10

GCHS North at Waterloo invitational 4 p.m.

GCHS North (F&S) at Alton invitational 4 p.m.

MONDAY, Oct. 13

O'Fallon and Assumption at GCHS South 4 p.m.

### Special skating session Monday

A special ice skating session is planned from 1 p.m. to 3 p.m. Monday at Wilcox Park rink, it was announced today by Harold Brown, Granite City Park District superintendent.

The first extra session of the new skating season, Monday's event is scheduled due to classes being dismissed for the Columbus Day holiday.

Regular admission prices of 50 cents for those with a park ID card and \$1 for those without cards will be charged. Park identification cards may be obtained from 7 to 9 o'clock tonight at the Wilson Park rink.

### School Soccer

TODAY, Oct. 9

GCHS North at Cahokia 4 p.m.

Francis Parker of Chicago at GCHS South 9:30 a.m.

Jacksonville at GCHS South 1 p.m.

GCHS North at Quincy 1 p.m.

### Golf wins by 2 Belleville teams

GCHS South's golfing Warriors have a 2-1 record after being defeated twice. South lost 150-175 Monday to Belleville East at Clinton Hills Golf Course, and bowed 156-179 Tuesday to Belleville Althoff here at the Arlington Heights Golf Course.

Lancer Guy Phillips was medalist Monday with a one-under-par 34, and Crusader Mark Polites led his squad with a one-over-par 37 Tuesday.

Against East, Warrior Kevin Worster took 39 strokes to complete nine holes. Jim Cedor scored 44 and Jay Fedora and Ben Brown each shot a 44. Worster and Herman Schroeder 46.

OPEN PLAY AFTER  
NINE DAILY  
TRI-MOR BOWL

**THE BEST-LAID PLANS** of men often go awry, it has been said. Superior offensive blocking by such GCHS South football players as Fullback Frank Barunica (28) and Halfback Alan Benko (26) enabled

Quarterback Bryan Bunjan (12) to loft this pass toward a potential receiver. But Dennis Braundmeier of the visiting Edwardsville team intercepted.

(Press-Record Photo)

## How good are the Cougar kickers?

How good is the 1975 edition of the Southern Illinois University at Edwardsville soccer team? Coach Bob Guelker's SUE kickers, romping during the weekend over the University of Illinois, Chicago Circle, 2-1, and then the University of California at Los Angeles Bruins 4-0, are currently on a five-game winning streak and are 6-1 for the season.

The Cougars' only loss, 2-1 to No. 1 nationally ranked Clemson University, came on the road in South Carolina and was played with three key SUE players — Greg Villa, Mike Smallwood and Tom Henson — injured and at less than 50 percent of their potential.

While SUE was demolishing UCLA early this week, the St. Louis University Bulls, a 2-0 winner over the Bruins Friday night, traveled to Clemson and became a 2-1 victim of the Tigers.

Last week, the Cougars were ranked No. 6 in the nation, but the question of just how good the current SUE soccer team is will get a partial answer, at least, this weekend when it takes part in the fourth annual Illinois Universities Soccer Tournament. It will be held this year at Western Illinois University, Macomb.

SUE will meet Eastern Illinois U's Panthers Friday at 1 p.m. contest, while the host school plays Northern at 3 p.m. The two losers meet at 1 p.m. Saturday, and the winners tangle at 3 p.m.

The tournament was won by Eastern last year. The Cougars took the crown at Eastern two years ago.

In the victory over UCLA, the Cougars' attack was devastating; they outshot the Bruins, 50 to 14, as they laid down a barrage of shots on goal. It was an evenly spaced attack, too, as Guelker's charges hit 25 in each half.

It looked as if it were going to be a nail-biter, too, as UCLA held off the furious challenges of the Cougars for 25 minutes — until Mark Moran, SUE's Mr. Clutch, scored on an assist from Greg Makowski.

From that point on, the rout was on as John (The Toe) Stremela put on a demonstration of skill mind-boggling in its beauty. At 59-11, Stremela made it 2-0 SUE on assist from Tim Twelman.

Then at 74-42, with an assist pass from Greg Villa, Stremela put the game way out of danger. With less than four minutes remaining in the game, Stremela set up the contest's final goal with a feed pass to sub forward Pat Horne at 86-13.

Villa's assist brought the

near-capacity crowd to its feet cheering. Prior to that, his efforts appeared to be an exercise in futility as he blasted 14 shots on goal to no avail.

Two of those efforts were heartbreakingly close, one in particular curving just at the keeper's right upright goal post.

Moran's goal was a sizzler; in fact, it would be hard to decide which was faster, his goal or Greg Makowski's second and winning goal the previous day against Circle.

Makowski's blistering-fast goal was set up on an indirect penalty kick in front of the goal. Stremela approached the ball as if to take the kick, but gently nudged it in his right for Makowski's blast.

Moran scored SUE's first goal against Circle. His single goals each day give him the sub-sectional level Oct. 28-29 and Nov. 1.

GCHS North and GCHS South will each host sub-sectional competition, with victors of both sub-sectionals meeting for the sectional title at GCHS North.

Competing at the GCHS South sub-sectional will be: Cahokia, Assumption, South High, Gibault of Waterloo and Highland.

Competing at the GCHS North sub-sectional will be: Alton, Collinsville, North High and St. Paul of Highland.

From that point on, the rout was on as John (The Toe) Stremela put on a demonstration of skill mind-boggling in its beauty. At 59-11, Stremela made it 2-0 SUE on assist from Tim Twelman.

Then at 74-42, with an assist pass from Greg Villa, Stremela put the game way out of danger.

### Bus for South road game

The GCHS South Warrior Booster Club will sponsor a bus tomorrow to provide transportation to football fans wishing to view the South High game at Collinsville.

The cost is \$1 per person, and the bus will depart from the parking lot in front of the gymnasium at South High at 7 p.m. Game time is 8:30 p.m.

Participating schools in the sub-sectional at GCHS North will be: Alton, Collinsville, North High and St. Paul of Highland.

Competing at the GCHS South sub-sectional will be: Cahokia, Assumption, South High, Gibault of Waterloo and Highland.

Brothers David and Mark Goldschmidt gave the soccer Warriors of GCHS South a one-two scoring punch Monday, defeating Assumption 3-0 at South High field.

Mark opened the scoring with a goal in the first quarter, assisted by Rick Fernandez.

Defensive efforts by both schools prevented either side from putting the ball into the net in the second period, and it was 15 minutes and 15 seconds into the third, 18-minute quarter that David Goldschmidt popped the ball into the corner of the

goal on a pass from David Mouton. With 30 seconds left in the contest, Mark took a through-pass from Fernandez, and powered the ball in from 19 yards out.

South High outplayed the East St. Louis team — 16-7 on shots and 6-1 on cornerkicks — and had the least fouls, 16-22.

Goalie Randy Lyster earned the shutout, stopping two Assumption shots from scoring. The opposing goalkeeper was credited with seven saves.

## Brother act helps defeat Assumption

Brothers David and Mark Goldschmidt gave the soccer Warriors of GCHS South a one-two scoring punch Monday, defeating Assumption 3-0 at South High field.

Mark opened the scoring with a goal in the first quarter, assisted by Rick Fernandez.

Defensive efforts by both schools prevented either side from putting the ball into the net in the second period, and it was 15 minutes and 15 seconds into the third, 18-minute quarter that David Goldschmidt popped the ball into the corner of the

goal on a pass from David Mouton. With 30 seconds left in the contest, Mark took a through-pass from Fernandez, and powered the ball in from 19 yards out.

## Warriors hoping to curb Kahok running

GCHS South's gridders travel to Collinsville tomorrow for an 8:30 p.m. contest at Kahok Field with thoughts of "stopping Collinsville's off-tackle runs and forcing Quarterback Tom Burg to take to the air," comments Warrior mentor Stan Wojcik.

If one aspect of consistency holds true to form tomorrow for both schools, South High could come out on top.

The Warriors in five outings have won every other contest. They lost to Edwardsville this past weekend and are 2-3 overall.

Collinsville also has won every other game. Nov. 2, the Kahoks won 16-0 over Alton last weekend. But they have yet to win at home.

The Kahoks opened the season with a 27-0 shutout over St. Louis' Roosevelt High, and lost 9-0 to GCHS North at home. Collinsville posted a 31-28 victory at East St. Louis, and returned home the following week for a 35-0 loss to Belleville West before winning at Alton.

"They have speed in Jerry Asmann," says Wojcik, "and to complicate things, Asmann has a good throwing arm to execute the halfback option pass."

In helping beat Alton, Asmann twice put TD's on the board with the option throw, and also got a safety on a blocked punt.

"What it comes down to, is that we'll have to stop their running game."

"When a team can pressure the quarterback properly," says Wojcik, "that forces him to throw in a hurry, and usually that will put the ball up for grabs."

The Warriors have been practicing their pressure defense this week as well as making improvements on their hitting.

"Our hitting wasn't up to par against Edwardsville," the coach said. "We've got four tacklers hit the ball carrier and he'd slide off the hits."

"Collinsville, from all in-

dications, is fumble prone if we can hit hard enough."

Recalling the Edwardsville contest, Wojcik said, "Our defense, thus far, has allowed opponents to run the field against us, but when it comes down to making a goal line stance, we really tighten up."

"But with a team like Collinsville, if they get close and can't get across the goal, they have a good field goal kicker who can put the ball through from 20 or so yards out."

Noting that the Kahok secondary has been altered somewhat by use of two sophomores — Rick George and Joe Camillo for injured Seniors Randy Wilke and Kevin Steible, Wojcik remarked, "Just because they are sophomores doesn't mean they aren't tough, players 'age fast' with each game."

Utilizing a split-six defensive line, the Kahoks must contend with the versatility of South Quarterback Bryan Bunjan.

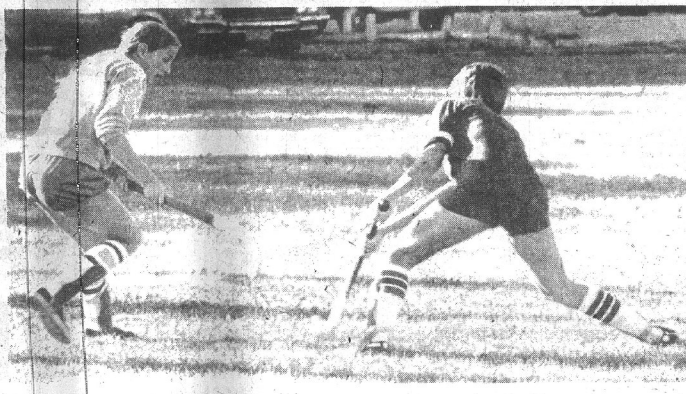

Bunjan received full-time signal-calling duties when Keith Champion suffered season-sidelining injuries in South's second game of the year.

Wojcik called upon Mike Friesen as a stand-in if a replacement should become necessary.

But this week, during practice, Friesen received a chipped bone to his index finger and probably will be out of action for the next two weeks, leaving South vulnerable if Bunjan is hurt.

"We are nearing the end of the roster on quarterbacks," notes Assistant Coach Lynn Lybarger. "Although I haven't confirmed it with Coach Wojcik yet, more than likely we would go with Freshman Jeff Parker if the need arises."

Parker saw action for the first time this season against Edwardsville in a sophomore game Tuesday. He guided South to two TD's on ground plays, and three to Cliff Moran for a two-point conversion pass as the Tigers won 30-14.

POWER STRUGGLE between Steelerette Marcy Bunch, left, and Warriorette Paula Werth during season-opening field hockey contest.

COLORFUL UNIFORMS and colorful play were part of season-opening girls' field hockey play between GCHS North and South. Warriorette Goalkeeper Mary Livingston; far right background, awaits result of a scramble for the small leather ball in the foreground. Steelerette players identified are Laura McKee, left foreground; Kim Shaw, ponytail hair, and Linda King, facing Kim Shaw.

opening field hockey contest. Marcy Bunch scored later for North but the Steelerettes bowed, 3-1.

## Pioneers here for Steeler grid test

Football's wishbone offense "is the most potent formation in the sport today," believes GCHS North's Tom Wyrstek.

"A team has to defend against a triple-option — fullback run, quarterback keep, and halfback pitchout, and that's not even considering the pass."

"If you don't stop all three, you're in trouble."

Wyrstek's Steelers will test their defense against the wishbone tomorrow at Granite City Stadium in an 8 p.m. fall festival (homecoming) contest against the Pioneers of Assumption of East St. Louis.

Assumption trails North High in actual game experience this season, having played three games. The Pioneers lost 24-0 to big Belleville West, defeated St. Louis Rosary 6-3 and lost 21-0 Sept. 27 to Belleville Althoff.

"I watched the latter contest," says Wyrstek, "and Assumption hung in there well against Althoff. But costly mistakes such as fumbles and missed assignments hampered its efforts."

North's grid mentor believes the two weeks that Assumption has had to correct those miscues and prepare for tomorrow's game is in the Pioneers' favor.

"We played this past Saturday, and watched films of that game on Monday, leaving us with only three days of practice to attempt to perfect our defense."

With the absence of since graduated Jerome Heavens, who now plays with Notre Dame, Assumption mentor Jim Wosken has divided the Pioneer running game responsibility between Seniors Roger Hale and Earl McKinney.

He has assigned Mike Vrabec to execute the plays. Running Back Oscar Jackson rounds out the backfield.

"We'll have to contain Vrabec," says Wyrstek. "He's a fine athlete with quickness and he's capable of releasing the long pass."

"Our tackle has to stop their fullback, our end has to stop Vrabec, our outside back has to handle the pitchout, and our halfback will have to stay with the end and prevent him from breaking downfield where Vrabec can get a pass to him."

"If any one of the defensive measures break down, it will upset the entire continuity of our effort."

On the other hand, Assumption may have its hands full in attempting to curb the Steeler passing and ground game which thus far have given North High four victories against one loss.

"As long as we have a quarterback and receivers that we have confidence in, that will be our game plan."

Wyrstek's confidence in Quarterback Greg Corey and receivers including Larry Schleicher and David Kwiatkowski seems justified. The Steelers are this region's leading passing team with 646 yards in five outings.

Schleicher, a 6-0, 165-pound tri-captain, has been the recipient of 15 Corey aeriels for 225 yards. Kwiatkowski, a 6-3, 175-pound tri-captain, has pulled in 14 passes for 189 yards.

We also have a good running attack in Bruce Jateff and John Nolan," notes Wyrstek.

Jateff, a 6-0, 185-pound junior, has carried 14 times for 181 yards and a touchdown. Nolan, a 6-0, 190-pound senior, has carried 14 times for 146 yards and a TD.

Overall, the Steelers have earned 715 yards on the ground. "In last two games," says Wyrstek, "we have gained 330 yards; we scored 20 points in one game and 27 in the last outing. And our defense has held the opposition under that, with the big factor being forced turnovers."

North's defense has forced 18 enemy turnovers thus far, half of that amount on pass interference. Schleicher leads with four interceptions.

Alton wins by 14

Playing here at Arlington Heights Golf Course, on a par 36 section, Redbird Perry Kan- won a three-over-par 39 in leading Alton to a 167-181 victory over host GCHS South.

Alton's junior varsity squad lost by one stroke, 198-199, to the jayvee Warriors.

In varsity competition, Kevin Wester shot 43, Al Collins 44 and Jay Fedora and Ben Brown 47 each.

Ken Pineda headed the junior varsity effort with 46. Will Connolly had 47, Drew Schultz 52 and Herman Schroeder 53.

GIRLS' FIELD HOCKEY competition for the season has begun, with GCHS North playing GCHS South at the South High field. Linda King of North, left, stands ready to take defensive measures against South's Pam Meszaros. South won the contest, 3-1.

## South girls blank Roxana

GCHS South girls' field hockey team split back-to-back contests this week, losing 2-1 Monday at home to Edwardsville in a tie-breaker, and winning 4-0 Tuesday at Roxana.

Winning for GCHS South were: Robin Deterding 6-2, 6-3; Lori Doherty 6-4, 6-6; Melody Roseman 6-1, 7-5; and Tammie Dewey 6-2, 6-1.

Doubles results were: Theresa Hayes and Christi Bauer 6-3, 6-4; Mary Hutchings and Jane Matthesian 3-6, 2-6; and Linda Vaughn and Carla Svoboda 6-4, 2-6, 3-6.

In Monday's contest, both schools played a scoreless first half of 35-minute duration. In the second half, Edna Helrich scored before Edwardsville deadlocked it at 1-1, forcing the contest to be decided on penalty shots.

Five players from each school were selected to attempt to put the small leather ball into the net from seven yards away during the defending goalkeeper, in alternate turns, with the first player to score deciding the game.

Pam Meszaros performed a "hat trick," scoring three goals in the first half of play against Roxana. Ellen Zeleznik added the final goal in the second half.

## Golf win, loss

GCHS North golfers yesterday competed in both a varsity and jayvee meet at O'Fallon, with the varsity losing 175-179 and the jayvee winning 195-211.

Gary Eaker headed the varsity squad's game with 41 strokes. Bob Harper had 45, Bob Follmer 46 and Dan Harper 47.

Two junior varsity players had identical scores of 47, Doug Kraus and Mike Cella. Terry Page had 48 and Jack Dempsey 53.

## School Soccer

TUESDAY, Oct. 7

TRY A CLASSIFIED AD

## Trojans will visit strong Dupo eleven

Madison High School's football Trojans will venture to Dupo at 7:30 p.m. tomorrow in an attempt to hand the Tigers their second straight loss.

Dupo enters the game of a 33-16 loss this past weekend to Orchard Farms after having swept its first four games of the season — 14-7 over Cairo, 27-6 over Sesser, 12-0 over Eureka and 33-21 over Affton.

Madison, now 2-3, will pit the throwing arm of Quarterback Mike Woods against the passing and running game of Dupo's Devayne Goley.

Woods, in five games, has completed 20 passes in 69 attempts for a total gain of 402 yards, hitting Senior Dalfred Haynes with three aeriels for 152 yards and one touchdown.

Adding to the Trojan's scoring potential is Freshman James Heard, at 170 pounds, who has already had a taste of victory over Dupo in a junior varsity contest.

In that game, won by MHS 22-0, Heard garnered two touchdowns on runs of 44 and 22 yards, and also provided a two-point conversion run.

Heard has competed in varsity contests only once this season, carrying the ball twice for 58 yards and taking a 34-yard pass from Woods into the end zone during Madison's 28-6 win over Columbia.

Madison has nearly equaled or surpassed its five opponents as follows: first downs 42 for MHS to 47, yards rushing 823-677, yards passing 402-500, and tackles 268-219.

Heading the Trojan rushing is Senior Dwight Chillers with 259 yards on 51 carries. Woods is second in yards gained with 211 on 26 carries. Both have tallied three touchdowns.

Coming out of the backfield for Dupo is Gerry Johnson, at 189 pounds, who runs the 100-yard dash in 10.3 seconds and against Affton carried 17 times for 125 yards.

Another Tiger, Bill Reel, scored two TD's in the win over Affton with a 43-yard run and a 52-yard TD pass from Goley. Reel racked up 240 yards on 22 carries and averaged 10.9 yards per carry in the game.

A member of the new Quad-City Conference, Dupo had a 5-3 record last year.

With a strong defense headed by Terry Aldridge, who has had five pass interceptions thus far, Dupo's football program has become much more productive.

In the loss last weekend to Orchard Farms, Aldridge intercepted an aerial and ran it back 65 yards for a TD and then dashed into the end zone for an added two points.

Madison has allowed 12 TDs in five contests but Dalfred Haynes, Bob Stern, Cedric Haynes, and Chris Horton all have impressive statistics in tackling enemy players.

## District golf meet

GCHS North and South will join 14 other area high schools in a district golf competition tomorrow, beginning at 8 a.m., at Belk Park Golf Course, Wood River.

Competing also in the 18-hole, par-72 meet will be Alton, Bethalto, Cahokia, Collinsville, Assumption, East St. Louis, Lincoln, East St. Louis Senior High, Edwardsville, Highland, Wilmar, Jerseyville, O'Fallon, host Roxana, and Wood River.

The top three scoring teams and the top three individuals who are not members of qualifying teams will advance from the districts to a sectional to be held at Springfield Griffin on Oct. 17-18.

Sectional entries will attempt to earn their way into the South (Illinois High School Association state final tournament the weekend of Oct. 24-25 on the University of Illinois, Orange and Blue Courses at Savoy, Ill.

Last year, since graduated Warrior Don Gresco took individual district championship honors with a four-over-par 76, and Steeler Tim Behrens had a 79.

Behrens' score combined with other GCHS North team members for a total of 349, good for a 15th-place tie with Roxana.

Sectional competition last year was played at the Arlington Heights Golf Course, with South taking eighth on a combined player total of 342 strokes.

Belleville East posted 310 strokes (six sectional honors, a four-stroke victory over Edwardsville and Belleville Althoff).

GCHS North and South enter district competition with 2-12 records. Steeler Bob Harper has posted the low score of the season for nine holes thus far, a 39, and Gary Eaker has had a 40. Warriors Kevin Worster and Jay Fedora each have scored 39.

GCHS North has defeated two of the participating schools in dual meets — GCHS South and Highland — while South High has defeated Cahokia in a regular season meet.

## Diverse nationalities find advice, friends

Adjusting to a foreign culture is viewed as a difficult as well as exciting experience. But for new "foreign" students at Southern Illinois University at Edwardsville, that experience is made easier.

About two years ago, six foreign students formed the International Student Council to help others adapt more readily to their new environment.

Promises of better education and better living bring many of the foreign students to the United States, says Kaykhorov Javizian, a council member and graduate student from Iran.

But when they arrive, they have many problems to overcome at once. "We try first to give them the basics," Javizian

explains. During an open house held on the SIUE campus, new students listened while others who have been in this country for several years gave them tips on budgeting, banking, purchasing goods, food, transportation and housing.

"Housing is the one outstanding problem," Javizian said. The council, together with the International Hospitality Program, a civic volunteer group, tries to provide a host for each foreign student who requests it.

The council also assists in finding the student a place of his own. But until one is found, many foreign students stay with their hosts, according to Javizian.

The relationship between the student and host is mutually educational. Each has an opportunity to learn about a different culture, said Javizian. But more importantly, the host is a friend, he added.

Foreign students adapt well, but they do not become Americanized, according to Membere Surasie, a graduate student from Ethiopia.

They grow as individuals and change within, but they retain their cultural beliefs; also, a language barrier keeps many from being as socially active as they could, he said.

The council encourages the students to communicate by presenting a "nationality

night" every Friday at the Tosovsky Center on the SIUE campus.

"The event is a chance to exchange ideas and increase intercultural relationships," Javizian noted.

The sessions, which begin at 7:30 p.m. are free and are open to everyone. There are about 200 foreign students enrolled at the university, representing about 40 countries.

Programs for each "nationality night" are usually centered around a particular culture. Anyone who is acquainted with a foreign culture is welcome to come and share his knowledge, Javizian said.

## Boys steal purse, \$120

Police are seeking two boys who grabbed the purse of Mildred Prewett, 2227 E. 23th St., as she was trying to get into the front door of her home at 8:45 p.m. Monday, police were told.

Mrs. Prewett said while she was at her front door, attempting to get it open, two boys jumped from behind nearby garbage cans, grabbed her purse and fled between some houses, jumping over fences.

Police stopped one youth nearby and questioned him, but released him when the victim was unable to recognize him.

Mrs. Prewett's purse was found at the rear of a home in the 2800 block of Palmer Avenue, but her wallet and about \$120 cash had been stolen.

## News notes

The House last night approved sending 300 civilian volunteers to operate early-warning defense systems in the United Nations buffer zone in the Sinai desert.

Gov. Dan Walker is to appear at the Loeis Village Shopping Center, East St. Louis, at 10 a.m. Tuesday to meet with members of the Southwestern Illinois Area Agency on Aging. Mrs. Elma Hoover, an agency board member, and Mrs. Vina Law, both of Granite City, will participate. The public has been invited to attend the event.

A veto of a \$275 billion extension of federal school lunch and child nutrition programs was overridden Tuesday by the House 397-18 and Senate 79-13.

President Gerald Ford on Tuesday assailed Congressional critics of his proposal Monday night to couple a \$28 billion tax cut with a \$395 billion federal spending ceiling.

A special government investigation team in Chicago this week uncovered an alleged scheme involving as much as \$300,000 in payoffs to assure success in state bar examination. Some prospective barbers are said to have paid between \$100 and \$1,000.

Area police are opposed to a state appellate court ruling in Elgin that the state court rule for three aged 16-and-under is unconstitutional.

The first statewide convention of the Illinois Women's Political Caucus is set for tomorrow through Sunday at Macomb. There is a "women's house" in the House, and in the Senate, and in the Courts and in the City Council.

**BUILDING DAMAGED.** Madison firemen were called at 4 a.m. today and again at 6:20 a.m. to fight a fire in a building at 327 Madison Ave., Madison. The building, which has apartments on the second floor and

## Woman cut

Granite City police and Madison County sheriff's deputies were called to the 4000 block of Old Alton Road at 4 p.m. yesterday after a caller said there was a woman "bleeding to death."

Police were unable to find the woman, but did report finding large quantities of blood at the home and a suicide note. Witnesses said both her wrists were slashed. When checking, officers found that the woman had been taken by neighbors to St. Elizabeth Hospital where she was admitted.

## Madison building burns second time this year

Madison firemen were called out today twice, first at 4 a.m. and again at 6:20 a.m. to fight a fire in a building at 327 Madison Ave., Madison. The fire heavily damaged both the upstairs apartments and the restaurant located on the first floor.

According to Madison Fire Chief Eldon Rhoads, "We are not sure what started the fire;

however an arson investigation will be held as there is a heavy odor of what we believe is coal oil or gasoline in the building. "We think the fire started the first time around 4 a.m. in the restaurant and then rekindled on the second floor when we were called back at 6:20 a.m. "I can't really estimate the amount of damage until I check with the owner and find out what the contents of the building were," Rhoads said. When asked if the apartments were occupied Rhoads said,

## District residence of levee workers proposed

A resolution under which all employees of the East Side Levee and Sanitary District would be required to live within the district was presented to the board of trustees for passage in a meeting at East St. Louis Wednesday, but was tabled pending clarification of several sections of the bill.

The measure requires that all present employees either live within the district or move into

"We were of the opinion that no one was living there. However, we did find sleeping bags in one of the apartments. On Jan. 14 at 7:35 a.m. the Madison fire department fought a fire in a building at the same apartment section of the same building and were at the scene for two and one half hours. Cause of that fire was undetermined and damage was estimated at \$5,000. Only water damage was done to the restaurant area during the January fire.

In the district in order to retain their jobs. Levee district officials said about ten employees now live outside the district. If passed, the bill would affect Tom Farrell, an engineer on loan to the district by the U.S. Army Corps of Engineers. Farrell, who holds the title of chief district engineer, lives in St. Louis. The board approved a payroll of \$20,000 for the first half of this month.

## Illinois candidate for prison grant

**SPRINGFIELD** — Illinois is one of seven states under consideration for a \$3 million grant from the federal Law Enforcement Assistance Administration (LEAA) to develop new approaches to corrections industries.

A team of six examiners from the American Foundation and Econ, both management and research organizations, has visited Menard, Pontiac, Stateville and the Joliet prison along with state correctional facilities at Dwight and Sheridan. Corrections Director Allyn Self said Illinois recently has been inaugurating some innovative approaches toward correctional industries, along much the same lines as the pilot project to be undertaken by the LEAA. Other states under consideration are Washington, Georgia, Connecticut, Minnesota, Pennsylvania and Colorado.

In addition to visiting the actual sites where Illinois has various industrial operations in action, the investigators met with department fiscal authorities and administrators at various levels. "With the growing prison populations," Self said, "there is a need for more worthwhile assignments for residents, and a need to train residents for more worthwhile, realistic jobs on their release. And from the state's point of view, they should be able to turn out better products which could be sold at a profit. That would make sense."

The pilot project to be FIRE DAMAGES TRUCK. Fire, caused by an electrical short-circuit, caused about \$75 damage to the pickup truck of Pat Jones, 2011 Kirkpatrick Homes, in the 2100 block of Namek's Road at 2:45 p.m. Tuesday.

## \$684,000 nutrition grant to Quad-Cities

A \$684,000 grant through the Illinois Department of Public Health has been approved to aid women, infants and children in the Quad-Cities with a supplemental food program. Coordinated Youth Services will be the not-for-profit agency administering the program within the next few weeks, according to C. A.

Cities Area Chamber of Commerce.

Avery Schermer of the Chamber will hold a meeting of area grocery store operators about the program, as plans are formulated in an effort to begin the program within the next few weeks, according to C. A.

## Gas pump must show tax, too

By BARB MAVER

If you've been lured by a gasoline station billboard advertising one price per gallon, only to discover the pump price is considerably higher, take heart.

After Oct. 15, gasoline dealers in Illinois will be required to make it clear to consumers when there is a discrepancy between the advertised price and the pump price.

An agreement worked out by the Illinois Attorney General's office, the Illinois Department of Agriculture and three major oil companies was filed in Cook County Circuit Court Aug. 20.

Under the agreement, which goes into effect Oct. 15, all gasoline retailers in Illinois may advertise gasoline prices only in one of two ways:

1. They may display a price per gallon that equals the price shown on the gasoline pump and is marked "All Taxes Included."

2. Or they may display a price per gallon which includes only the federal excise tax and Illinois motor fuel tax. However, the words "Plus Sales Tax" and the total amount of that tax must be displayed below — clearly and visibly. The Regional Transportation Authority (RTA) tax, if any, also must be displayed.

To assure that the information is "clear and visible," the agreement further specifies that, if the sales tax is listed separately, the letters and numerals must be solid black on bright yellow background and must meet a minimum height and width requirement.

For example, if the height of the price numerals without sales tax is 12 inches, the minimum height of the added tax must be one-third of that, and the minimum width of each letter must be three-eighths of an inch.

## Eleven undergo major surgery

Patients undergoing major surgery at St. Elizabeth Hospital this week include: Clyde Hill, 71, Garcesche Homes, Madison; Dianna L. Yates, 2415 Hemlock Ave.; Jeanette Goff, 2515 Rhodes St.; Madison; Alice L. Parks, 735 Twenty-seventh Place; Irene McElroy, 2241 Iowa St.; Velma Penberthy, 2920 Forrest Ave.; Janice Pae, 2407 Kirkpatrick Homes; Jacqueline Reeves, 4113 Rode Ave.; Rinda Brown, 2423 Washington Ave.; George Gallas, 2801 Oregon Ave.; and Richard Dunn, 2508 Kirkpatrick Homes.

## HOUSE LOOTED

Items totaling \$1,000 were taken from the home of Michael A. Suss, 2094 Arnold Drive, between 8 and 9:30 p.m. Wednesday. A screen was cut and a window forced open to gain entry. Taken were a tape-deck with speakers, \$200; a quad-receiver, \$500; four stereo speakers and turntable \$280; and a 25-inch automatic pistol.

## Obituaries

## Fewer education regions favored

A professor of educational administration at Southern Illinois University at Edwardsville is proposing a reduction in the number of educational service regions in Illinois.

George C. Ackerlund, who has been a member of the SIUE

faculty since 1965, believes "Illinois should follow the changes in other states and reduce the number of intermediate units (educational service regions) to about 12 or 15."

The state currently has 78 educational service regions, 24 less than the one-time peak of 102 units formerly known as the office of the county superintendent of schools.

One region serves Madison County, which has 15 school districts. According to Ackerlund, a number of editorial writers around the state have been recommending abolition of educational service regions. "It has long been obvious that a change is needed in this area, but the change should be one of reorganization rather than abolition," he asserted.

Ackerlund contends that the functions of curriculum and evaluation could be removed from the State Office of Education and decentralized in the various units. He acknowledges that some moves in this direction have been made already. The professor envisions each unit with a computer for such activities as scheduling, accounting, payroll, personnel

and instruction. He believes the coordination, supervision and evaluation of the various educational programs could become more effective under his proposal. "For example, audio-visual programs of all types could be much more extensive and more effectively operated through such intermediate centers," Ackerlund said.

Such an organization would leave the Springfield Office of Education free to deal with the development of broad state policy, conduct research for the purpose of preparing recommendations for legislation, and for other purposes.

## Mrs. Rudolph dies at 58

Mrs. Viola Rudolph, 58, of Mrs. Rudolph, mother of Mrs. Robert (Shirley) Swiatek, of Granite City, died at 2:30 p.m. Monday at the Richland Memorial Hospital, Olney.

She had been ill for two years. Also surviving are her husband, Paul Rudolph, her mother, Mrs. Mayne Kessler of Olney; two sisters, Mrs. Phillip (Hazel) Hoffman of Marco Island, Fla., and Mrs. Sydney (Mary) Wein of Chicago, and two grandchildren.

Funeral services were held at 10 a.m. today at St. Joseph Catholic Church in Olney.

## Jerry Verba, 80, succumbs

Jerry Verba, 80, of 912 Iowa St., Madison, a retired steelworker, died Monday evening at Jewish Hospital, St. Louis.

Born in Yugoslavia, he resided in Madison 65 years. Mr. Verba retired at American Steel Foundries after 47 years of service as an inspector.

Survivors include his wife, Mrs. Antonia (Lefk) Verba, five sons, Charles L. Verba of Granite City, Jerry Jr., William Jr., James M. and Ernie E. Verba, all of Madison; four daughters, Mrs. Tom (Wilma) Bezan and Mrs. Betty Rixie, both of Granite City, Mrs. Mollie Kondracki of Florissant, Mo., and Mrs. Alice Martin of Chicago, and nine grandchildren. Funeral arrangements are given in the obituary column.

## Edward Boyer dies at 71

Edward R. Boyer, 71, of 2230 State St., Ill. for 13 years, died at 11:40 a.m. Monday at St. Elizabeth Hospital.

He had been employed as a molder at General Steel Industries prior to his retirement. Born in Blackwell, Mo., Mr. Boyer resided here 53 years. He was a member of St. Joseph Catholic Church and belonged to the Steelworkers Union, Local 1022.

Survivors include his wife, Mrs. Mamie (DeGonia) Boyer; one son, Edward Boyer of Granite City; two brothers, Clayton Boyer of Huntsville, Ala.; one sister, Mrs. Pearl Yates of Granite City; three grandchildren and two great grandchildren. Funeral services were held today. Details are given in the obituary column.

## Services held for Mrs. Lula Holman

Funeral services were held at 8 p.m. Wednesday at the Bethel AME Church, Madison, for Mrs. Lula Holman, 68, of Harvey, Ill., formerly of Madison.

She died at 3 a.m. Oct. 3 in Winsboro, S.C., where she was visiting relatives. Survivors include her husband, The Rev. Herbert H. Holman, who pastors a Methodist Church in Chicago; one daughter, Miss Wilma Holman at home, and relatives residing in Madison. Burial was this morning in the National Cemetery, Jefferson Barracks, Mo.

## HURT AS CAR STRIKES

Richard Wilson, 25, of 903 Greenwood St., Madison, was injured during the weekend when his stationwagon went out of control and hit a parked car and a utility pole and damaged the yard of Charles Radefeld, 2502 Washington Ave.

The parked car is owned by Clayton Jenkins, 2001 Hillbrand St., Eagle Park Acres. Wilson was taken to St. Elizabeth Hospital where sutures were administered to close a cut to his lower lip and he was released.

## TREATED AT HOSPITAL

Tom Bauer, 41, of 1723 Elizabeth St., Madison, was treated at St. Elizabeth Hospital in Granite City for a cut to the nose and an abrasion to the nose, suffered in a traffic accident. He was released after treatment.

**SHIFTING DIRECTION** during the South-North scoreless soccer deadlock during the weekend. Rick Brown (13) of the Steelers and Marty Dooley of the

Warriors try to follow the bouncing and rolling ball to gain possession for their teams (Press-Record Photo)

**THEY ALSO SERVE** who only stand and wait as their teammates help them protect their soccer goal. Rick Demaree, GCHS North goalkeeper (No. 0), watches maneuvering between a Steeler teammate and Warrior Mark Spiroff (10) as North and South battled to a 1-1 tie. (Press-Record Photo)

## Organize leagues for volleyball

An organizational meeting for Granite City Park District volleyball leagues will be held Tuesday, Oct. 14, at 7 p.m. at the Wilson Park office. Teams will be required to register at that time for both the Couples' and Women's Leagues. Women's league competition begins Nov. 5 and is played on Wednesday of each week at Lincoln Place Community Center. Girls' who are age 16, juniors in high school, or older are eligible to compete. Entry fee is \$35 per team. Couples 18 years of age or older may compete in the Couples League on Thursday of each week, beginning Nov. 6, at Lincoln Place Community Center. A \$35 per team entry fee is also required.

**TOOLS ARE STOLEN**  
A set of open-end wrenches was stolen from the home of Harold Burris, 3032 rear E. 23rd St., it was reported Monday. Entry was believed gained through the front door. Two wrenches had the initials "HB" scratched on them, she said.

**COLUMBUS ARRESTED**  
Christopher Columbus was arrested in Haiti on Aug. 23, 1950, for mistreating the natives there and ordered back to Spain.

## Duck and Goose seasons slated

By ART SCHUMANN

Illinois waterfowl hunters will have 50 days to pursue ducks and 70 days for geese hunting this fall, according to dates recently released by the Department of Conservation.

The duck season runs from noon Oct. 22-Dec. 10. Shooting hours will be 30 minutes before sunrise to sunset each day after opening day.

The state will remain on the point system, which means the daily bag limit is reached when the point value of birds taken equals or exceeds 100 points. Possession limit cannot exceed a two-day bag limit.

Canvasbacks are protected statewide and hunters should note that redhead duck hunting is not allowed on the Mississippi River from Alton to the Wisconsin border.

The point value of each species:

- 100 — Redheads.
- 90 — Mallard hen, wood duck, hooded merganser, black duck.
- 35 — Mallard drake, wigeon, ringneck, golden eye, buffhead, old squaw, ruddy duck, all scoters, all other mergansers.

- 10 — Pintail, blue-winged teal, green-winged teal, gadwall, shoveller and scaup.

Coot are not included in the point system but have a daily 15-bag limit and a possession limit of 30.

The goose season in all counties other than the quota zone (Alexander, Jackson, Union and Williamson) is from Oct. 22-Dec. 30. Hunting times are the same as for ducks after opening day.

Hunting in the quota zone is allowed Nov. 24-Jan. 30, or until 22,000 geese have been harvested. Shooting hours are from sunrise-5 p.m. daily. The daily goose bag limit is five, which may not include more than two Canadian geese or their subspecies, two white-front geese or a Canadian goose or subspecies and one white-fronted goose.

The possession limit is five, which may not include more than four Canadian geese or their subspecies or two white-fronted geese.

Canadian goose hunting is closed in Knox County, Greenfield and Braceville Townships in Grundy County; Albia, Anawan, Atkinson and Cornwall Townships in Henry County; Essex Township in Kankakee County; and Buckheart, Canton, Cass, Deerfield, Fairview, Farmington, Joshua, Orion and Pultam Townships, plus the part of Banner Township adjacent to Route 9 and U.S. 24 in Fulton County.

Hunters 16 years old or older must have a state hunting license and federal migratory waterfowl stamp, plus a state migratory waterfowl stamp. The state stamps go on sale Oct. 1. The cost is \$5 plus a 25 cent issuing fee.

Revenue from the state migratory stamp sales will be split between habitat improvement in Illinois and development of propagation areas in Canada.

Contrast the cost of an Illinois state stamp with that of Iowa (\$1) and it would seem that this state's waterfowl hunters are being asked to pay more than their fair share.

### Suburban Baptist revival

The Suburban Baptist Church, 2300 St. Clair Ave., has announced plans for a series of revival services to be conducted at the church Oct. 12 to 19. Evangelist for the meeting is the Rev. Russell Richardson, minister of the Logan Street Baptist Church, Mount Vernon, Ill.

Rev. Richardson has pastored churches in Oklahoma, Tennessee and Illinois for 25 years. Before assuming his present position, he was director of evangelism for the Illinois Baptist State Association.

Guest music director will be Ray Voorhees, a native of Granite City. After graduating from college, he was the high school choral director for two years, 1969 to 1971. From 1972 to 1975, he served as minister of music at the First Baptist Church, DeFtiller, La. He and his family now are staff members of the "God's Love In Action," directed by Sammy Tippitt.

Special events are planned for the week. The church will "fill the pews" Monday evening, "children's night" will be conducted Tuesday;

"Sunday School night" Wednesday, "Bring a neighbor night" - Thursday, "music night" - Friday, and "youth night" - Saturday. The last Sunday of the revival is designated as "praise day." Evening revival services will be at 7:30 p.m. during the week, and at the regular worship time both Sundays.

Pastor Bob Worley said a nursery will be provided for preschool children. The public is invited to attend, Rev. Worley said.

**MRS. HARRY V. MILLER HONORED ON BIRTHDAY** Mrs. Harry V. (Cora E.) Miller, 2123a Edison Ave., entertained several guests on her birthday, including her daughters, Mrs. Violet Forcade of Freeburg and Mrs. Goldie Lusk and Mrs. Priscilla Herstein, both of Belleville.

Also present were her two sons, Marvin and Guy Miller, and a niece, Marsha Nash, all of Granite City. A luncheon was served and gifts were presented to the guest of honor.

### MR. & MRS. JACKIE YATES NAME SON JACKIE LEE

Mr. and Mrs. Jackie Yates, 2415 Hemlock Ave., became the parents of their first child, a son, born Oct. 4 at St. Elizabeth Hospital.

The infant weighed eight pounds, two ounces and has been named Jackie Lee Jr.

The mother will be remembered as the former Miss Diane Barnhart. The maternal grandparents are Mr. and Mrs. Elmer Barnhart of Hillsboro, Ill. Mr. and Mrs. Millard Hawkins of Granite are the infant's maternal great-grandparents.

Paternal grandparents are Mr. and Mrs. Clarence Shelton of Granite City.

### Guild members hear archaeologist

William Iseninger, an archaeologist who is working in the digs at Cahokia Mounds State Park, was the guest speaker Monday at the October meeting of the Evening Guild at St. John United Church of Christ.

Special guests for the occasion were 15 members of St. John's Afternoon Guild and 17 members of the women's guilds at St. Peter Evangelical United Church of Christ.

Mrs. Jane Kenney, Evening Guild president, introduced Iseninger, who illustrated his talk with slides showing various stages of the uncovering work and a number of artifacts recovered, some dating back to

850 and 900 A.D. The archaeologist also displayed several arrowheads and pottery items unearthed at the Cahokia Mounds site.

The devotional, segment, entitled "What of Me a Person," was presented by the Fellowship Committee. Taking part were Mrs. Wilma McKinney, Mrs. Mary Elliott, Mrs. Jo Chinn, Mrs. Wilma Willard and Mrs. Dorthea Kirksey.

Guild members adjourned for separate business sessions, then reconvened for a social hour and refreshments.

In the Evening Guild meeting, conducted by Mrs. Kenney, an invitation was read from

Concordia Lutheran Church to attend its autumn festival on Oct. 22.

Mrs. Jo Ann Kalert was welcomed as a new member, and plans were made to make items for the Christmas bazaar, scheduled on Dec. 6 from 4 to 8 p.m. at St. John's Church.

Twenty-three members of the host guild were present for the meeting.

**AUTHOR'S BIRTH** Henry Mackenzie, leading Scottish author during the latter part of the 18th Century, was born at Edinburgh on Aug. 26, 1745.

### A. J. Pranaitis passes bar exam

Alphonse "Al" John Pranaitis, Jr., son of Mrs. Mary Pranaitis, 2139 Benton St., has passed the Illinois Bar Examination and has accepted the position of law clerk with the Illinois Fifth District Appellate Court at Mount Vernon.

Pranaitis is a graduate of St. Louis University High School. He earned his undergraduate degree from the University of Illinois at Champaign-Urbana and his law degree from St. Louis University School of Law.

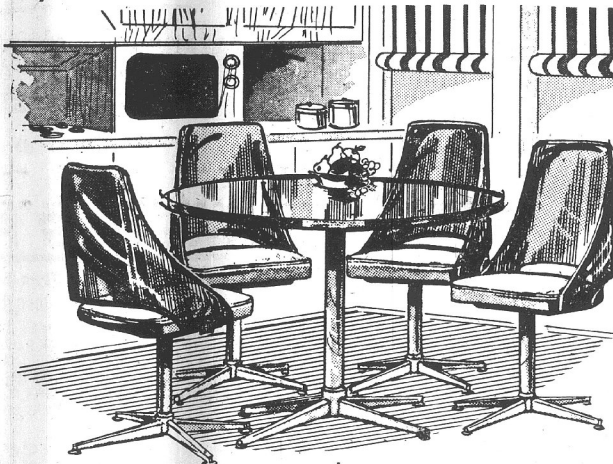

**MRS. VI EDWARDS ENTERTAINS CLUB** Mrs. Vi Edwards was hostess to the Monday Afternoon Card Club at a meeting this week in her home, 3705 Franklin Ave.

Those winning prizes were Theresa Walkenbach, Myrtle Bruns, Leona Parente and Celia Kennedy, who will host the next session.

Also present were Margaret Richardson, Kathy Murphy and Marie Perry.

**Remember?**

You probably come from a family with too much food on its mind. Or your mom rewarded you for being "good" — with food. Or maybe you were praised for cleaning up your plate, and scolded for being wasteful, etc. We understand — we've been there ourselves.

We know you weren't responsible for developing problem eating habits. We'll guide you through a series of steps so that you can identify them, control them, and replace them with safe, effective new ones. At Weight Watchers. With a class full of people who will be happy to see you there.

So come on down with us. We'll help you to develop your own Personal Action Plan.™ Enjoy three squares a day, snacks and a lot of nice people while you're doing it.

**ASSUME DUTIES.** New officers and directors of the Granite City Board of Realtors began their duties this month. From left, Bernard Royce, vice-president;

John Krekovich, president; John Sobol, director; Jim Whitt, retiring president; Francis Judd, director, and Ray M. Kaegel, secretary and treasurer. (Press-Record Photo)

## EOC aids applicants for HUD home repair funds

The National Housing Act authorizes the secretary of Housing and Urban Development to correct, or to reimburse owners for the correction of structural or other major defects in some homes purchased on or after Aug. 1, 1968, and prior to Jan. 1, 1973, if the mortgages were insured by FHA. It was announced this week.

The Madison County Economic Opportunity Commission's office at 306 State St., Alton, has forms available and can assist in filling out the required information.

Details may be obtained by contacting Carol Walsh, 465-3871 in Alton or by calling the

Tri-Cities Neighborhood Service Center in Madison at 451-7694, officials said.

Applicants will be required to certify that the defect for which assistance is claimed did in fact exist at the time the property was purchased, using FHA mortgage he will have to provide the same certification signed by the original purchaser, it was explained.

If the applicant is seeking reimbursement for the cost of repairs paid for by him, he also may be required to furnish paid receipts, cancelled checks, work contracts, or statements if contractors were involved, officials said.

## Local Aid to Retarded group voices concern for funds slash

The latest methods of testing for lead poisoning, one of the causes of mental retardation and legislation of concern to special education programs were discussed last week by Miss Mary Reimann of Mount Vernon, southern representative of the Illinois Association for Retarded.

Speaking to members of the Granite City Aid to Retarded group at St. John United Church of Christ, Miss Reimann said Governor Dan Walker has used his amendatory veto power to slash \$35 million from the amount approved by the General Assembly for categorical reimbursement for special education programs.

Traditionally, she explained, local school districts and day care centers have used the categorical reimbursement levels approved by the General Assembly to develop their budgets for special education. Local monies are spent throughout the year with the understanding that the state will reimburse the districts after the close of the school year.

Miss Reimann said a total of \$204 million was cut from the budgets of all departments and agencies in Illinois, with \$343 million or 60 per cent in the area of general education. About \$35 million was cut from categorical grants' special education.

"Although your district has spent and is entitled to receive \$1,000 (100 per cent) reimbursement for Special Education Tuition (House Bill 3571), it will only receive \$700 (70 per cent) reimbursement," she reported.

Miss Reimann urged members of the local Aid to Retarded

## Firemen plan open house

The Venice fire department will hold an open house between noon and 5 p.m. Saturday in keeping with Fire Prevention Week.

Two bicycles will be given to Venice children as prizes and Venice ice cream will be served to the children. Various forms of firefighting equipment will be on display and firemen will be present to answer questions.

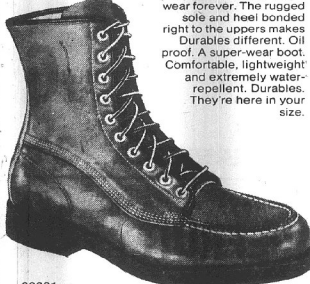

## BREAK INTO GARAGE

An intercom unit, a quantity of choice cuts of beef and a gallon of ice cream were stolen from the garage of Jerry Grider, 2675 Washington Ave., it was reported at 10:15 p.m. Monday. A piece of pipe was taken from the yard and used to force open a door to the garage. The meat and ice cream were stolen from a freezer.

**FINALIST FOR QUEEN.** Miss Valerie Ann Bell, Granite City, was one of five finalists competing for the title of 1975 Homecoming Queen at Blackburn College, Carlinville, Ill. She and four other coeds were chosen from the sophomore and junior classes by student balloting. The queen, Miss Mattie Thomas, East Moline, was named at a pep rally kicking off Blackburn's Homecoming weekend Oct. 3. Miss Bell served in the queen's court along with the other three contenders. She is the daughter of Mr. and Mrs. Clifford Bell.

## Black Cat dance 9 p.m. Saturday

The annual "Black Cat" dance, following a combination Halloween and Bicentennial theme, will be held Saturday beginning at 9 p.m. in the Croatian Home, 1000 Madison Ave.

The dance is sponsored by the Madison Ladies City Organization. The public is invited to attend, according to Mrs. Winnie Sasyk, president.

## Bubblemasters to nominate officers Sunday

The Bubblemasters Seuba Diving Club will nominate its 1975 officers Sunday at 7:30 p.m. meeting in the Granite City Civil Defense Building, 1411 Nineteenth St.

D. L. "Whitey" Morrison, president, reminded members this weekend's meeting is the first of the fall season to take place on a Sunday. Business sessions of the group are held on Tuesday throughout the summer months.

Nominations will be accepted for the offices of president, vice-president, treasurer, corresponding secretary and recording secretary, Morrison said.

Candidates will be chosen by secret ballot at the club's annual awards banquet, scheduled Saturday, Nov. 1, at the Holiday Inn-East, Collinsville.

Morrison urged all members to attend Sunday's meeting to help select candidates and to review club positions on several issues to be introduced at the Midwest Diving Council's annual convention in Kansas City, Oct. 25-26. Vance Weiss, director, and Tony Grey, delegate, will take part in the conference.

Final plans also will be announced for the awards banquet which is under the supervision of Mrs. Mary Adams, entertainment chairman. She is being assisted in arranging the event by Paula Dewey, Sharon Earney, Elva Jean Weiss, Debbie Lamm and Mary Brannan.

The club tentatively has scheduled a winter roast for Saturday, Oct. 18, at the home of Mr. and Mrs. Greg Adams in South Roxana, Morrison said.

## Appraisal workshop

SIUE will present a 15-hour workshop in appraisal theory and a 15-hour workshop in appraisal practice, beginning Oct. 21. The workshops will be sponsored by the university in cooperation with Independent Fee Appraisers.

Classes will meet in the Illinois Room of the University Center on Tuesdays from 7 until 10 p.m.

Satisfactory completion of the workshops will meet requirements of the Illinois Department of Registration and Education for an appraisal program. Students can also be qualified to take the examination for certification as an independent fee appraiser. Registration for the workshops is \$110, which includes textbooks and course materials but does not include the fee for the appraiser examination.

Registration is personal, non-transferable, and made for the entire period of the workshops. The conference is limited to 25 participants.

Applications will be processed on a first-come, first-served basis. Additional information is available by contacting the Office of Conferences and Institutes at SIUE.

## Mrs. Ditttrich, 59, dies

Mrs. Helen A. Ditttrich, 59, of 2801 Madison Ave., died at 12:30 p.m. Tuesday at St. Mary's Hospital in Richmond Heights, Mo. She had been ill one and a half years and hospitalized two months.

Born in Madison and a lifetime resident of the Quad-Cities, Mrs. Ditttrich was employed seven years in the house service division of Southwestern Bell Telephone Co.'s offices in St. Louis.

She was a member of St. Joseph Catholic Church. Her husband, Joseph Ditttrich, died in 1966.

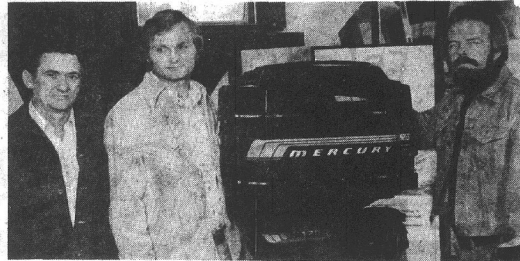

Surviving are two sons, Richard and Joseph Ditttrich Jr., both of Granite City; a daughter, Mrs. Raymond (Jeanette) Landys of Granite City; three sisters, Mrs. Andy (Mary) Sabol of Glen Carbon, Mrs. Rudolph (Veronica)

Wagner of Granite City and Mrs. Peter (Julie) Planitz of Madison; one brother, Joseph Ditttrich of Granite City; and three grandchildren. Funeral services were held today. Details are given elsewhere in this issue.

### DAMAGE NEW CAR

The trunk near the lock was damaged on a new car on the north side of Granite City Dodge, 1911 Madison Ave., and a tire and wheel were stolen from the trunk, it was reported Monday. The loss was estimated at \$300, with \$200 damage to the trunk lid and \$100 value for the tire and wheel.

MARINE TRADES EXHIBIT and conference in Chicago was visited by Bob Richardson, left, and Bob Richardson Jr. of the Granite City Boat and Motor Co. They are shown with Lynn Yeager, right, known as "Black Max," symbol for the new 175 horsepower Mercury V-6 outboard. Dealers from across the United States and Canada attended the conference.

## Runs over foot

Ronald Eaton, 14, of 2409 E. 25th St., was injured when his left foot was run over by the auto of Daniel Hayden, 2515 E. 24th St., backing up in the 3000 block of Madison Avenue at 7:55 a.m. Tuesday.

Eaton was taken to St. Elizabeth Hospital where x-rays showed fractures to his toes. A cast was applied to his left foot and he was released.

### PISTOLS, CASH STOLEN

Two pistols, a .38 caliber and a .25 caliber, were taken with \$45 cash from Ed's ARCO Service Station, Niedringhaus Avenue and State Street, by thieves who entered the building by breaking a window, it was reported during the weekend. Authorities believe the burglar may be injured since blood was found on the window and on the office floor.

## Chouteau highway problems eased by new tax revenue

Financial problems which have hampered operations of the Chouteau Township Highway Department have been eased, due to the latest receipt of taxes and pledges of other funds, the Chouteau Township Board of Auditors was told Monday night.

Mrs. Patricia Polley, town clerk, told the board that \$11,776 in taxes for the highway department have been received and have been deposited to the proper accounts.

She said \$5,940 was placed in the general road and bridge account and another \$5,836 was deposited in the permanent road and bridge account.

Highway Commissioner

James Estes showed the board a letter from Madison County Board Chairman Nelson Hagauer of Granite City which indicated the county has received final federal flood aid reimbursements from 1973 flooding, and reimbursements totaling \$14,266 should be approved for Chouteau Township by the Madison County Board at its Oct. 15 meeting.

Estes said the County Board also should approve \$6,000 in motor fuel tax for the township, leaving \$12,000 in the township's MFT account with the county.

Mrs. Polley noted that the funds now being received do not have to be used to pay off a \$10,000 tax anticipation warrant

Estes obtained last month, since that warrant was assured by taxes which are to be collected next year.

The clerk noted that the funds received and those promised for Oct. 15 will pay nearly all of the highway department's debts through April of this year, except for a \$24,000 outstanding bill for oil the highway department has purchased over several years.

She suggested most of the funds received be used to pay part of the outstanding oil bill. The decision on how to spend the funds, however, must be made by Estes.

The auditors agreed to purchase an IBM electric

## Car hits pole, youth injured

Paul Busby, 20, Lot 276 Sunny Shores Mobile Home Park, was injured when his car, leaving

the mobile home court onto West Chain of Rocks Road, skidded out of control and struck a utility pole at 10:30 p.m. Tuesday.

Madison County sheriff's deputies charged him with reckless driving and not having a valid driver's license. Deputies said there were eight feet of acceleration marks where his tires were spinning as he left the mobile home park and about 50 feet of skid marks before the car hit the pole.

Busby was taken by ambulance to St. Elizabeth Hospital where he was admitted with injuries to his head and chest, which struck the car's windshield and steering wheel. A series of x-rays was taken.

## Reeder gets monitor post

James Reeder, a civilian dispatcher for the Granite City Police Department, has been appointed by the Granite City Board of Education as the second campus monitor to help control security at Granite City High School South.

Reeder, who resides in the 2800 block of National Avenue, has given notice to the Police Department that he will be leaving his dispatcher position to accept the monitor post.

The board set his salary at \$7,500 per year, plus cost-of-living raises and fringe benefits.

The board accepted the retirements of two workers, Joseph Klesh, a custodian, and Helen Niepert, a cafeteria worker. Both retirements are effective this month.

Candidates for the post of

guidance counselor for vocational students in the high schools were discussed by the board in executive session, but no decisions were reached pending additional study.

A list of 44 applicants for substitute cafeteria duties was considered by the board and all 44 were accepted for the substitute list.

Previous board policy had restricted the number on the substitute list to 40, but the board agreed to expand the list after being informed that all 44 had been used at one time earlier this year and vacancies still existed.

Thirty-one of those on the list served as substitutes in cafeterias last year here. They are: Vera Abbott, Verna Andrews, Viola Boston, Luan Briner, Carolyn Bryarty,

Angela Buehler, Jackie Bulla, Barbara Byrd, Evelyn Doyle and Dolores Faison. Betty Forshee, Iris Gauen, Earlean Hayes, Mary Helton, Verda Hicks, Viola Hutchings, Doris Lussen, Lillian McKinley, Mary Mihl and Virginia Monahan.

Also, Patricia Norris, Betty Parney, Alfreda Pendergrass, Mildred Pritchard, Loretta Riddle, Dorothy Schardt, Birdie Stockman, Doris Waters, Dorotha Watson, Marilyn Wiser and Doris Zigler.

New applicants placed on the cafeteria substitute list were: Elva Jean Atkins, Lola Ruth Anderson, Alice B. Christian, Mary E. Dufko, Dorothy Dean Grooms, Pansy M. Grove and Mary Ann Jeffries.

Alice Lavon Linhart, Dena Severine, Ruby Mae Waddell, A. Dorothy Hanne, Betty Lou Horton and Linda Lee Cruce.

It was announced that applications for full-time custodial positions will be accepted at the board of education office, 20th and Adams streets, during business hours Oct. 20 to 24.

## Midwest police seek 1975 auto stolen here

Law enforcement officials from throughout the Midwest have been alerted to watch for a 1975 silver Lincoln Continental four-door auto stolen Monday evening from J&M Motors, 2310 Nameki Road.

Officials of the used car sales business said a man who said he lived in East St. Louis and worked at a Granite City industry first looked at the car Saturday and said he would purchase it Monday.

The man returned Monday evening and said his wife was on the way with a check for the \$8,900 car from the man's credit union.

The man waited about one hour for his wife and then asked if he could take the car and go look for her. Later, officials of the car lot received a call from another man, saying the man who borrowed the car had been in an accident and was being taken to a hospital.

Police checked that story and found it to be false.

## 'Meditation' Rotary topic

Transcendental meditation was the topic at the Wednesday noon meeting of the Madison-Venice Rotary Club in the Madison Recreation Center.

Rotarian James Perdue introduced Nick Goodie, an instructor in TM who explained to the group that the TM is a technique, that provides body rest and renewed energy. He claimed that TM is beneficial to both young and old if practiced regularly will help a person form a more orderly life style.

Rotarian Wayne Scannell asked the Rotarians to make all their United Way contacts by next Wednesday.

Rotarian Stan Howlett led in biennial tie sales for the week, having sold 15 since the last club meeting.

## Hurt in fight

Richard D. Smith, 29, of 1934 Sixth St., Madison, was injured in an altercation outside Mac's Bar, 1308 Nineteenth St., at 1:10 a.m. Tuesday and required treatment at St. Elizabeth Hospital.

Police said they were on patrol when they saw Smith being struck and knocked to the ground by another man. When a squad car approached, two men ran into the alley and police heard a gunshot.

They found a .25 caliber pistol in the alley which, they believe, may have discharged when it was thrown to the pavement.

Smith was found unconscious in front of the tavern and was taken to the hospital where he was treated for hematoma to the right side of his forehead.

X-rays were taken of his skull, spine and chest and he was released.

Officers arrested William W. Owens, 26, of 4944 Redwood Lane, and charged him with fighting.

## Locomotive fire

An overheated brass journal box caught fire on an Illinois Central Gulf locomotive on the tracks west of Route 205 (Nameki Road) near Minerva Avenue at 12:55 a.m. Wednesday and Long Lake volunteer firemen had to use powdered extinguishers to put out the fire.

Firemen feared using water on the engine due to the electrical components. Damage was estimated at \$200 and firemen were on the scene 30 minutes.

## Ethnic history traced

A History of Ethnology, a book by Fred W. Voget, professor of anthropology at Southern Illinois University at Edwardsville, has been published by Holt, Rinehart and Winston.

The book traces the intellectual history of cultural anthropology, with special emphasis on ethnology. It deals with the study of conventionalized behavior, focusing largely on pre-industrial societies outside Western European tradition. The work has been written especially for students, Voget said, but it is hoped that the presentation will be equally useful to professionals.

Discussion of the origins and development of cultural anthropology has been organized into four sections in the book. In the first section, Greco-Roman, Renaissance and Arabic intellectual traditions are reviewed to determine to what extent anthropological interests were generated—and to assess their probable effects on the development of a generalized social science base from which anthropology and sociology could differentiate, the author said.

Another section describes the formation of a general social science during the 18th century and its differentiation from traditional history.

A third section describes the rise of "structuralism" (1890-1940), and a fourth section focuses on the differentiation of specializations which began during the 1930's and accompanied the decline in "structuralism."

"The idea is to try and understand the variability of human behavior because of these different cultural traditions," Voget said.

In 1974, Garland Publishing included a book by Voget, *Osage Indians I*, in the Garland American Indian Ethnohistory series.

The series presents original documents of the history and anthropology of many American Indian tribes and groups who were involved in Indian claims actions of the 1950s and 1960s.

These reports were written to be used as evidence in legal proceedings to determine the aboriginal rights of various Indian groups to certain geographical regions or areas within the United States.

If Cor. 6:14. Be ye not unequally yoked together with unbelievers: for what fellowship hath righteousness with unrighteousness? And what communion hath light with darkness?

It seems almost a contradiction of scripture this statement of the apostle Paul. However in light of Jesus' teaching that we (that is believers) are in this world but not of this world, we can easily see what God means to teach us.

The believer is looking for a city whose builder and maker is God. The believer is laying up treasures in Heaven, in our souls there is a longing for the promised mansion, we know that abode from the body means to be present with the Lord. We understand that all things work together for good for them who love the Lord.

We work and labor and move among unbelievers and we should do so. This is the only true way to present Christ to the world. But we are under the obligation of love to Christ not to compromise the standards of holiness and righteousness, not to unequally yoke ourselves with unbelievers. Light and darkness do not go together and cannot. Men love darkness because their deeds are evil. But if we walk in the light as he is in the light we have fellowship one with another, and the blood of Jesus Christ cleanseth us from all sin. Take the yoke of Christ upon you and learn of him, be equally yoked, do it today!

Henry Crippen, Pastor

## Kindergarten plans discussed

The parents of Lake School kindergarten children met Tuesday at 7 p.m. for a "get acquainted" hour.

Mrs. Louella Clemens, kindergarten teacher, talked to the parents of her plans for this year. Mrs. Clemens is back with Lake School after a year's leave to attend the University of California at Los Angeles.

"A kindergarten child must be made to feel like a worthwhile person. He is beginning to grow up physically, emotionally, socially, and intellectually," Mrs. Clemens commented. The parents were told how they could help in these areas.

Slides of previous students and their work were shown.

Refreshments were served and a question and answer period ended the meeting.

Those attending were: Mr. and Mrs. Pat Withers, Mr. and Mrs. Terry Duccini, Mr. and Mrs. Kenneth Lewis, Mr. and Mrs. Larry Freese, Mr. and Mrs. Danny Huffman, Mr. and

Mrs. Lennie Sherly, Mr. and Mrs. Gilbert Hippey, Mr. and Mrs. Ralph Williams, Mr. Richard Moslander, and Mesdames Janice Moreland, Carol Austin, Barbara Ogile, Karen Dunnivant, Lucille Devore, Margie Callahan, Lynda Pyles, Ruby Pyles, Brenda Roderick, Mary Hylle, Elaine Reynolds, Darlene Sronce, and Barbara DesRoches.

## Park ID cards to be issued tonight

The Granite City Park District will issue identification cards, costing 75 cents for a three-year period, from 7 to 9 p.m. today at the ice rink, Harold Brown, park superintendent, announced.

Those who apply must be residents of the park district and must show proof of residence, such as a utility bill.

"MAN FOR ALL SEASONS" by British playwright Robert Bolt will be performed by a professional touring group, the Alpha-Omega Players, on Wednesday, Oct. 15, at Niedringhaus United Methodist Church, 20th Street and Delmar Avenue. Starting time will be 7:30 p.m., and ticket prices are \$2 for adults and \$1 for students. Tickets may be purchased at the door or in advance by calling the church office, 877-4555, a spokesman said.

## Services today for R. E. Heatherly

Funeral services were held at 11 a.m. today at a Belleville funeral home for Raymond E. Heatherly, 60, of Belleville, stepson of William Chris of Granite City. He died Monday at St. Elizabeth Hospital, Belleville. He also leaves his wife, a son, three daughters and a sister.

## Hurt in crash

The auto of Roger Sears, 3255 Westchester Drive, northbound in the 2200 block of Benton St., went out of control and struck the parked car of Ted Geggus, 2500 State St., during the weekend.

Mrs. Dolores Sears, 33, of the Westchester Drive address, was injured and was taken by ambulance to St. Elizabeth Hospital where she was treated for injuries to her jaw and head. X-rays were taken and she was released.

LIONS CANDY DAY. Madison Lions will be on the streets Friday and Saturday giving away candy for donations to help visually-handicapped persons in Illinois. Seated are Al Hudzik, club president, left, and Richard Bright, right, chairman of Candy Day activities. Standing at left is Mayor Mike Sasyk and Tony Anselmo, members of the Candy Day committee.

## Physics teachers will convene here

The annual fall meeting of the Illinois section of the American Association of Physics Teachers (ISAPT) will be held at Southern Illinois University at Edwardsville Friday and Saturday.

Ronald Bruno, assistant professor of physics at the university said the meeting is open to the public, and physical science teachers in the St. Louis and Illinois areas are especially invited to attend.

Steven G. Sanders, president of ISAPT and professor of physics at SIUE, will give the welcoming address at 1 p.m. tomorrow in the SIUE Science and Technology Building.

Highlights of the Friday session will include a paper, "Piagetian Approaches to Physics Instruction," by Robert G. Fuller of the University of Nebraska. A discussion of articulation problems between two-year and four-year colleges will be led by G. Robert Darnes, associate secretary of the Illinois Community College Board.

Saturday's activities will begin at 9 a.m. During the morning session, papers of relevance to high school, two-year and four-year college science teachers will be presented. Films from the "SkyLab" flight will be shown.

The Saturday afternoon session will concentrate on the module approach to teaching physics and will describe several projects currently funded by the National Science Foundation.

Many area educators will be contributing papers to the conference. They include: "Energy from the Sun," by D. H. Sokolowski, Lewis and Clark Community College; "The Open University Approach to Science Education," by Lionel Walford, SIUE; "The Successes and Failures of Curving Students' Performance," by S. G. Sanders, SIUE.

"The Problem of Institutional Cooperation," by David A. Cornell, Principia College; "A Progress Report on the Physics Consortium at SIUE," by Ik-Ju Kang, SIUE; "The High School Constituency," by Michael Zohar, O'Fallon High School; "Self-Motivated Astronomy," by Thomas M. Holzberger, Principia College; and "The Science and Engineering Technician Program," by Bill G. Aldridge, Florissant Valley Community College. Additional information on the conference may be obtained by contacting Bonnie Little, Office of Conferences and Institutes, SIUE.

## Two firms receive charters

The state of Illinois has issued corporation charters to two Granite City firms, Lincoln Arts, Ltd., and Marsala Remodeling Co., Inc., Secretary of State Michael J. Howlett, has announced.

Lincoln Arts, Ltd., is a domestic corporation headquartered at 2016 Delta Ave. Jack Cox is charterer. He is "to operate an art sales and distribution business," according to the charter.

The charter lists 500,000 shares of stock with 10 cents par value each. William H. Mathis, 733 Forsythe Blvd., Clayton, Mo., is correspondent.

Marsala Remodeling Co., Inc., a Delaware corporation, has been issued a foreign corporation charter by the state, "to conduct a general construction and remodeling business."

Vincent J. Marsala Jr., 2580 Stratford Lane, is listed as

charterer and president, with Clarence Eugene Pospischel, 1849 Collinsville Ave., Madison, as secretary.

Stated capital is \$1,000. Correspondent is Bernard Davidson, attorneys, State Loan Building, Granite City.

## New plant announced

AMSTED Industries, Chicago, announced Tuesday that its Burgess-Norton division is planning to build a multi-million-dollar plant in Claremore, Okla., to produce diesel engine piston pins.

Goff Smith, AMSTED president, said the company has agreed to purchase 19 acres of land in Claremore, 25 miles northeast of Tulsa, as the site for the new facility. The plant will cover 80,000 square feet and is expected to be completed by 1977. When full production is reached, 150 people will be employed.

"The new plant will substantially increase Burgess-Norton's piston pin capacity and will enable it to help meet the ever-increasing demand for piston pins used in trucks, buses, farm equipment and stationary power installations," Smith said. However, he noted the present plant in Geneva, Ill., will continue to be the division's primary piston pin manufacturing center.

AMSTED is the parent firm of American Steel Foundries.

## Display the 1976 Dodge cars here

Granite City Dodge, 1911 Madison Ave., is featuring the Dodge automobiles for 1976. Jack Schmacker has announced

Dodge in 1976 provides across the board value that meets virtually every motoring need, he reports.

The product lineup, which ranges upward from the subcompact Dodge Colt, is highlighted by the introduction of a new series of compact cars — the Dodge Aspen.

Also new for '76 is a gas-savvy version of the durable Dodge Dart, an expanded lineup of Dodge Chargers and a revolutionary four-cylinder engine for the Dodge Colt, it was related.

"We feel that Dodge is in its best marketing position ever for the new model year," according to R. B. McCurry Jr., group vice president. — U.S. automotive sales

"Our strength is concentrated where the market activity is — in the intermediate compact

and subcompact car markets. We've also made improvements in our trucks, vans and compact wagons and have no intention of relinquishing our position of product leadership in that vital

Noting that the new Aspen is a complete line of cars, McCurry said Dodge will offer the compact car buyer the most complete selection in the industry.

"We have the proven Dart — the most popular Dodge ever — for those price-conscious buyers as well as a complete Aspen series, including a two-door coupe, a four-door sedan and a beautifully executed station wagon," he said.

The coupe is built on a 108.5 inch wheelbase, while sedans and wagons have a wheelbase of 112.5 inches. Engine choices are a 225 six, a 318 cubic inch V-8 and a 360 cubic inch V-8 with two-barrel carburetion. The eight Aspen models offer a ride quality superior to past Dodge

compacts, achieved by a new transverse torsion bar suspension fully isolated from

The Dart Lite, an economical version of the Dodge Dart, also is available in 1976. The fuel economy package utilizes weight-saving aluminum components to improve

The Japanese-sourced Dodge Colt brings five models, a revolutionary four-cylinder engine option and a freeway cruise package.

The new Silent Shaft engine is said to solve one of the problems inherent in four-cylinder engines since their inception — vibration.

By utilizing twin balancing shafts on each side of the camshaft which rotate in opposite directions two times crankshaft speed, an equal effect in an opposite direction is produced, thus offsetting the harmonics.

The freeway cruise package includes comfort and decor items. Radial whitewall tires and road wheels enhance handling, economy and appearance, while velour cloth seats with adjustable lumbar supports, long armrests and

**THE DART LITE**, an economical version of the popular Dodge Dart, is available for 1976. The car is based on the Dart Sport two-door coupe. A special fuel economy package includes an aluminum intake manifold for the 225 six-cylinder engine; aluminum bumper reinforcements; aluminum hood and deck inner panels and a dual-biscuit catalyst. Dart is offered as a lowline coupe and sedan, and a low and highline version of the two-door hardtop.

soft grip, steering wheel add to passenger and driver comfort, it was noted.

more easily affordable. Plush luxury features, many standard on '75 models, are available as

The distinctive Dayton package — introduced in mid-1975 — provides the performance enthusiast with a personal treatment of the Charger SE.

Dodge's standard size Monaco comes to market in 1976 as a two-door hardtop, four-door sedan and a two-seat wagon in three price classes — Monaco, Royal Monaco and Royal Monaco Brougham.

... ..

*(Press-Recant Photo)*

**RUBBER FLOORMATS.** produced by cutting up old auto tires, are among the items displayed at the Specialized Services sheltered workshop for handicapped workers at 612 State St., Madison. Glendine Mell, program director for the workshop, here shows how the strips of rubber are strung on a metal frame to produce the mats.

## Priorities will be set for community development funds

The Madison County Community Development Office is preparing to submit an application to the U.S. Department of Housing and Urban Development for a community development block grant program.

The purpose of such a program is to "develop viable urban communities by providing decent housing and a suitable living environment and thereby expanding economic opportunities, principally for persons of low and moderate income."

Since citizen participation is needed and desired, a spokesman said, a system has been established to include all communities and sections of the county.

Each community or township which desires to actively participate is charged with the responsibility of appointing a self-determined number of citizens (4-12) from its jurisdiction.

## Real estate instruction

Southern Illinois University at Edwardsville will hold a 30-hour institute for people who wish to learn about the real estate business. The institute is sponsored by the university in cooperation with the Edwardsville-Collinsville Board of Realtors.

Classes will meet on Tuesday and Thursday evenings from 7 until 10 in the Mississippi Room of the University Center, beginning Oct. 21.

Some of the topics to be discussed include concepts of home ownership, the real estate business, brokerage, listing, selling, legal descriptions and contracts.

The instructors are professionals in the real estate and legal professions who maintain current knowledge about Illinois laws and practices. Satisfactory completion of the 30-hour institute will meet the requirements for taking the Illinois salesman license examination.

Registration is \$72.50, which includes all textbooks and course materials. Registration is personal, non-transferable, and made for the entire period of the Institute.

Registration is limited to 30 participants. Applications will be processed on a first-come, first-served basis. No registrations will be accepted by telephone.

Additional information may be obtained by contacting the Office of Conferences and Institutes, SIUE.

Any citizen who is interested in assisting in the development of the second-year program should notify the Community Development Office at 692-4386, the mayor of his community or his township supervisor, the spokesman concluded.

## Enrollment tops 12,000

Student enrollment for the fall quarter at Southern Illinois University at Edwardsville has risen more than six per cent over last year at this time.

With at least 719 more students than last year enrolled in classes at the university this fall, enrollment climbed this week to 12,106. This is the fifth consecutive quarter that enrollment has shown an increase.

In 1970, SIUE experienced an all-time high in student enrollment with a total of 13,700 students. But, like most institutions in higher education, the university suffered a decline in enrollment during the early '70s. Moving downward from a record enrollment, the university "bottomed out" during the summer of 1974.

During every quarter since then, student enrollment has shown a rise. The increase in students has been attributed partly to non-traditional students entering college, and to the scarcity of job opportunities.

**DRAWN BY CAR**  
Danny Taylor, 2714 Nameoki Road, was injured as he was outside of a car talking to a woman driver, and his hand became caught in the door handle as the woman drove away at 1 p.m. Monday. He was dragged about one-half block. The woman left the scene without stopping. Taylor's injuries required treatment at St. Elizabeth Hospital and he was released.

## Archeologist Rotary speaker

Although many people may think of archeology as the science of rubbish and garbage, there are many important discoveries of historic significance, according to Douglas Givens, professor of archeology at Meramec Junior college.

Givens was the guest speaker at the Tuesday noon meeting of

the Granite City Rotary club held at the YMCA and was introduced by Joseph Hassler, program chairman for Tuesday.

A recent discovery of a Mississippian Indian burial site near Fenton, Mo., was depicted in a slide presentation by Givens.

"It is a burial site which is different than that at the Cahokia Mounds," Givens said.

"Skulls have been found that are dated about 1100 A.D. and charcoal found dated about 900 A.D. which shows the Indians lived there for 200 years. The find is an intentional vault for burial purposes," he said.

"In the vault they discovered artifacts that indicate contact with Indians of Mexico and the Gulf of Mexico areas.

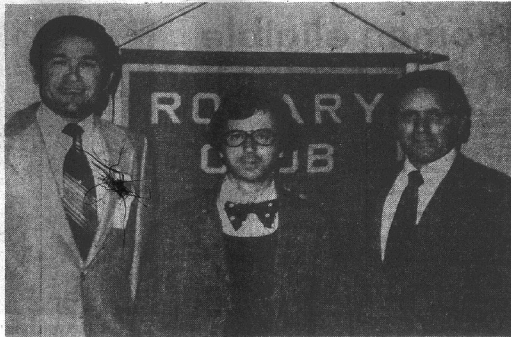

"The Indians were being gained by climbing onto a roof and crawling through an open window from the roof.

## House burglary

Richard Womack, 2260 State St., Apt. 2, reported at 7:35 a.m. Wednesday that he returned home to find his living room ransacked and his apartment burglarized.

Muddy footprints were found in the kitchen. Entry may have been gained by climbing onto a roof and crawling through an open window from the roof.

Taken were a silver ruby and diamond ring and other items worth a total of about \$83, including a toaster, coffee pot, razor, hot comb, a razor and about \$30 cash.

ARCHEOLOGIST REPORTS TO ROTARY. Douglas Givens, professor of archeology at Meramec Junior College, center, reported Tuesday to the Granite City Rotary Club, on an archeological find regarding the Mississippi Indians. From left to right are Bill Terrell, president GC Rotary, Givens, and Joseph Hassler, program chairman for Tuesday.

## Diverse programs, services by FM station at university

In addition to providing educational facilities to thousands of students, SIUE provides a service to its community with the on-campus radio station, WSIE-FM, located at 88.7 on the dial.

Affiliated with the National Public Radio Network, WSIE offers its listening audience—an estimated 6,000 to 10,000—classical music, in-depth news analysis, area sports and news, community announcements and a smattering of jazz and big band music.

Operated by a professional staff and by mass communication students, WSIE began operation Sept. 4, 1970, and is presently guided by Fred Criminger, general manager, and John Regnell, director of Broadcasting Services and chairman of the mass communications department at the university.

"Public radio implies a lot of

things," says Regnell. "Wherever the station is, it is supposed to be performing some sort of unique service to that area."

The programming is representative of what this university should do in the community," he added.

In addition to its National Public Radio Network programs, WSIE also features locally-produced specialized programs "which historically are part of the overall programming," says Criminger.

Among those programs are many which are aired on a weekly basis, the year around, including RFD Illinois each Saturday at 12:30 p.m., serving the farming aspect of this region. It has been a regularly featured service since WSIE's inception.

Other specialized programs which have been mainstays are: Victory Lane each Sunday at 12:15 p.m., serving motor sport enthusiasts, now in its

fifth year on the air; News Watch on Monday-Friday, 9-10 a.m., starting its third year; and You, Your Pets and Your Community each Saturday at 12:15 p.m., initiated this year.

The Humanities Division of the university produces a series of programs designed to give the station's audience an insight into varied subjects, such as: Politics Today, American Cities, Writers of America, and Contemporary Social Problems.

Criminger relates that within the next six weeks, a new program, with a call-in format, will be initiated from 3 to 4 p.m. each Wednesday. It will feature special guests discussing specific topics, with the last half hour reserved for the listening audience to call in with questions or comments.

Another feature of the WSIE community service is live broadcasts of athletic contests of Edwardsville and Collinsville high schools, as well as SIUE Cougar athletic events.

## Mrs. Mary V. Milton dies

Mrs. Mary V. (Reynolds) Milton, 64, of 1806 Maple Ave., died at 4:50 p.m. Tuesday in St. Elizabeth Hospital where she had been a patient for three days. She had been ill for the last two and one-half years.

Born in Carrier Mills, Ill., she had lived in Granite City 24 years and was a member of the Word of Life Tabernacle Church.

She was preceded in death on Oct. 21, 1955, by her husband, Robert Milton.

Mrs. Milton is survived by three sons: Robert Milton of

Yakima, Wash., Richard Milton of Desoto, Ill., and David Milton of Granite City; five daughters, Mrs. Peggy Anderson and Mrs. Leon (Barbara) Hayes, both of Granite City; Mrs. Gilbert (Helen) Smith of St. Louis, Mrs. John (Mildred) Meyers of Shreveport, La., and Mrs. William (Bonnie) Irvie of Vacaville, Calif.; one brother, Esta Reynolds of Cobden, Ill., one sister, Mrs. Sarah Loft of Havana, Ill., 43 grandchildren, 14 great-grandchildren.

Funeral arrangements are listed in today's obituary column.

## Everett Blackwell dies

Funeral services were held Sunday in Mission, Tex., for Everett Blackwell, 74, of 2665 Washington Ave., who died Friday, Oct. 3, in a hospital at McAllen, Tex.

Mr. Blackwell had been ill one week and in the hospital five days.

He was a 55 year resident of Granite City and maintained a winter home at Mission, Tex. He retired at American Steel Foundries where he was a chemical engineer in the

chemical laboratory 45 years. He was a member of Masonic Lodge 835 and First Baptist Church.

Surviving are his widow, Mrs. Eileen Blackwell; two sons, Richard Blackwell of Murphysboro, Ill., and David Blackwell of Schenckville, Pa.; a daughter, Mrs. Barbara Anderson of Granite City; a brother, Golden Blackwell of Tahliha, Okla., and four grandchildren.

## Car rams tree; driver charged

Michael Zobrist, 22, St. Louis, was charged with reckless driving after witnesses alleged he rammed a car he was driving into a tree in the 1300 block of Edwardsville Road three times at 8:30 p.m. Tuesday.

The witnesses said Zobrist's

southbound car left the roadway, crossed a sidewalk and went directly into the tree, then backed up and rammed the tree again.

Witnesses told police he backed up and again rammed the car into the tree.

He suffered obvious injuries and police had him taken by ambulance to St. Elizabeth Hospital. At the hospital, he declined to be treated, according to officials, and was taken by police to the Granite City Jail.

## Probe sabotage of power line

Madison County sheriff's deputies have asked officials of the U.S. Treasury Department, Division of Alcohol, Tobacco and Firearms, to assist in the investigation into a recent attempt to sabotage a Union Electric high-voltage tower between Hartford and Granite City, near the Mississippi River levee.

Workers clearing brush near the tower this week discovered the remains of what appeared to have been a detonated explosive device near a damaged leg of the tower.

Only one leg was damaged and the tower did not fall. There were no reports of power interruptions in the area recently.

Officials are not sure when the explosion occurred, but believe it was within the last week. Repair work on the tower was initiated immediately.

## Car hits tree

Three persons were injured when the auto of an Eddie Holderfield, 19, Chicago, turning into an alley, slid sideways in gravel and struck a tree behind 525 Denver St. at 2:55 a.m. Tuesday.

Holderfield and two passengers were injured and were taken to St. Joseph's Hospital, Highland. Passengers hurt were Kathy Zobrist, 18, Highland, and Eugene Clayton, 19, Pochontas.

NEW GOBLIN known as "Thumbody" is greeting shoppers at Bellemore, Nameoki and Crossroads Plaza Shopping Centers in a promotion by First Granite City Savings. Shown here with "Thumbody" is Fred Williams, head of First Granite City Savings, who said anyone may talk to the character between 2 and 5 p.m. through Oct. 17 or call at the offices of the savings firm in downtown Granite City or in the 1500 block of Johnson Road to learn the reason for "Thumbody's" appearance.

**MADISON HIGH YEARBOOK STAFF.** The Madison High School 1976 yearbook staff has been chosen and already is hard at work. First row, from left, Lunita Young, undergraduate editor; Cathy Neidhardt and Theresa Thomason, proofreaders; Standing from left, Anita Rogers, advertising editor; Regina London, business manager; Robin Dutko, sports editor, and Anita Black, photographer.

## Madison yearbook staff

A lot of hard work and cooperation is required to produce a good school yearbook and all signs indicate that Madison High School will have a fine one, according to Lee E. Ashby, faculty advisor.

The yearbook staff had its first meeting last week and discussed advertising, pictures and sales.

The yearbook will cost \$5 and students may make a down payment of \$1, paying the \$2 balance by March 15.

Members of the 1976 yearbook staff and their responsibilities are:

Cathy Neidhardt, editor; Theresa Thomason, proofreader; Anita Rogers, advertising editor; Regina London, business manager; Robin Dutko, sports editor; Anita Black, photographer; Carol Rivers, senior editor; Lunita Young, undergraduate editor; Mamie

Newsome, activities editor; Robin Dutko, sports editor; Anita Rogers, advertising editor, and Cathy Neidhardt and Theresa Thomason, both proofreaders.

Special tables will be set up in the cafeteria during the lunch hours soon to begin taking yearbook deposits, according to Ashby.

**FALLS FROM CAR**  
James Tarlas, 79, of 2337 Cleveland Blvd., was injured when he fell from a parked car and struck his head at noon Monday. He was taken by ambulance to St. Elizabeth Hospital where he was admitted with contusions and abrasions to the left side of his forehead.

## Dance lessons start Saturday

Lessons in tap and ballet dancing for children in kindergarten through Grade 6 will begin Saturday morning at the Nameoki Recreation Center, Amos and Franklin Avenues. One-hour sessions will start for the different grade levels at the following times: 8:30 a.m., Grade 1; 9:30 a.m., Grades 2 and 3; 10:30 a.m., Grades 4, 5 and 6; 11:30 a.m., kindergarten age.

Further information may be obtained by calling the Park District office at 877-3659.

## WAR DECLARED

Germany declared war on Russia in World War I on Aug. 18, 1914.

# Women eligible in Coast Guard

Cong. Melvin Price this week announced that the U.S. Coast Guard Academy is now accepting and processing applications for appointment as cadets, U.S. Coast Guard Class of 1980. This year for the first time applications are being accepted from women.

Congressman Price said that appointments to the Coast Guard Academy are tendered solely on the basis of an annual nationwide competition with no congressional appointments or geographical quotas involved. Applications for appointment must be submitted to the Director of Admissions, U.S. Coast Guard Academy, prior to Dec. 15, 1975.

Candidates must arrange to participate in either the College Board Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT) prior to or including the December 1975 administration.

The competition for appointment as cadet is based on the candidate's high school rank, performance on either SAT or ACT, and leadership

potential as demonstrated by participation in high school extra-curricular activities, community affairs or part-time employment. Most successful candidates rank in the top quarter of their high school class and demonstrate proficiency in both the mathematical and applied science fields.

To qualify for the competition, an applicant must be unmarried and must have reached the age of 17 but not 22 by July 1, 1976. All applicants must be assured of high school graduation by June 30, 1976. Applicants must have completed three units in English, and three in mathematics including algebra and plane or coordinate geometry or their equivalents, and must fulfill the basic physical and moral requirements.

Applications and additional information may be obtained by writing to: Director of Admissions, U.S. Coast Guard Academy, New London, Connecticut, 06320.

**HAIRDRESSERS' STYLE SHOW** principals receive flowers following the event this week at the Croatian Home in Madison. The show was part of National Beauty Salon Week activities here. From left to right are Sheila Tucker, style show co-chairman; Diane Birtley, chairman; Brenda Cant, president of Elite Hairdressers Affiliate 33; commentator; Mrs. Dorothy Line, Granite City School of Beauty Culture instructor and member of the Illinois State Hair Fashion Committee; commentator; and Marilyn Lunsford of Marilyn's House of Fashion, who furnished the clothing fashions. About 100 attended.

## PARR PARK

# Jasper area named for native son

Editor's Note: This is one of a series on Illinois' state parks and memorials.

By JOAN MURABO

**NEWTON**—Sam Parr, an outstanding Illinois conservationist and long-time conservation department employee, worked for decades with residents of Jasper County to secure a state conservation area for the county.

In 1980, 72 acres were acquired and became the Jasper County Conservation area. Just six years later, Parr, who was only 64, died while waiting for friends to join him for a hunting trip in southern Illinois. The state legislature subsequently changed the name to honor his memory. Sam Parr State Park, three miles northeast of Newton, near the junction of Ill. Rts. 33 and 130, was dedicated May 12, 1972.

Parr was born in Jasper County, attended Newton schools, then moved to Decatur. In 1937 he joined the state conservation department as a

game warden, later transferred to the fisheries division, where he rose to the post of superintendent of fisheries, and was administrative assistant to the department director at the time of his death.

The original 72-acre acquisition at the site has been expanded and a lake, impounded by a dam built in 1971, now covers 183 acres, more than double the total original site. Today, the park has a total acreage of 1,083 acres, including the lake with a maximum depth of 28 feet and nine miles of shoreline.

The lake, nestled in rolling timbered country, has become an attractive nesting site for wood ducks. Early Indians were attracted to the area and for nearly 1,000 years they fished and lived along the Embarras River, hunting in the nearby woods. In the 1770's, the French came into the area and shortly afterward the first wave of Americans moving west. The region eventually was occupied by Piankashaw Indians who had

been pushed west. They settled in among the French in comparative peace.

In 1812 the Piankashaws negotiated a treaty with Gen. Harrison from Vincennes, Ind., and gave up nearly one million acres to the U.S. government, including what is now Jasper County. At the time there were only about 140 Piankashaws left in the area.

The region still is comparatively untouched, with quail, rabbits, squirrels, pheasants and deer commonly seen, with meadow larks, blue jays, bluebirds, and woodpeckers thronging in the hickory, oak, maple and red-bud trees prevalent in the park. Wild lilac and daisies are profuse.

In 1860 Frederick Bower Jr. planted a hard maple. Now, 115 years from the time Lincoln was inaugurated president, the 30-ft-tall "Lincoln Tree" still stands in the park, on the north boundary. The park also is the site of a downy woodpecker named in 1974 as the largest of its species in the state, standing 30 feet high with a crown 32 feet across and a trunk circumference of three feet, eight inches.

A large picnic area is located on the west side of the lake near the dam, with picnic tables, camp stoves and nature enthusiasts. There is an area for tent campers in primitive areas where the campers must walk in. Fishermen will find the lake stocked with largemouth bass, bluegill, sunfish, channel catfish and muskies. There is a launch ramp on the west end of the lake, and boats are permitted with motors up to 10 hp. Motorhomes are popular. There are no boat rentals.

In hunting season upland game species have seasons, including squirrels, woodchuck, rabbit, and deer (booby), as well as doves, pheasants and quail. There is a station where hunters must check in and out.

During the winter, ice skating and ice fishing are allowed when ice is thick enough.

**MRS. HAGEN HOSTESS TO WE FIVE CLUB**  
Mrs. Della Hagen, 2530 Edwards St., served an evening dinner to members of the We Five Card Club during the weekend, followed by games.

Those winning prizes were Mrs. Emma Goble, Mrs. Edith Hagen, Mrs. Caroline Lax and the hostess, Allie Moore.

Young will host the November meeting in her home.

**MRS. GERTIE LORENTZ IS HOME FROM HOSPITAL**  
Mrs. Gertie Lorentz of Dunlap Hill, formerly of Granite City, is convalescing at home after being released from Normandy Osteopathic Hospital in St. Louis County.

The former resident was a patient for two weeks while undergoing treatment for pneumonia.

**HURT IN ACCIDENT**  
Dr. Richard Hodshire, 27, of 3318 Union Road, was released from St. Elizabeth Hospital at 5:55 p.m. Monday after being injured in an auto accident. He suffered swelling of his right foot, which was x-rayed. He was released.

## Letter from Washington

by Senator Charles H. Percy

This summer I included an Illinois Poll in my semi-annual report to constituents. I was most pleased with the large number of responses, and I found the answers interesting and helpful.

The most pressing problem we face today is the unstable economic recovery. We are in the first months of an economic recovery period that promises to be long and challenging. It will require both imagination and discipline by leaders in government, business and labor as well as every American citizen.

My survey of Illinoisans revealed that there is great uncertainty about the future of the economy. In fact, those who responded to the poll were evenly divided on the prospects for better economic conditions by the end of the year. The national debate over the economic recovery has certainly contributed to this split in opinion.

The unpredictable nature of the nation's economic recovery poses a strong challenge to Congress as well as to the private sector. I believe it indicates that we must strike a careful balance between leaving a portion of the tax cut program for individuals passed in April. But more important, and because of its long-term and fast-rising value, we must find ways to invest capital for business investment and expansion.

We should maintain and even expand the opportunity for public service jobs against more welfare, and provide assistance to the unemployed and insured jobs and those who lose their jobs because of

national policy such as gasoline conservation. To fight inflation, we should live up to the spirit and principles of the budget reform procedure that now governs Congressional spending. This new process, which I supported from its inception and managed for the Republicans when it was debated and passed in the Senate, has put Congressional spending on a sensible course for the first time in decades. It is a key to the national fight against inflation.

Congress and the Administration also share a responsibility to establish policies that help restore the market mechanism in controlling the price of fuel, one of the major causes of inflation. At a minimum, the politicians and policy-makers in Washington should immediately compromise on a plan to decontrol the price of domestic oil over the next several years. But we must go beyond that and forge a comprehensive national energy policy.

Responses to my survey indicate that many Illinoisans believe that the price mechanism should be used to conserve fuel. Basically, many agree that if we increase the price of automobile gasoline, the most adaptable energy cost to our society, then we can hold down the price of other energy products such as home heating oil. A majority also believe that we should avoid gasoline rationing, even if the price of gasoline reaches as high as one dollar a gallon.

In the weeks ahead we will be released to the media in your communities. Again, I appreciate the response to my survey from so many Illinoisans and I look forward to the debate that will continue on important national issues.

## Board of Higher Education urges Channel 18 funds

State funding to provide broadcast capabilities for Channel 18, the educational television station proposed at Southern Illinois University at Edwardsville, was recommended Tuesday by the Illinois Board of Higher Education (BHE).

Meeting at Eastern Illinois University at Charleston, the BHE approved a staff report recommending creation of a statewide plan for instructional television (ITV), including activation of the broadcast facilities at SIUE.

Specifically, the BHE staff report recommends: "SIUE be provided funding as soon as possible to construct a transmitting tower and ancillary facilities near the Edwardsville campus to provide broadcast capabilities for UHF, Channel 18."

"It is further proposed that this recommendation be contingent upon SIUE developing a not-for-profit council similar to the Chicago Higher Education Council or other similar agreements with other public, private, elementary, secondary and higher education institutions and agencies in the proposed viewing area."

It was specifically recommended that the needs of the disadvantaged in the Illinois-St. Louis area be represented in the administration and programming of the proposed facility.

According to the staff report, estimated costs for getting Channel 18 on the air will be approximately \$1 million.

The primary one-time costs will be for the transmitter, tower, antenna, a small building and land acquisition, limited new studio equipment, and other items such as remote control, transmission line and installation.

Channel 18 will serve portions of Illinois counties where present educational television signals are either poor, unreliable or nonexistent.

These consist of Fayette, Marion and Shelby Counties and portions of Sangamon, Bond, Christian, Macomb, Greene, Jersey and Morgan Counties.

Channel 18 is intended to serve 485,000 students in over 400 school districts in more than 600 communities not now served adequately by an Illinois-oriented educational television station.

"Portions of Illinois are now being served by ETV Channel 9 out of St. Louis. However, the program structure and content are primarily public broadcasting oriented and provide little time for instructional

programs," the BHE report said.

"The needs of the disadvantaged in the Illinois area and the needs of Illinois elementary and secondary schools should be a prominent feature of Channel 18."

SIUE has a broadcast standard color television studio, equipped with modern technical equipment.

At present, the equipment is utilized six to eight hours daily for student instruction as part of the mass communications curriculum.

In addition, some television programs are produced for use by other educational television and commercial facilities. Programs are recorded on videotape for later playback via the campus closed-circuit television system or are used for student instruction.

The existing color TV technical facilities are installed in the Communications Building. They consist of one large studio, a control room, telecine-film room, graphic arts and a master control room.

In addition, color camera cables are installed and programs are produced in the Communications Building theater. Stage plays, musicals and audience participation programs have been recorded.

The BHE report also recommends that Sangamon State University at Springfield, along with other elementary, secondary and higher education institutions and agencies in the general area, proceed to plan with the University of Illinois, SIUE and/or Channel 47, Peoria, for ITV coverage for the Central Illinois area.

In addition, the report recommends the acquisition of WTTW, Channel 20, with the intention of developing the station into an ITV station serving the metropolitan Chicago area, and that Western Illinois University be encouraged to form a not-for-profit organization to enter into agreements with elementary, secondary and higher education institutions as it proceeds with plans for educational and instructional television.

At present, there are four public broadcast licenses and five stations in the state: WTLI, University of Illinois at Urbana; WSU at SIU-Carbondale; WUSI at Olney (a satellite station of WSU); WTTW, Channel 11, Chicago Public Television; and WTVB, Illinois Valley Public Telecommunications Corp., which shares facilities at Bradley University, Peoria.

## Workshop on compensation

Area business men and women will learn the latest changes in Illinois unemployment compensation and workmen's compensation laws at a day-long workshop Friday, Oct. 17, in Augustine's Restaurant, Belleville.

The workshop, scheduled to start at 8:30 a.m., is sponsored by the Illinois State Chamber of Commerce in cooperation with the Belleville Area Chamber of Commerce.

Specialists in both unemployment compensation and workmen's compensation will discuss recent revisions in the laws, administrative procedures, rates, compliance requirements and employers' rights and obligations.

Unemployment compensation panelists are: John Quirk, manager-payroll taxes, Sears, Roebuck and Co., Skokie; Gordon Winks, attorney, Seyfarth, Shaw, Fairweather and Geraldson, Chicago; Roger Mather, vice president, Reed, Roberts Associates, Inc., Chicago; and Leonard Day, ISCC labor relations manager.

Workmen's compensation panelists are: Ralph Miller, vice president, regulatory research and planning, Jewel Food Stores Division, Melrose Park; Thomas Nyhan, partner, Pope, Ballard, Shepard and Fowle, Chicago; and John Doyle, senior legislative analyst, American Mutual Insurance Alliance, Chicago.

For further information, Quad-Cityans may contact Frank M. Whittaker, Illinois State Chamber of Commerce, 20 N. Wacker Drive, Chicago 60606 (312-372-7373), or Ferd C. Goewert, Belleville Area Chamber, 334 W. Main St., Belleville 62222 (618-233-2015).

## Newcomers meeting Monday evening

A meeting of the Granite City Newcomers Club will be held at 7:30 p.m. Monday, in the home of Mrs. Barbara Maycock, 1526 Clark Ave.

The hostess said a guest speaker, Phyllis Whitehead, will discuss "Assertive Training," relating to a woman's role in today's world. Anyone wishing to attend the session may call Mrs. Arla Ault, at 876-5088, or the hostess, at 876-5088.

## ROBERT BUDNICK'S NAME DAUGHTER

Wendy Beth is the name selected by Mr. and Mrs. Robert (Diane) Budnick, 4053 Kathy Drive, for their daughter, born Tuesday at Christian Northwest Hospital in Florissant, Mo.

The new arrival weighed seven pounds, 14 ounces. The paternal grandparents, Mr. and Mrs. Adam Budnick, reside in Collinsville. The maternal grandfather, Leo Mshar, also of Collinsville, is a former resident.

## OCTOBER MEETING OF RAINY SUZ CLUB

The Rainy Suz Club held its monthly meeting Monday evening in the home of Mrs. Aline Graham, 2518 E. 24th St. Each member received a prize following games. Those present were Pat Lee, Lucille Broyles, Pat Petrosky, Donna Lee, Carol Broyles, Eloise Grimm and Evelyn Ferro. Mrs. Pat Lee invited the group to her home, 1610 Second St., Madison, for the next meeting.

## POET'S BIRTHDAY

Johann Wolfgang von Goethe, German poet, dramatist and philosopher, was born Aug. 28, 1749.

**WITCH IN THE IAR.** When touched by the "witch" you must stand in the circle until a friend rescues you by touching you without being touched himself by the witch. Basically that is how you play the colonial American game that the children in the R. D. Johnson elementary school were playing Tuesday. Children of colonial America had to make their own fun. These games are a significant part of our children's heritage.

**COLONIAL AMERICAN GAMES.** Children at the R. D. Johnson elementary school are learning some of the games that their forebears played as children in colonial America. Much to their surprise, some of the games are similar to the ones played today, such as blindman's bluff.

according to Alan Crider, director of gifted programs for the Granite City School District who is coordinating the Bicentennial activities of the local schools. Crider has requested that persons interested in sharing information about the Bicentennial, or be willing to teach crafts, show a display or help in the commemoration in any way, call him at the board office, 876-6600.

## Third circuit second in completion of law cases

The Third Judicial Circuit Court of Madison and Bond Counties was second only to Cook County in the number of law jury verdicts completed, a study published in the last Judicial Administration Newsletter of the state has disclosed.

With 78 law jury verdicts during the year, the Third Judicial Circuit was second in the state among counties having populations of more than 100,000 persons. Cook County had 973 law jury verdicts. Third was Kane County with 42 verdicts.

The statistical study showed the Third Judicial Circuit was slightly above the average time

elapsed in months between the date of filing and the verdict. While the average "waiting time" for a case in the state was 22.9 months, the average time in the Third Judicial Circuit was 23.8 months. The highest was in the 12th Judicial Circuit of Will County at 45.3 months and the lowest was the Sixth Circuit of Champaign and Macon Counties at 15 months.

Michael Henkhaus, court administrator, reviewed the statistics and commented, "The Third Judicial Circuit is 12th in population in the state, but is well ahead of the larger circuits which have more judges available. Certainly this is a reflection on the amount of work being accomplished in our circuit, and in my opinion, our judges should be commended for their work."

## STEAL TOOL BOXES

Two tool boxes containing tools worth about \$300 were stolen from the pickup truck of Phillip Barr, 217 Weber St., Venice, parked at Narnock Road and Washington Avenue, it was reported early this week.

Main, Belleville, Illinois, Dodge, Sean, Manchester and Weidman, St. Louis, Missouri; American League of Madison-St. Clair County, 500 Madison, Madison, Illinois; Clark, Dietz and Associates-Engineers, Inc., 211 North Race Street, Urbana, Illinois; 301 Commerce Park Drive, P. O. Box 817, Jefferson, Mississippi; 161 Jefferson Avenue, Memphis, Tennessee; Suite 305 - 200 E. Ontario, Chicago, Illinois; Pennridge Square, Suite 108, 3751 Pennridge Drive, Bridgeton, Missouri; Suite 200, 1013 North Washington, Bening Square Building, Carthage, Missouri; Dodge Plan Rooms, 230 West Monroe Street, Chicago, Illinois; 600 East Vine Street, Springfield, Illinois; 1016 E. South Weinbach Avenue, Evansville, Indiana; Rm. 304, 2506 Willowbrook Parkway, Indianapolis, Indiana; 1025 Ashworth Road, West Des Moines, Iowa; Manchester Road, Memphis, Tennessee; 3234 E. East Sunshine, Springfield, Missouri; 2400 Poplar Avenue, Memphis, Tennessee; Peoria Building Contractors & Suppliers Association, Inc., Suite 118, 2100 N. Knoxville Avenue, Peoria, Illinois; and a Pre-Bid conference at 2:00 p.m., CDT, October 24, 1975. Purchasing Office of Southern Illinois University, located at LeClaire Street and Hale Avenue, Edwardsville, Illinois. Sealed bids will be accepted in the University Edwardsville Purchasing Office on the following divisions of work: 2:00 p.m., CST on November 7, 1975. Bids will be opened and read aloud at this time: "Plumbing" work - 1975K. "Heating, Piping, Refrigeration and Automatic Temperature Control" work - 1975L. "Ventilating and Distribution Systems for Conditioned Air" work - 1975N. "Electrical" work - 1975N. "General" work - 1975O. Contract Documents may be obtained upon application at the Purchasing Office of Southern Illinois University, located at LeClaire Street and Hale Avenue, Edwardsville, Illinois, upon the payment of a deposit of \$25.00 per set. The deposit shall be in cash or check drawn payable to Southern Illinois University, Board of Trustees. The deposit for each set will be refunded to bona fide bidders upon return of the Contract Documents in good condition if not later than fifteen (15) days following the award of a contract. Fifty percent of the deposit will be refunded to non-bidders and subcontractors who return the Contract Documents within the time specified above. All bidders to be prequalified by Capital Development Board and are to submit an "Affidavit of Availability" with the bid. Bidder must also conform to University of Illinois Practices Commission requirements, and furnish Federal Employers Identification Number. University reserves the right to reject any or all bids. No. 7 34 10 9

**Public Notice 34**  
NOTICE TO BIDDERS  
Sealed proposals will be received by the Bi-State Development Agency, 3689 Park Avenue, St. Louis, Missouri 63110, District to Re-Roof the General Office Building, 3689 Park Avenue, St. Louis, Missouri 63110. All bidders will be required to certify that they are not on the Compritor General's list of Ineligible Contractors. Each bid shall be made in accordance with certain specifications, as outlined in Bid Number 696 furnished for that purpose. The specifications and bid forms may be obtained at the office of Agency's Deputy Purchasing Agent, 3689 Park Avenue, St. Louis, Missouri 63110. The Bi-State Development Agency hereby notifies all bidders that in regard to any contract entered into pursuant to this invitation to bid, advertisement, or solicitation, minority business enterprises will be given full opportunity to submit bids and/or proposals in response; and will not be subject to discrimination on the basis of race, color, sex, or national origin in consideration for award of such contract. Sealed proposals will be received at the offices of the Bi-State Development Agency, Transit Department, 3689 Park Avenue, St. Louis, Missouri 63110, until October 23, 1975, at 10:00 a.m. (CST), at which time and place they will be opened in public. Any bid received after the time referred to will not be considered and will be returned to the bidder unopened. Agency reserves the right to accept any bid or reject any or all bids, or part thereof, on such a basis as the purchaser deems it to be in its best interest to do so. **EXAMINATIONS FOR PUPILS** and also immunizations for students, as outlined in state regulations, are urged by Illinois Education Supt. Joseph M. Cronin. Left to right are Mrs. Marie Cronin; her husband, Dr. Cronin; Dr. William Stewart, a member of the SIUC medical faculty; and five-year-old Patricia Cronin.

## Missed immunizations can lead to crippling—Cronin

"We try to practice what we preach," said Dr. Joseph M. Cronin, State Superintendent of Education (second from left), as he and Mrs. Marie Cronin smilingly observed their daughter Patricia, 5, get her pre-kindergarten physical examination.

Dr. William Stewart, physician on the staff of the Family Practice Center in Springfield and medical school faculty member of Southern Illinois University at Carbondale, conducted the examination.

Patty, youngest of Dr. and Mrs. Cronin's seven children,

viewed the whole process calmly. "She knows her sisters and brothers all have gone through this routine in the past," said her mother.

A survey by the Illinois Office of Education earlier this year revealed that thousands of Illinois children have not had the physical examinations and immunizations required by school regulations and which are necessary for children's health and safety.

"It's not too late to have them done now," said Dr. Cronin. "We certainly would have preferred that the examinations and immunizations be done

before the start of the school year. But, if for any reason they have been delayed, parents should follow through now."

A survey by the Illinois Office of Education earlier this year revealed that thousands of Illinois children have not had the physical examinations and immunizations required by school regulations and which are necessary for children's health and safety.

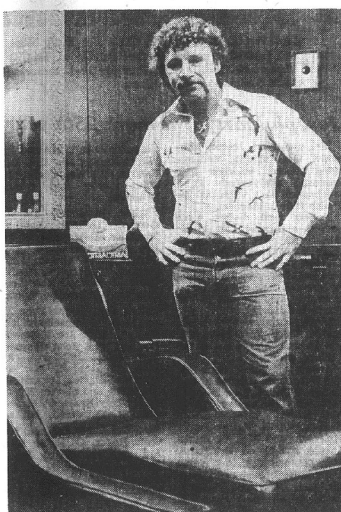

"It's not too late to have them done now," said Dr. Cronin. "We certainly would have preferred that the examinations and immunizations be done

**WOMEN'S HAIR FASHIONS** also are featured at the new Lion's Mane Barber and Beauty shop in the Crossroads Plaza Shopping Center complex. Beautician Sheila Plant here arranges model Tina Gaudy's hair.

**THE LION'S MANE** in the Crossroads Plaza Shopping Center complex has just opened under the ownership of The Razor's Edge, Inc. Formerly the Top Notch Beauty and Barber Shop, the new shop will continue to furnish separate facilities for beauticians and hair stylists. Here, Frank Beatty, standing, is shown demonstrating a new hair style on Peter Fowler of Granite City, a student at Southern Illinois University at Edwardsville.

**Salon owner to speak at Alton**

Mrs. Gerry Peters, owner and operator of the New You Coiffures Beauty Salon, 1601 Pontoon Road, will address a class of 31 senior students at Alton High School Tuesday as part of the "Professional Profiles" guest speakers' series.

Mrs. Peters, a beautician for 12½ years, will discuss various aspects of her profession. The business firm she owns employs seven operators, making it one of the largest salons in the Quad-Cities.

**EXPERT APPRAISING MORRIS REALTY CO. 876-4400**

**FACIAL TREATMENT ROOM** at the new Lion's Mane hair style shop is shown by Fred McCollegan, a partner in The Razor's Edge, Inc., the new owners of the shop.

## Anchorage seniors mark birthdays

Anchorage Senior Citizens Club met last week in the recreation hall at the housing project for its October business and birthday meeting.

Mrs. Georgia Butler, president, introduced those observing birthdays this month. They include Leo Morris, Clara Verbe, Henry Fabian, Mary Shane, Edna Hoffman, Bertha Bowler, Mary Ahlers, Verlyn Vollmer, Rollo Reeves, Ida Zimmerman, Frances Steinman and Mary Measki.

The Rev. Leroy Filby offered prayer and led the group in the pledge of allegiance.

Mrs. Butler read an invitation to attend a Halloween party Saturday at the VFW Hall. Guests may wear costumes for the social event, starting at 6:30, followed with dancing from 8 to 11 p.m. Prizes will be awarded, she added.

Members discussed a visit to the Colonial Haven Nursing Home and entertainment was provided by the AARP Kitchen Band.

Refreshments were served to 65 members and a guest, Mrs. Harriet Hoff.

## GC school board ok's grade policy

A policy to allow Granite City High School North students who are excelling in a course or who have outstanding attendance in that course to decline taking a final examination in that subject was approved by the Granite City Board of Education Tuesday night and was announced to the students yesterday.

The policy is similar to one used at GCHS South to encourage students to attend school regularly and to try for good grades.

Gilbert V. Walsley, principal at North, told the board of education that the new North policy is the result of months of meetings with staff members and students.

It first was drafted by a 15-member faculty committee of department heads and consultants in an attempt to reward outstanding students and to encourage regular school attendance.

The original draft called for students with an "A" average in a class and those with no more than two excused absences being allowed to waive taking the final examination in that class.

Walsley explained the staff members felt, "we arrived at a policy we felt was extremely beneficial to the student body and would help us accomplish our goals in keeping students in school where we could serve them."

He said good attendance was stressed as "there were advantages to good attendance that overrode some of the advantages of giving final exams."

Walsley added as an example, "In industrial arts, it was felt it was more important to teach young people to go to work every day than it was to give them a final exam experience."

The grade average of "A" also was selected because, "It was decided we should do something to award academic excellence," according to the principal.

He said the policy was designed to lessen problems of students missing school for no apparent reason; students calling in sick when they had

only a minor physical ailment, such as a headache; truancies from school when the parents were not aware of the absence, and "a definite deterioration of senior attendance during the last semester prior to graduation."

The final point, forcing seniors not meeting the grade or attendance requirements to take final examinations, was opposite the school's previous policy of not requiring final exams of students in the final semester.

That was the only controversial portion of the policy, since many students objected to reinstating final examinations for graduating seniors and some administrators felt the task of grading the examinations and computing course grades would be difficult to complete in time to prepare diplomas and other documents necessary for graduation.

An eight-member student steering committee from the school's student council reviewed the proposed draft, and only to waive final examinations need not do so if he, or his parents, request that he be given the examination.

After several discussions, a paragraph was added to the document which stated, "Candidates for graduation who must take finals will take them early, prior to final exam week, and their finals will not be longer than one hour per day and will not cover more than two class periods."

The staff and students agreed to the policy and recommended its endorsement to the Board of Education.

At Tuesday night's board meeting, the members were favorable to the idea, but board member Carl Macios suggested the policy be placed in effect for two years and a survey of attendance be conducted during that period to determine if the policy was helping improve attendance.

The board approved the policy and two-year study period, noting the attendance portion of the policy is to be counted starting with the opening of school Friday.

B. J. Davis, superintendent of schools, noted that students who qualify to waive final examinations need not do so if he, or his parents, request that he be given the examination.

**New Hope honors past officers**

Past matrons and past patrons of New Hope Chapter 432, Order of Eastern Star, were honored during the weekend at the Masonic Temple, Mrs. Carol Hildebrand, a past worthy matron, was the surprise guest of honor.

Excorted and introduced were two grand lecturers, 14 members of grand chapter committees and 17 past matrons and past patrons.

Special visitors were Jim and Opal Packard, members of the Mariposa Chapter 31 of Tucson, Ariz. About 50 attended the event.

Past matrons and patrons assuming offices during the rituals were: Evelyn and Herman Harris, worthy matron and worthy patron, respectively; Sandy and John Simp-

son, associate matron and patron; Helen Merz, treasurer; Estelle McBrien, secretary; Elizabeth Morrison, organist; Dorothy Edwards, conductress; Thelma Jahnsen, associate conductress; Louise Cook, Ada; Gertrude Lowery, Ruth; Marilyn Whitworth, Esther; Marie Hoekstra, Martha; Donna Woodard, chaplain; Al Wood, marshal; Phil Morrison, sentinel and Mrs. Hildebrand, Electa.

A short program was given in honor of the past chapter executives, followed by a social hour in the Temple dining room. Mrs. Mary Edwards served as refreshment chairman, with Mrs. Charlotte Root supervising the decorations and table appointments.

At New Hope Chapter's Oct. 17 meeting, current worthy matrons and patrons from other chapters will be honored guests.

## Church bazaar in Madison

A bazaar sponsored by the Society of Myrrh Bearing Women of the Nativity of the Virgin Mary Eastern Orthodox Church will be held in the rectory hall of the church, 416 Ewing Ave., Madison, Friday and Saturday, beginning at 11 a.m.

The bazaar will feature handmade articles, Christmas gift items and ethnic food.

## CYCLIST INJURED

Donna Shemwell, 16, of 2609 North St., was treated for dizziness, pain to the left elbow and abrasions to both knees at St. Elizabeth Hospital after a motorcycle accident. He was released after treatment.

## Miss Schrieber is bride-elect

The Rev. and Mrs. Max Schrieber, 2109 Missouri Ave., are announcing the engagement of their daughter, Miss Martha L. Schrieber, to David R. Bradley of Charleston, Mo.

Miss Schrieber is a 1974 graduate of Granite City High School South.

The prospective groom resides with an uncle and aunt, Mr. and Mrs. Virgil Humphrey, Rural Route Two, Charleston. He is a student at the University of Missouri at Rolla.

Plans are being completed for a late summer wedding.

MISS MARTHA SCHRIEBER, fiancée of David R. Bradley of Charleston, Mo. Their engagement is being announced by her parents, the Rev. and Mrs. Max Schrieber, 2109 Missouri Ave.

## Madison grads attend reunion

Dr. and Mrs. Vasil Vasiloff entertained the 1931 graduating class of Madison High School at a reunion at their home on Dunlap Lake, Edwardsville, during the weekend.

A buffet dinner was served by the hosts.

Mrs. Margaret Michele, class secretary-treasurer, read a resume of the last reunion held at Lloyd Williams Motel in Sikeston, Mo.

Dr. Vasiloff extended an invitation to the class to reconvene at his home next year.

Those attending were Mr. and Mrs. Melvin Lee, Vincent Scrum, Ernest Williams, Mr. and Mrs. Leonard Miller, Mr. and Mrs. August Sacadat, Mr. and Mrs. Paul Danker, Mr. and Mrs. Fred Riddle, Mr. and Mrs. Bob Newgent, Mr. and Mrs. Bill Sander, Mr. and Mrs. Ralph Adams and Mr. and Mrs. Adam Zentgraf.

## Wilson-McNeely nuptials

The wedding of Vickie McNeely, 819 Staunton St., Madison, and Charles Wilson, 1736 Ferguson Ave., was solemnized at 3:30 p.m. Oct. 4 by Judge Merlin Hiscott in his home, 1732 Spring Ave.

Parents of the bride, Mr. and Mrs. Donald Mayes, reside at 1429 Madison Ave. The groom is a son of Mr. and Mrs. William Walker, 1736 Ferguson Ave.

Attending the couple were Meloyde Smith and Erwin Porter.

The newlyweds are residing in Granite City.

## Special Education parents meet today

Parents for Special Education will meet at 7 p.m. today at 2810 Madison Ave. to hear a program dealing with child neglect and abuse.

Mrs. Kathy Hahne, president, said the speaker will be Alan Carlson of the Children, Family and Youth Advocacy Council.

The officer reminded parents that the next roller skating party will take place from 8 to 10 p.m. Oct. 20 at the Stardust Skating Rink in Pontoon Beach.

A 50 cent fee will be charged and children may wear a Halloween costume if they wish.

Halloween treats will be distributed at the end of the skating period, Mrs. Hahne said.

## Chapter to host needy children

Theta Theta Chapter of Beta Sigma Phi Sorority planned to host a Christmas party for area needy children during the meeting last week at the home of Mrs. Cindi Mucha.

President Mrs. Linda Givens presided at the business session. Arrangements also were made for a chapter Halloween party on Oct. 16 and an ice skating party in November.

The group also discussed nominating a queen candidate for the sorority's Valentine ball.

In keeping with the Bicentennial Year and women's heritage, Mrs. Ellen Brokaw selected famous women of the past as the program topic. She gave an historical account of the life of frontierswoman Mad Ann Bailey.

Mrs. Givens and Mrs. Linda Yates presented the cultural subject, "Voices Behind Us."

A dessert course was served by the hostesses to those named and to Martha Giamake, Jane Jackstadt, Mary Morgan, Midge O'Master, Debbie Parmley, Phyllis Talley and Jane Yates.

Mrs. Linda Yates will entertain chapter members on Oct. 16.

## Business Women to host political leaders

By VALERIE EYDEN Press-Record Staff Writer State Senator Sam M. Vadalabene (D-Edwardsville) and State Representative Everett G. Steele (Republican-Glen Carbon), both from the 56th Legislative District which includes the Quad Cities, will be featured speakers Wednesday evening at the 6:30 dinner meeting of the Granite City Business and Professional Women's Club.

The dinner will be held at Charlie's Restaurant and is open to the public. Reservations currently are being accepted by Mrs. Lois Wetton at Lois' Fashion Hut, 4306 Nameoki Road, or by calling 797-0938.

Granite City Mayor Paul Schuler, Venice Mayor William "Mike" Ebersoldt and Madison Mayor Mike Sasyk are expected to attend the event, together with other area political leaders and civic officials.

A special guest will be Mrs. Catherine Burton of Collinsville, president of the Illinois Federation of Business and Professional Women's Clubs. After dinner entertainment will be furnished by the Madrigal Singers of Granite City High School South under the direction of Mrs. Mary Ann Bright.

Mrs. Edna Kohlbrecher, legislation chairman for the local BFW club, said issues are expected to be discussed by the state legislators.

A member of the Illinois General Assembly since 1966, Sen. Vadalabene served as state representative for four years and was elected to the Senate in 1970. He was re-elected to the

SAM M. VADALABENE

State Senator

maintains legislative offices from 9 a.m. until noon each weekday at 1318A Nidringhaus Ave.

The Republican state representative was first elected to public office last Nov. 5. Currently, he is serving on the House's Appropriations, Transportation and Higher Education committees.

He is past president of the Granite City Jaycees, Granite City High School Alumni Association and the Granite City Board of Realtors. He is a former vice president of the Granite City Scholarship Foundation.

A member of Masonic Lodge 877, AF&M, Rep. Steele also holds membership in the Dechler Lodge of Honor, James Stuart DeMolay Chapter, Advisory Board and East St. Louis Commandery 81.

EVERETT G. STEELE

State Representative

He is a grandson of the late Chris Kunnemann, one-time mayor of Nameoki. Soccer fields bearing his name are used by hundreds of children each year who take part in the YMCA Soccer Association's program.

Other BFW members helping to plan the club's annual legislative dinner are Lorene Sadrakula, Betty Nugent, LaVelle Stephens, Delores Kiehl, Marjorie Lambert, Marie Hampton, Gladys Newman and Mrs. Wetton.

## Celebration by family

The Sullivan family held a "get-together" at the home of Vivian and Paula Lich, 495 Willow Lane.

The group celebrated Leon Sullivan's discharge from the army and also the birthdays of Laura Sullivan, Ray Sullivan, Paula Lich, Brenda Sullivan, Ruby Sullivan and Eva Cavar.

Those present included Mr. and Mrs. Ray Sullivan, Niangna, Mo., Jean and Leon Sullivan, Columbia Mo., Shirley Sullivan, St. Louis, and Mr. and Mrs. John Ashcraft and children, John, Robert and Jeffery of Collinsville.

Attending from Granite City were Mr. and Mrs. Lester Sullivan, Linda, Brenda, Alar and Darrell, Mr. and Mrs. Dwayne Sullivan, Laura and Krista, Mr. and Mrs. Harold Sullivan and son Eddie, Mr. and Mrs. Larry Sullivan, Linda Louie and David Medley and Eva, Robby and Scott Cavar.

## Charles Suttons mark 47 years

Mr. and Mrs. Charles Sutton, 1738 Second St., Madison, were honored on their 47th wedding anniversary at a dinner hosted by their daughter, Mrs. Nora Goodridge of Madison, in their home for reception for friends followed.

The guests of honor were married on Sept. 27, 1928 in Madison, Ill. They have resided in this area for 35 years.

Both are members of the First United Methodist Church in Madison.

Mrs. Sutton is a retired truck driver. He was employed by Trans-American Truck Lines prior to his retirement.

Also present were the Suttons' grandchildren, Terry, David and James Goodridge.

## Successful fiesta is reported

The Mexican Honorary Commission heard reports of the successful Independence celebration held in September at a meeting this week in the commission's hall at 1801 Spruce St.

Appreciation was expressed to those who assisted in the annual project, including Shirley Valencia who provided two paintings as gifts. Ted Antoff, ticket chairman, said a capacity crowd attended.

A haloween party was planned for children on Oct. 26, with Mrs. Rose Grim in charge. A ceramic work was donated by Mrs. Jean Macina in connection with the party.

It was agreed to enter a float in the Bicentennial parade and Garcia and Shirley Valencia were appointed to supervise its construction and delivery.

Miss Garcia also was named to head the youth group's dancing activities during the Bicentennial Year.

Permission was granted to the East Bank Players to use the commission's building without cost for presentation of a play—"Dracula Baby"—on Nov. 1 and Nov. 2.

Introduced were new members, Mr. and Mrs. Norvell Cooper, and a guest, Nick Rangel.

Refreshments were served by Wilma Valencia, Alice Noon and Lilly Valencia.

## Circle hears history review

Members of Love Circle of Nidringhaus United Methodist Church met last week in the home of Mrs. Paula Smith for its October session and heard a lesson presented by Miss Ella Ray Smith.

Scripture verses taken from the Book of Ruth were read by Miss Smith, followed by a program on Mrs. Nancy Hart, a "fearless woman and staunch patriot" who was well known during the Revolutionary Wars.

Mrs. Josephine Ramsey, circle leader, led the group in reading the Lord's Prayer. She announced a leadership conference for district officers will be held Nov. 12 at the First Methodist Church, East Alton. Sessions are planned from 1 to 3 p.m. and from 7 to 9 p.m.

A discussion was held on the Nov. 21 church bazaar which will feature luncheon at 11:30 a.m., dinner from 5 to 7 p.m. and a variety of booths with holiday items for sale. Tickets were distributed to the members.

Mrs. Ramsey asked for volunteers to aid the Meals on Wheels program.

Also present were Mesdames Leitha Gutchoff, Lettie Howerton, June Karandeff, Marie Klein, Yvonne Martin, Clara Sotiroff, Olga Tierney and a guest, Mrs. Eva Evans.

## Foreign mission speakers at Trinity, Nameoki Methodist

New World Mission services will be held at Nameoki United Methodist Church from Oct. 19 to Oct. 23 and at Trinity United Methodist Church Oct. 26-30.

Local chairmen, Byron Briner and Lloyd Seymour of Nameoki, and Mrs. Lorraine Fogle of Trinity, said the New World Mission concept in evangelism enables native pastors from foreign countries to minister to the United States minister at local churches for a five-day period.

Programs are divided into three phases: "Preparation," a five-week study in which local church members participate; "Proclamation," a five-day preaching mission; and "Penetration," a follow-up program at the local church.

The Rev. Vivian Wilson of New Delhi, India, will be featured speaker at the Nameoki church, where the Rev. William D. Fester is pastor.

The Rev. Ellis H. Daggar, minister at Trinity church, said the Rev. Lovemore Nyamango, district superintendent from Rhodesia, South Africa, will speak at his church.

## Senior club plans fashion show

The Silver Bell Senior Citizens group of Venice and Madison is planning a tea and fashion show from 4 p.m. to 6 p.m. Sunday, Nov. 9, at the Venice Recreation Center, 305 Broadway, Venice.

The public is invited to attend and tickets are available in advance, costing \$1 each, from any member of the group or by contacting Mrs. Dorothy Buford, at 451-7624, or Marion Gunt, at 876-9284.

Silver Bell members will be showing their own creations in the show.

The senior citizens club is sponsored by the Madison County Economic Opportunity Commission.

## Chevette among '76 Chevrolets

Chevrolet has announced details of its completely new car for the domestic market, the 1976 Chevette, introduced along with other new Chevrolets at Mathews Chevrolet, Nidderhous and Madison Avenues.

The Chevette is called the first domestic car designed with major emphasis on efficiency both in the use of materials and in fuel consumption.

"We are offering two models of the Chevette," Chevrolet General Manager Robert D. Lund says—"a four-passenger hatchback coupe and a two-passenger special purpose model called the 'Scooter'."

"Our marketing objectives for the Chevette are twofold: to offer customers a clear alternative to the imports, and to offer as much fuel efficiency in this size vehicle as possible."

"The Chevette is the first European-design concept built completely in the United States," he said, "and it delivers the best gasoline mileage of any U.S. built car—rated up to 30 miles per gallon on the city schedule, with the optional engine, and up to 40 miles per gallon on the highway schedule, with the base engine."

It is the lightest U.S.-built car, at just under 2,000 pounds, and is 17 inches shorter than any other Chevrolet in recent history.

It is the first U.S. built metric car, has the shortest turning circle of any U.S. car, and has the most comprehensive piece-by-piece corrosion protection of any Chevrolet ever-built, Lund said.

### Coin show Sunday

The Land of Lincoln Coin Club will hold its monthly show and flea market Sunday at the Nameoki Recreation Center, featuring displays of silver dollars and antique wood-working tools. Admission is free. Fifty tables will be set up to display old and new items. The show will open at 9 a.m. and continue until 5 p.m.

### INSURANCE

CALL  
COCHRANE-WOLF Agency  
876-1767—877-2345

The wheelbase at 94.3 inches is only 2.7 inches less than the Vega, but the overall length of 158.7 inches is 16.7 inches less. "Basically, the Chevette is a little bit higher, a little bit narrower, and a lot shorter and lighter. Curb weight is 1,985 pounds, 629 pounds less than the Vega."

A new small displacement 4-cylinder engine is tuned for the Chevette in two displacements of 1.4 and 1.6 litres (85 and 97.6 cubic inches).

"Basic structures such as the block and head are cast iron," according to Lund. "However, aluminum is used for six of the secondary structures, including the intake manifold and camshaft carrier."

Two new transmissions will be introduced for the Chevette. Standard equipment is a 4-speed automatic and a 4-speed manual. A 3-speed automatic is offered as optional equipment. Both transmissions are 35 pounds lighter than current General Motors small car designs.

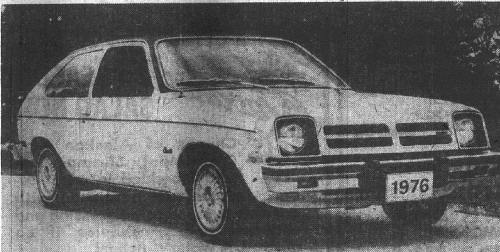

"With the Chevette, we are also introducing the first GM on-vehicle diagnostic system designed to aid and speed up the diagnosis of service problems," Lund said.

"A master electrical diagnostic connector and ignition probe bracket will be used by service centers to speed up and improve the accuracy of their diagnoses."

Front seats are a new, thin-shell design with full foam construction. Inertia type seatback locks allow easy entry into the rear seat without having to turn a manual lock. The Chevette is also the first domestic car to include controls for turn signals, headlamp dimmer, windshield wipers and washers and "flash to pass" headlamp signal in a single steering-column-mounted lever.

A full range of optional equipment is available for the Chevette, including air conditioning, AM-FM radio, floor console and electric rear window defogger.

The two-passenger "Scooter" version of the Chevette is aimed at young single and married persons, retirees, and other economy minded buyers seeking basic transportation. It is also expected to appeal as a quick-delivery vehicle for pharmacy, fast-food store, florist shop and similar commercial applications.

**CHEVETTE JOINS CHEVROLET LINEUP.** The new Chevette brings to the motoring public a new dimension in design, efficiency and economy for 1976. Weighing less than 2,000 pounds and at least 17 inches shorter than any previous Chevrolet, the Chevette features a number of American automotive "firsts" while delivering exceptional fuel economy. The Chevette hatchback coupe pictured has a standard 1.4 litre four-cylinder engine and four-speed manual transmission.

## Soybean disease is serious

By RON CORNWELL  
Madison County Agricultural Extension Adviser

In recent weeks, disease surveys and specimens received by the Plant Disease Clinic have indicated that a serious soybean disease, problem has developed in the state, according to M. C. Shurtleff, University of Illinois Extension plant pathologist.

The problem actually is a combination of several diseases.

The diseases involved are brown spot, stem canker, pod and stem blight, anthracnose, and charcoal rot. In fields surveyed, estimated yield losses will be from 5 to 25 per cent or more, says Shurtleff.

The summer of 1975 has been hot and wet throughout most of Illinois. This has been extremely favorable for the development of these diseases. Many soybeans also were planted on old bean ground, and all of these disease-causing organisms survive in bean debris.

The key symptoms of these diseases are premature defoliation, areas of prematurely killed plants, and dead plants with shriveled leaves still attached.

Brown spot, caused by the Septoria fungus, is the most common soybean leaf disease in Illinois at this time. As its name suggests, the disease appears as small brown spots on the leaves. This disease has caused extensive premature defoliation of plants resulting in poor filling of many young pods. The stem spot fungus also causes greyish-

brown lesions on the stems and pods.

Pod and stem blight, caused by a variety of the Diaporthe fungus, appears as linear rows of black dots on stems and as scattered dots on pods. The black spots appear on dead plants.

The casual fungus is seed-borne and is the number one seed-quality problem in Illinois. Seedlings from infected seeds are generally weak and are destroyed either before or after germination and emergence.

Examination of infected pods will usually reveal moldy and shriveled seed.

Anthracnose is of lesser importance than the other diseases. However, the disease is quite common this year. Indefinite enlarging, dark-brown or reddish-brown areas may cover the surface of infected stems and pods. Later, these areas may become black-speckled with fungus-fruited bodies.

Seed in infected pods is usually shriveled and moldy. This disease, like pod and stem blight, is also a potentially serious seed quality problem for 1976. The two diseases commonly attack the same stems and pods.

Charcoal rot is a disease of the roots and basal portion of the stems and is favored by hot (more than 80 degrees F.)

weather. Other favorable conditions may include drought, infertile soil, or other stress conditions. The disease is easily identified by the presence of a greyish-black color in tissues under the "bark" of lower stems and roots.

When stems are split, small black spots can be seen in the pith area. When the disease is advanced, these specks can be found in large numbers giving a charcoal-like appearance. Such plants are easily pulled up.

This fungus attacked many plants including corn and sorghum so rotation is of little value in controlling the disease.

What can be done to minimize disease losses in 1975?

At this time, early harvest is the only practice which will minimize losses, according to Shurtleff. Beans should be combined as soon as practical, because, if wet weather occurs, losses in seed quality and yield could become more serious.

Seed saved for planting next year should be checked for germination using the cold seed test or accelerated aging test. These tests can be done for a nominal fee by the Illinois Crop Improvement Association in Urbana.

In 1976, plant only large, plump, shiny, high-quality soybeans. Any plant them where beans were not grown in 1975.

"Our 10 models in the Calais, De Ville, Fleetwood and Seville series for 1976 are now in dealer showrooms," Cadillac General Manager Edward C. Kennard reports.

"Dimensionally, this year's full-size models are identical to 1975 Cadillacs," Kennard noted. "The new international size 1976 Cadillac Seville stands on a 114.3-inch wheelbase, is 304 inches long, 71.8 wide, 54.7 high and weighs about 4,340 pounds."

By comparison, the Seville is 27 inches shorter, 3 inches narrower, almost identical in height and about 1,000 pounds lighter than a 1976 Cadillac Sedan de Ville.

The 1976 Fleetwood Eldorado convertible remains as the only domestically produced convertible.

Personalized styling is evident in several new elements for 1976 full-size Cadillacs. Wheel discs on the front-wheel-drive Eldorados are new, featuring a black center hub area. Optional wheel discs for other 1976 models include a turbine disc and a wire-wheel type.

All vinyl roofs, except the Seville and Fleetwood 75 series sedan and limousine, utilize the integral padded vinyl grain material. A cross grain padded vinyl roof is standard on the Seville and optional on the Fleetwood 75. Additionally, a new vinyl roof design for Calais and De Ville coupes is highlighted by the extension of the top molding as a continuation of the door "belt" molding.

New trims for full size cars include sporty plaids, plus velours, knits and 11 genuine leather selections.

"The Seville is among the

## Congress hearing praise for limiting itself to a 5% raise

By LESTER BELL  
Press-Record

Washington Bureau Congress got its 5 per cent pay raise last week and managed to look fairly pious in the process.

Rallying behind inflation fighter President Ford and his 5 per cent recommendation, both the Senate and House have now scuttled the 8.67 per cent proposal to make white-collar, military and top federal pay "comparable" to civilian salaries.

The House by default also left intact an automatic escalator tying Congressional raises into cost-of-living increases for the rest of the federal government. The Senate had voted in July to put Congress on the escalator and that was the only action required.

House bills offered by Rep. Henry J. Hyde, Illinois Republican, and Rep. Charles E. Grassley, Iowa Republican, to repeal the Congressional escalator never reached the floor and are unlikely to pass.

The latest chapter in the embarrassing pay scenario found the Illinois delegation voting a unanimous "yes," except for three members who missed the record vote—to

uphold Mr. Ford's 5 per cent recommendation. This vote came on a parliamentary attempt to veto Pres. Ford's 5 per cent and let the 8.67 per cent stand.

Rep. Herbert E. Harris II, D-Va., sought to bring to the floor a resolution rejected earlier in committee that would have disappointed Mr. Ford's lower pay proposal in favor of the higher increase. The Senate shot down an identical move 53-39 on Sept. 18.

The House voted 278 yeas to 123 nays, with 31 not voting and one present, to table the Harris resolution, thus killing it and permitting the 5 per cent raise to become effectively immediate.

Only Reps. John G. Gary, Edward R. Madigan and George M. O'Brien missed the vote. Most of the Illinoisans look pretty good while giving them a raise without an up-or-down vote on a pay hike.

Several interpretations can be ascribed to such a rare show of unanimity among the Illinoisans in the House. Hyde was asked if fear of voter backlash or genuine concern for inflation was behind the vote.

"Both," he said. "We're all mindful of inflation. And we have to be deaf not to have heard the uproar from taxpayers over Congressional pay raises."

Hyde said, "Lost in the furor over an increase to Congress" is the prospect it would have gone to 8.67 per cent had it not been tied in to the whole federal pay process.

Rep. John B. Anderson, third-ranking House Republican, said the automatic escalator has been widely seen as an attempt by Congress to immunize itself from inflation.

"Most members of Congress are sensitive to that and, by their vote (on the Harris resolution) they sought to discipline themselves as members of a privileged class," he said.

Rep. Philip M. Crane admitted to a jaundiced view of the show of voting for a lesser rather than a higher increase.

213 to peg themselves to the cost-of-living and now they turn around and reward themselves by putting on a 5 per cent cap," Crane said. "I can only deduce from that that they heard from the folks back home."

CADILLAC LUXURY is being emphasized for 1976 with styling refinements to the already successful front-wheel-drive Fleetwood Eldorado pictured above, as well as other cars in the broadened Cadillac product lineup.

## 1976 Cadillac on display in region

Emphasizing the significance of a broadened product lineup, combined with styling and engineering improvements, the 1976 Cadillacs have been introduced in this region.

"Our 10 models in the Calais, De Ville, Fleetwood and Seville series for 1976 are now in dealer showrooms," Cadillac General Manager Edward C. Kennard reports.

"Dimensionally, this year's full-size models are identical to 1975 Cadillacs," Kennard noted.

"The new international size 1976 Cadillac Seville stands on a 114.3-inch wheelbase, is 304 inches long, 71.8 wide, 54.7 high and weighs about 4,340 pounds."

By comparison, the Seville is 27 inches shorter, 3 inches narrower, almost identical in height and about 1,000 pounds lighter than a 1976 Cadillac Sedan de Ville.

The 1976 Fleetwood Eldorado convertible remains as the only domestically produced convertible.

Personalized styling is evident in several new elements for 1976 full-size Cadillacs. Wheel discs on the front-wheel-drive Eldorados are new, featuring a black center hub area. Optional wheel discs for other 1976 models include a turbine disc and a wire-wheel type.

All vinyl roofs, except the Seville and Fleetwood 75 series sedan and limousine, utilize the integral padded vinyl grain material. A cross grain padded vinyl roof is standard on the Seville and optional on the Fleetwood 75. Additionally, a new vinyl roof design for Calais and De Ville coupes is highlighted by the extension of the top molding as a continuation of the door "belt" molding.

New trims for full size cars include sporty plaids, plus velours, knits and 11 genuine leather selections.

"The Seville is among the

most fully equipped cars in the world," Kennard continued. "Featuring many standard convenience items on the interior, among them a dual courtesy and front passenger reading lamp, rear compartment reading lamps, an electric trunk lock release, power-operated seat adjuster and roof-mounted assist handles."

Full-size 1976 models are powered by a 500-cubic-inch displacement (8.2 litre) V-8 engine. The optional Cadillac electronic fuel injected engine is offered on all full-size cars except the 75 series. The Seville is equipped with a standard 350 cubic inch displacement (5.7 litre) electronic fuel injected engine.

Full-size Cadillacs have received a federal fuel economy certification of 12 miles per gallon in the city and 16 miles per gallon on the highway.

California cars, meeting the state's more stringent emission requirements, are certified as 11 mpg in the city and 15 mpg on the highway. The Seville's federal certification is 15 mpg in the city and 21 mpg on the highway with a California rating of 13 and 19.

Personalized styling is evident in several new elements for 1976 full-size Cadillacs. Wheel discs on the front-wheel-drive Eldorados are new, featuring a black center hub area. Optional wheel discs for other 1976 models include a turbine disc and a wire-wheel type.

## Expand help to veterans with bad discharges

A 12-month program that will enable interested volunteers and social service agency personnel to receive training in providing discharge-upgrading assistance to veterans with less-than-honorable discharges has been funded by the Illinois Governor's Office of Manpower and Human Development.

Called the Bad Paper Project and operated by the Veterans Service Center (VSC) in Alton, the project is the only statewide, state-sponsored program of its kind in the U.S.

Training during the project's first six months will be conducted in Madison, St. Clair, Bond, Clinton, Washington, Randolph and Monroe counties.

In the second six-month period, training will be available to agencies and programs throughout Illinois.

The Bad Paper Project is the culmination of the VSC's three-year effort to overcome the high unemployment rate, the lack of Veterans Administration benefits and civil service preference, and ineligibility for state and federal programs which generally characterize veterans with less-than-honorable discharges.

The project will assist social service agencies in increasing the access of veterans to the military discharge review process.

It will help them present to these boards the best possible case for reconsideration of any errors and injustices which may have occurred in the discharge process.

The Veterans Service Center also operates a Vets in Prison Project to provide Veterans Administration benefits assistance, discharge-upgrading assistance and employment-related services to inmates at Illinois correctional institutions in Chester (Menard), Vienna and Vandalia.

Funded in March 1975 by the Illinois Law Enforcement Commission's Comprehensive Manpower Offender Program, the project also provides manpower services to released offenders returning to this area of Illinois.

Requests for further information on VSC programs may be directed to: Mr. John Wells, Veterans Service Center, 321 E. Broadway, Alton, Illinois 62002, 618-465-0111.

The one-stop Veterans Service Centers are located at 321 E. Broadway, Alton, and 234 Collinsville Ave., Fifth Floor, East St. Louis.

Requests for further information on VSC programs may be directed to: Mr. John Wells, Veterans Service Center, 321 E. Broadway, Alton, Illinois 62002, 618-465-0111.

Items with a total value of \$120 were taken from the home of Judy Segrest, 1628 S. (near) Edison Ave., she reported during the weekend. Taken after entry was gained by forcing a door, were a black and white portable television, a tape recorder and a dark blue, Indian jewelry necklace.

## \$2.9 million in grants for manpower program

The United States Department of Labor has announced that two grants totaling \$2,947,567 have been released to the Madison County Consortium, serving Madison and Bond counties, to continue operations through the Office of Manpower Development.

With funds remaining from the past manpower grant, a total of \$4,295,837 now is available to maintain the work experience and public service employment programs under the Manpower grant here.

The grant means continuation of the employment programs for 1,055 persons.

The grants released last week included \$2,280,377 under the Title VI work experience and public service employment program and \$657,010 under the Title II public service employment program.

The release of the grants brought the total available in the Title VI program to \$3,511,237 and the amount available under Title II to \$782,600.

Title VI expenditures planned include \$2,814,603 for wages, \$198,207 for administration of the program and \$498,427 for fringe benefits.

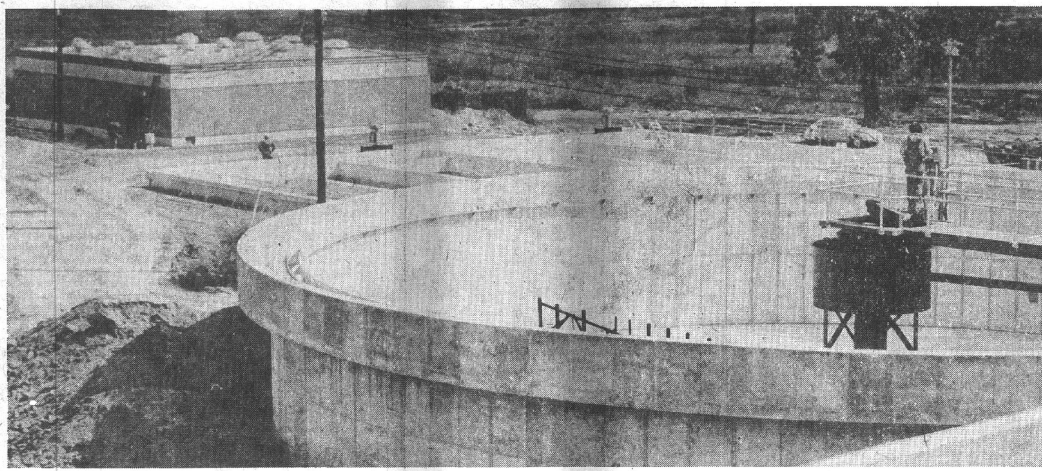

Title II expenditures planned include \$591,192 for wages, \$75,069 for administration and \$115,739 for fringe benefits.

It is anticipated 259 persons will be terminated from the Title II program with most of those terminated being transferred to Title VI. About 170 terminations are anticipated in Title VI.

Sixty-eight new persons are to enter the Title VI program while 11 new persons will be admitted to Title II.

Title II also will serve 99 veterans who are not included in the previous figures. The Title II and Title VI plans are available for public review and comment between 9 a.m. and 5 p.m. weekdays at 103 West Purcell Ave., Room 205, Edwardsville.

Information is available by calling 1-662-4392.

**FINAL TREATMENT** of sewage takes place at this point at Granite City's new secondary sewage treatment plant which is scheduled for completion by late November. In foreground is a sludge activation tank. Just above the rim of the tank may be seen the

termination of the secondary final clarifier in which sludge, treated with micro-organisms, settles to the bottom. Water remaining on top is chlorinated with chemicals from the Chlorine Station, the building shown at upper left. The treated water is discharged into the

river and remaining sludge is moved into sludge tanks for further treatment and incineration. The \$12 million plant has been under construction for nearly two years on the Granite City Army Installation grounds.

## Class visits by students

Nearly 120 college students are involved in a unique practical experience, observing and participating in nine area schools as part of their classwork in "Introduction to Secondary Education" at Southern Illinois University at Edwardsville.

Students are being placed with volunteer teachers in the various schools and are expected to participate in working with pupils in such activities as serving as a teacher's aide, helping small groups of slow learners, tutoring pupils, or any of the dozens of classroom tasks that cooperating teachers may ask them to perform.

Each of the college students is required to spend a minimum of 15 hours each at the elementary, junior high school and senior high school levels.

"A primary purpose of the class is to help students decide whether or not teaching should be their life work," William P. Ahlbrand, chairman of the department of secondary education, said.

Cooperating schools and coordinators are:

Elementary—Columbus Attendance Center, Edwardsville, Jean Novotny, principal;

READY-MIX CONCRETE CALL LYBARGER 452-5107 or 452-6100

Leclair School, Edwardsville, William Snadlr, principal; and Hamel Elementary School, Dean Pieper, principal.

Junior High School—Lorejoy School, Brooklyn District, James Barker, principal; Rock Junior High School, East St. Louis, Leroy Howell, principal; and Venice Elementary School, Mrs. Anna McKinney, principal.

Senior High School—Wood River-East Alton Senior High, Henry Studnicki, superintendent; Collinsville Senior High, W. Freeman Hopper, director of secondary education; Collinsville Senior High, Greenwood Campus, Rodney Woods, principal; and Collinsville Senior High, Vandalia Campus, Edmund Phelps, principal.

In addition to their work in the schools, students attend class two hours per week where some of the scheduled activities include a group of school principals explaining what they seek and ask of their teaching staffs, a microteaching demonstration, self-awareness techniques.

Also, characteristics for effective teaching, role expectations for teachers, professional ethics, community moral standards, legal rights and responsibilities, interviews with teacher-learning center candidates, and other

knowledge helpful to potential teachers.

The enrollment of nearly 120 represents the largest number of students expressing active interest in teaching in the secondary schools since a moratorium was declared in early 1972, according to Ahlbrand.

"Either students feel an increasing commitment to prepare to teach the young people in the region, or they see the value of a teacher training program applied to other occupations," he said.

A team of teachers conducts the class sessions, and each student has two personal interviews with one of the team members.

Secondary faculty on the team during the fall quarter are Rudolph G. Wilson and Donald C. Madison, Edwardsville, and George H. Goodwin, Granite City.

The following local students are enrolled in the class: Granite City: Maureen E. Andria, Bradley M. Briggs, William Arthur Cochran Jr., Phillip A. Davis, Kathleen M. Green, Terry W. Harmon, Phillip Hill, Gloria Jo Mason, Cheryl Lynch, Charles Palus, Denise Papp, Theresa Pashea, Edwin E. Patterson Jr. and Gary Rohr.

## Southwest Plan promotes Wydra

Robert Wydra has been appointed director of planning for the Southwestern Illinois Metropolitan and Regional Planning Commission (SIMAPCO), by Theodore H. Mikesell, executive director.

The action represents a consolidation of the Environmental Planning Division, headed by Wydra, and the General Planning Division. The latter has been headed by Laird Starrick, who is resigning Oct. 10.

Since joining the commission in 1969, Wydra has been involved in all aspects of planning — from municipal and county comprehensive planning to housing and environmental planning.

Wydra's educational background includes bachelor's degrees in geography, history and education, and a master's degree in urban and regional planning.

He served in the Peace Corps from 1965 to 1967, performing community development work in India and Israel.

SIMAPCO is a regional planning commission serving Illinois Administrative Region

IV, which is comprised of the seven counties of Madison, St. Clair, Monroe, Randolph, Bond, Clinton and Washington.

Starrick is resigning to accept a position with the Illinois Department of Local Government Affairs (DLGA) in Springfield.

At DLGA, he will be assigned to the State Land Resources Management Program.

Starrick has been with SIMAPCO since 1972 and has been director of general planning since 1973. He has been responsible for plans relating to land use, zoning, housing, transportation and economic development.

Starrick holds bachelor's and master's degrees in urban planning from the University of Illinois at Champaign.

SIMAPCO officers are: Jack Frandsen, president; Ruth Glicker, vice-president; John Belloc, secretary; and Charles G. Chenoweth, treasurer.

Executive committee members are Nelson Hagauer, Paul Lenz, A. N. Young, Henry Blome, Leroy Marks, Walter Wetzel, Robert Gardner, Wayne Ennen and Lester Campbell.

## Area births, deaths rise

The number of births and deaths in the Quad-City area during September increased slightly above those of the same month in the previous year, according to a vital statistics report by City Clerk Robert Stevens.

August increased over those of the preceding month, but the number of deaths declined from the number in August, the report shows.

There was a total of 89 births last month, up from 85 in September last year, but down seven from the 96 occurring last month.

A total of 36 deaths was reported during September, up from 32 in September 1974, and up 15 from the 21 deaths last month.

There was one fetal death in September, compared to none in the same month a year ago, and the same as reported in August.

## Postage changed

Upgrading of first-class mail service, with all long-distance letters and packages being shipped by air mail, will begin Saturday.

The change eliminates the need of purchasing 13 cent air mail stamps for next-day or second-day delivery. Air mail stamps and stamped air mail cards and envelopes may be exchanged at full postage value for ordinary stamps, stamped envelopes and cards at any post office.

Dec. 28, the price of a first-class stamp will rise from the present 10 cents to 13 cents.

## Ed Massie defeats star-studded field

Fourteen track champions of speedways from across the Midwest were among the 30-car field for Tri-City Speedway's season finale, the Gateway Classic late model stock car race Saturday night.

But Ed Massie of Arcola, Ill., who had never won a championship of any type, was destined to take the checkered flag and capture top honors in the 75-lap event.

Massie, who started his racing career 16 years ago as a hobby car driver at Springfield Speedway, topped a star-studded field in winning — Russ Wallace, 1975 Tri-City Speedway champion; Bill Myers, 1975 St. Charles, Mo., Speedway champion; Larry Stroner, 1975 Lexington, Neb., Speedway champion; Tom Helfrich, 1975 Hubbard, Ind., Speedway champion; Frank Seickel, 1975 Fairbury, Ill., Speedway champion.

Mike Dibbin, 1975 Kansas City, Mo., and Topeka, Kan., Speedway champion; Terry Gallagher, 1975 Quincy, Ill., and Bowling Green, Mo., Speedway champion; Ken Essary, 1975 Bolivar, Mo., Speedway champion.

Jim Leckie, 1975 Macon, Ill., Speedway champion; Don Carter, 1975 Centralia, Ill., Speedway champion; Larry Phillips, 1975 Odessa, Mo., Speedway champion; and Len Gittermeier, U.S. Auto Club's 1975 "Rookie of the Year."

Massie was third in qualifying time trials on the half-mile oval here.

C. Corbin of East Alton posted the fastest time of 20.14 seconds, followed by Myers, winner of Tri-City's mid-season and season championship races this year.

Of the 65 race cars to qualify, the top 20 earned a starting spot in the event. The remainder of

the field was made up of drivers who placed among the top five finishers in each of two, 25-lap qualifying races.

Gittermeier, of St. Charles, Mo., won the first qualifying race. Bob Miner was second.

Bud McKee (Ibid.) of Herndon, Va., was third, followed by Huffman fourth and Joe Northing fifth.

The second 25-lap event was taken by Lesson Leonard, 1975 track champion at Jefferson City, Mo. Following him across the finish line were Fred Wahl, Phillips, Nial Castle and Elmer Well.

When the championship race began, Massie dashed into the lead followed by Stroner, Prior, Wallace and Massie. These positions never changed for 17 laps and then Prior, a seven-time champion at Centralia, moved into the number two spot behind the leader, Myers.

Prior passed Myers on lap 34 and Massie inherited second place when Myers and Wallace pulled out of competition with mechanical problems.

Slowly closing the gap on Prior, Massie began his dash to victory on the 61st lap when the leader slightly lost control of his car enabling Massie and Stroner to pass coming out of the fourth corner.

Prior recovered rapidly and moved into the position behind the two leaders.

Kevin Gundaker, St. Louis, who throughout the event was steadily weaving his way through the pack, took over third place behind Massie and Stroner when mechanical problems forced Prior to park his race car.

At the checkered flag, it was Massie, Gundaker, Stroner, John Oswalt, Helfrich, Leonard, Terry Bivens, Corbin, Sandy Anderson and Gittermeier crossing the line in that order.

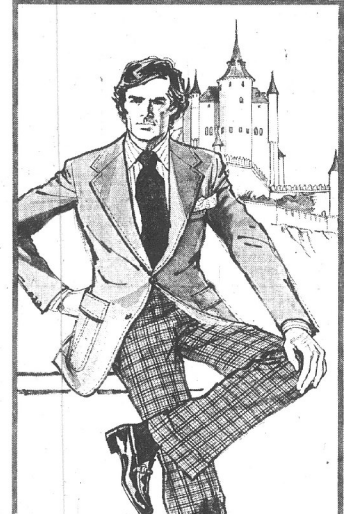

SPORTSMEN who participated in the West Madison Rod and Gun Club's third annual observance of National Hunting and Fishing Day in Lee Park during the fall included these members of the club, from left, John Gardner, President Herman Smith, and Robert Mayberry. About 150 persons took part in the event and witnessed demonstrations on fishing, hunting and camping.

## South wins girls' field hockey game

GCHS South prevailed 3-1 over crosstown rival GCHS North in the season-opening girls' field hockey game, played at South High.

Ruth Gegus gave South a 2-0 margin in the first half of play,

and both schools scored in the second half — Marcy Bunch for North and Paula Wise for South. Goalkeepers were North's Sue Leibold and South's Mary Livingston.

## First state meet in girls' field hockey

A total of 56 downstate and suburban schools, including GCHS North and South, will send teams into action at the sub-sectional level in the first-ever Illinois High School Association (IHSA) girls' field hockey tournament series Oct. 26-Nov. 1 at 16 sites.

One of four new girls' athletic tournament series introduced by the association for the 1975-76 school year, the series calls for winners of the 16 sub-sectionals to advance to eight sectionals, scheduled for the weekend of Nov. 8-9.

Sub-sectional sites will be: Belvidere, Edwardsville, Farmer, City Mansfield, Homewood-Flossmoor, Highland Park (H.S.), Hoffman Estates (Conant), Lake Forest (H.S.), McHenry, Mascoutah, Mokenna, Mokenna (H.S.), Oswego, Pana, Park Ridge (Maine East), Rockford (West), Springfield (Southeast) and Winnetka (North Shore Country Day).

Sectionals will be staged at: Deerfield, Edwardsville, Elgin (Larkin), Galesburg, Lake Forest (H.S.), Pana, Park Ridge (Maine East), and Rockford (West).

GCHS North and South have been assigned to sub-sectional competition at Mascoutah. South High will open against the hosts and North High will play Oakville.

Winners of these games will meet for the right to advance to sectional competition at Edwardsville.

Pairings for the state final tournament, which will be held at Northfield (New Trier West) High School the weekend of Nov. 14-15, may provide an analysis of the strength of teams in various parts of the state at the quarterfinal round. The state final schedule will be:

FRIDAY, Nov. 14  
Quarterfinals

Game 1 — 9 a.m. — Park Ridge vs. (Maine East) sectional winner vs. Deerfield sectional winner.

Game 2 — 10:30 a.m. — Edwardsville Educational vs. Pana sectional winner.

Game 3 — 1 p.m. — Lake Forest (H.S.) sectional winner vs. Galesburg sectional winner.

Game 4 — 2:30 p.m. — Rockford (West) sectional winner vs. Elgin (Larkin) sectional winner.

SATURDAY, Nov. 15  
Game 5 — 9 a.m. — Winner Game 1 vs. Winner Game 2 (semifinals).

Game 6 — 10:30 a.m. — Winner Game 3 vs. Winner Game 4 (semifinals).

Game 7 — 2:30 p.m. — Winner Game 5 vs. Winner Game 6 (championship).

## North girls win 2 tennis meets

The GCHS North girls' tennis team snapped a three-game losing streak with its 5-2 win at Roxana.

North High results were: Joy Pierson 6-0, 4-6, 6-2; Tina Taylor 6-4, 6-4; Sue Hommert 6-1, 4-6; and Margie Cooke 6-3, 6-7, 4-6.

Winners — Jan Rose-Patti Melzer 4-6, 3-6; Kim Turner-Margie Verschul 3-6, 6-3, 6-3; and Lea Ann Rainwater-Cindy Campbell 6-1, 6-4.

North blanketed Triad here the next day for a 7-0 victory. North swept all four singles matches, Pierson winning 6-0, 6-0; Tina Taylor 6-4, 6-1; Sue Hommert 6-2, 6-2; and Margie Cooke 6-0, 6-1.

Jan Rose and Patti Melzer won 6-1, 6-1; Kim Turner and Margie Verschul 6-0, 6-3; and Lea Ann Rainwater and Cindy Campbell 6-2, 6-1.

## Warriors win 4-0 in soccer

## Warriors win 4-0 in soccer

GCHS South's soccer Warriors met Quincy's Notre Dame High School (formerly Quincy Catholic Boys) in a non-scheduled contest here Saturday, defeating the visitors 4-0.

South High now has an 8-2-1 record and Coach Gene Baker has been advised that the Illinois High School Association has ranked the Warriors team ninth in the state.

Rick Fernandez put two points on the board for South the first quarter, one goal assisted by Joe Theis and the other an unassisted goal.

Theis assisted Mark Goldschmidt in a third-period goal, and Fred Schuler, assisted by Rick Becherer, added the final score in the fourth period.

South High attacked Quincy's goal with 25 shots, nine of which were prevented from entering the net. South Goalkeeper Randy Lyle saved three shots and the visitors totaled six.

## Soccer Steelers win, 3-2

GCHS North's soccer Steelers, following a scoreless deadlock with GCHS South Friday, ventured to Jacksonville and slipped past the hosts 3-2 Saturday.

Jacksonville took a 1-0 lead with a direct shot into the goal three minutes into the first quarter, and North retaliated in the next period on a shot from Kevin Gavlick.

Gavlick, who entered the game still nursing an injured ankle, suffered additional injury when he was kicked in a leg.

Defensive efforts by both teams throughout the third period left the game tied going into the final period of play.

But, two minutes into the fourth quarter, North's Steve Seales took advantage of one of the Steelers' 10 foul shots taken in the game, heading the ball into the net on a pass from Barb Stefanoff.

Steelers Bob Yount three minutes later took a pass from Stefanoff, stuffing the ball into the net.

Jacksonville scored later, but time expired before the hosts could get another shot on the goal.

North took 12 shots at the enemy's goal and Rich Davis prevented two of Jacksonville's six shots from entering the goal.

## North frosh 2nd in cross-country

Freshman and sophomore cross-country meets during the weekend at St. Paul of Highland saw GCHS North place second in frosh competition and 10th in the sophomore meet.

GCHS South was sixth in the frosh meet and finished eighth in the sophomore meet.

Competing on a 2.25-mile course, Belleville East captured the freshman meet with 59 points, while North High was second with 101.

Belleville West third with 104, Alton West fourth with 120, Alton East fifth with 150 and South High sixth with 220.

GCHS North and South freshman place runners were: Wayne Delozier (GCHS) 8th in 13:13, Dan Webb (GCHS) 13th, Ken Futch (GCHS) 24th, Dave Taylor (GCHS) 25th, Scott Ahlers (GCHS) 26th, Kent Monical (GCHS) 27th, Dale Parker (GCHS) 29th, Tom Ebrecht (GCHS) 30th, Chris Roenick (GCHS) 45th, Tom Goshon (GCHS) 54th.

Mascoutah won the sophomore meet with 72 points, East was second with 120, Bethalto third with 130, Weslin fourth with 147, Centralia fifth with 155, Benton sixth with 162.

West seventh with 181, GCHS South eighth with 187, O'Fallon ninth with 263 and GCHS North 10th with 264.

Local harrier finishes were: Ken Meagher (GCHS) 10th in 12:37, James Dumont (GCHS) 26th, Joe Smith (GCHS) 29th, John Warner (GCHS) 46th, Bill Harrington (GCHS) 50th, George Bush (GCHS) 52nd, Jodi White (GCHS) 55th, Biff Bywater (GCHS) 55th, Dave Blackwell (GCHS) 60th, Mike Johns (GCHS) 61st, and Monte Naler (GCHS) 64th.

## School golf

## Original art auction Friday at Army base

A public art exhibition and auction of original works by renowned artists will be sponsored by the Granite City Officers' Wives Club at 7 p.m. Friday.

The event will take place in the Officers Open Mess at the Granite City Army Installation (St. Louis Support Center), 600 Niedringhaus Ave. Wine and cheese will be served throughout the evening, according to Mrs. Lenny Smith, club president. Reservations are not mandatory, but may be called in advance to Mrs. Smith, at 877-5344, or Mrs. McAllister, at 852-5510.

The art auction includes signed lithographs, etchings, oils, watercolors and other art works by Marc Chagall, Salvador Dali, Charles Briggs and other world famous artists, collected by Graphic Art Galleries, Ltd., of Los Angeles.

## Truth Circle plans workshops

Truth Circle of Niedringhaus United Methodist Church met at the home of Mrs. Geneva Miller, 1701 Garfield Ave. last week.

Devotions were presented by the leader, Mrs. Betty Williams, on missions: "Step by Step" by Lilavat Vishwas Dongare of India, and "The Wheelbarrow Ambulance" by Lois Ford of Haiti.

Plans were made for members to attend workshops in preparation for the annual bazaar to be held in November. The circle will help "Meals on Wheels" in October. Members were urged to at-

Mrs. William Read and Mrs. Edwin Agunanno, who are serving as co-chairmen, stressed the art pieces to be auctioned are original works and not imitations or copies. The pieces are suitable for home or office, the co-chairmen said.

They will be auctioned at moderate prices by an art expert from the California galleries. A piece of artwork will be presented as a gift to a patron at the event, the sponsors announced.

Mrs. Smith noted that the exhibition and auction is the first such fund raising project to be sponsored by the Granite City Officers Wives Club. "We hope the public will attend and we promise patrons an exciting and a rewarding evening," the club officer stated.

tend a play on Oct. 15 at the church, entitled "Man For All Seasons," presented by the Alpha and Omega players, a nationally renowned group.

Refreshments were served by the hostess to a guest, Mrs. Sue Miller, a new member, Mrs. Sandy Wallace, and Mesdames Mary Piper, Elizabeth Briggs, Shirley Loy, Kathryn Richardson, Mary Roulard, Mable Gertsch, Fern Hahn, Elizabeth Dix and Eula Davis.

The members spent the remainder of the evening making boutique items for the bazaar.

## How to complain effectively

By CATHERINE R. MAUCK  
Madison County Extension  
Adviser—Home Economics

When you have a valid complaint about a product or service, don't keep it to yourself or just tell your friends. Make your voice heard where it counts.

Take the problem to the retailer or manufacturer. Tell how you feel, and why. In most cases, your problem will be resolved. Businesses do not want unsatisfied customers.

In fact, many firms rely on consumer feedback to pinpoint problem areas, so you may be doing a service by complaining.

Putting your complaint in writing is generally more successful than telephoning or going in person. The Chamber of Commerce or public library should have any addresses you may need.

When writing, include the facts clearly, but be to the point, avoiding needless detail. Points to include in your letter are:

- Your name and address.
- The name of the product or service (if a product, give model number, color, size, pattern, and any other identification).
- Where it was obtained.
- Date of purchase.
- Price.
- Clearly stated description of the problem or complaint.

Warranty dates (if warranty has expired, tell why you feel it should be extended for your complaint).

What you think should be done to remedy the problem. Sending copies of any warranties, sales slips, etc., may be helpful, but keep the originals for your records. Also keep a copy of the letter.

Allow about three weeks for a reply. If you have heard nothing by then, write another letter, indicating it is a follow-up and enclosing a copy of the first letter.

If there has been no reasonable solution to your complaint after six weeks, seek help from a third party.

Report your problem (including copies of all previous correspondence) to: the Better Business Bureau or Chamber of Commerce; the Attorney General's office; one of the Consumer Action Panels; a relevant government agency; or the Small Claims Court. And send a copy of such a letter to the offending company.

Take your complaint to the place where you obtained the product or service. Explain the problem to the person who sold you the product or service.

He may be able to solve the problem immediately. If not, he'll know where to refer you. If this does not succeed, go to the manager or owner. You can expect reasonable satisfaction or at least guidance on whom to contact.

If this does not succeed, try the manufacturer or distributor, or the head office if it is a chain store.

Putting your complaint in writing is generally more successful than telephoning or going in person. The Chamber of Commerce or public library should have any addresses you may need.

When writing, include the facts clearly, but be to the point, avoiding needless detail. Points to include in your letter are:

University Women to meet tonight

The local chapter of the American Association of University Women (AAUW) will meet tonight in the clubroom at the Tri-Cities Area YMCA.

A representative of the Mental Health Clinic will be guest speaker, according to Miss Mary Velloff, president. A vacation auction also will take place during the social hour, she said.

At a planning meeting last week at Miss Velloff's home, several future events of the chapter were reviewed, and the president reported details of a conference held Sept. 27 in Mount Vernon.

The AAUW chapter is making preparations for a bazaar and handicraft sale in November, it was announced.

## Sweet Adelines 'Share a Song'

The Collinsville Chapter of the Sweet Adelines celebrated the International Sweet Adelines "Share a Song Week" by entertaining residents of the Parkview Colonial Manor Nursing Home in O'Fallon last week. Several Quad-Cityans are members of the chorus.

The theme of their presentation was "Happiness is . . . Memories," and songs which appeal to children of all ages were sung in barbershop style under the direction of George Holtzcher, chorus director.

Sweet Adelines, Inc., is an international non-profit organization of women whose purpose is to teach the American folk art of singing four-part harmony, barbershop style. Organized in Tulsa, Okla., in 1947, there are now over 600 chapters and more than 25,000 members throughout the United States, Canada and the Panama Canal Zone.

Members of civic organizations who wish to have the Sweet Adelines entertain at social functions may make arrangements by calling Pauline Koblitz, booking agent, at 344-6546. The chorus rehearses weekly at the Collinsville Building Land Loan in Collinsville.

Meetings are held on Wednesday evenings at 7:45 and guests and prospective members are welcome to attend, Holtzcher said.

WOMAN EDITOR  
The first American woman newspaper editor, Ann Franklin, started work on the Newport Mercury, Newport, R.I., on Aug. 22, 1762.

## Motivation in buying studied by homemakers

"Why Did You Buy It?" was the topic of the major lesson presented by Mrs. Stanley Owea and Mrs. Marshall McElroy at the Granite City Unit of Madison County Homemakers Extension Association's meeting last week.

Discussed were variables that affect choice when making purchases, together with methods and effects of advertising, misleading advertisements and market research.

They suggested anyone purchasing large items seek unbiased opinions before buying and always looking for a recognized seal of approval.

Unit chairman Mrs. Joseph Sobczak was in charge of the meeting held at Grace Baptist Church. She announced the Southeast District meeting will be held on Nov. 4 at Coolidge Junior High School, beginning at 7 p.m. Those planning to attend were asked to bring items for a country store exhibit.

A craft day is set for 10 a.m. Oct. 20 in the home of Mrs. Mary Zikovich, 13 Devon Hill Lane. A second workshop to prepare Christmas items will be at 10 a.m. Nov. 5 at the church, it was reported.

Mrs. Wendell McIlroy, leader of a newly organized 4-H club,

said the group has selected Patchworkers as its name. The Granite City Unit, sponsors the new club, also sponsors the Moonspinners 4-H Club, led by Mrs. David K. Schmidt.

Hostesses Helen Oberlin and Maude Schmidt served a dessert luncheon to 19 members and one guest, Mrs. Wanda Renicke.

A Halloween theme was carried out in the table decorations with an arrangement of fall flowers as the centerpiece.

The unit's next meeting will be a Christmas party on Dec. 3 at the Heritage House in St. Louis County.

## LOSE THE WEIGHT YOU HATE

New clinical tests completed at a major university hospital prove that the ODRINEX Plan will help you lose excess weight quickly.

ODRINEX contains an amazing hunger tamer that suppresses the appetite. Eat three good meals a day as the tiny ODRINEX tablet helps you eat less without being hungry.

With fewer calories, your weight goes down. Safe taken as directed - will not make you nervous.

Look better, feel better as you start slimming down today with ODRINEX. Satisfaction guaranteed or money back.

DR. TIPU SULTAN

### Dr. Sultan begins practice

Dr. Tipu Sultan opened his practice in pediatrics in Granite City today with offices located at 1530 Niedringhaus Ave. Appointments are available by calling 876-5848.

He took his internship and residency training in pediatrics at Cook County Hospital, Chicago, from 1971 to 1973. He is certified by the American Board in Pediatrics.

Dr. Sultan before moving to Granite City was in practice in Chicago for two years. He was on the staff at Michael Reese Hospital, South Chicago Community Hospital, Illinois Central Hospital and South Shore Hospital.

He is now on the staff at St. Elizabeth Hospital.

Dr. Sultan is married and has a five-month-old daughter.

### Workshop on economic news

Reporting the local economy will be the major topic of discussion at a Mid-American Press Institute workshop Oct. 17-19 in St. Louis. The event will include lectures on how newspapers can better report the economy and will feature sessions on agriculture business. It opens Friday evening, Oct. 17, with registration at the Sheraton Airport Inn.

Missouri Farm Bureau President C. R. Johnston will give the keynote address.

Saturday morning, Oct. 18, will be filled with a three-session workshop to be conducted by financial editors.

## 10-year SIUE observance to begin Monday

Initial SIUE tenth-anniversary activities are scheduled for Monday, Oct. 13, when Pres. John S. Rendleman will address a two-hour public convocation at 10:30 a.m. in the Meridian Ballroom.

A reception in Goshen Lounge will follow, with anniversary cake and punch served and the Old Guy's Jazz Band entertaining.

The convocation program will include music by the SIUE Concert Chorus and introduction of persons active in development of the local university.

A. R. Howard is director of the 10-year celebration.

Historical photos will be exhibited to depict the growth of the university. The display will be on the second floor of the University Center.

Members of the art department faculty will present their biennial exhibit in Opatz Lounge, while an exhibit of more than 200 books written by SIUE faculty members during the last decade will be on display in Lovejoy Library.

Anniversary events will continue Tuesday, Oct. 14, with a presentation by the Royal Lichtenstein Quartet-Ring Sidewalk Circus on the campus mall from 12:30 to 1:30 p.m.

The Wednesday, Oct. 15 events will include a performance by the Prism Band in Goshen Lounge from 11 a.m. to 1:30 p.m. and a lecture at 2:30 p.m. in the Communications Theater by Nicole Bernheim, foreign editor of Le Monde, the largest Paris newspaper.

Madame Bernheim, whose appearance at SIUE is being sponsored by the School of Humanities, will discuss "U.S. Foreign Policy As Seen from Abroad."

Associated with Le Monde since 1967, she has conducted investigations and traveled extensively in Europe, Africa, and accepted an invitation from the State Department to travel in the United States in 1970. She also was the invited French correspondent to the 25th anniversary of the American Field Service at Atlantic City in 1971.

Two musical performances are scheduled Thursday, Oct. 16. An informal concert by the SIUE Concert Chorus, with Gregg Smith conducting, will be presented at noon in Opatz Lounge. The Gregg Smith Singers will present the first program of the Cultural Arts Series at 8:15 p.m. in Meridian Ballroom.

Tenth anniversary events Friday, Oct. 17, will include a concert by the Four-Miles High Band from 11 a.m. to 1:30 p.m. in Goshen Lounge and a dedication ceremony for Tower Lake II apartment housing at 2 p.m.

All events during the week will be free of charge except the Thursday evening (Oct. 16) performance of the Gregg Smith Singers. Admission to the concert will be \$1.50 for SIUE students and \$2.50 for non-students.

Howard said additional anniversary events being planned include a "Salute to SIUE" dinner Nov. 8, being organized by the Edwardsville Area Chamber of Commerce, which includes Glen Carbon; release of a book-length history of the development of SIUE, being written by David L. Butler, assistant professor of English; and dedication of two new classroom buildings on May 15, 1976, exactly 10 years from the date that dedication ceremonies were held for the original campus.

Howard also announced that the annual spring meeting of the Illinois Press Association will be held on the SIUE campus in the last week of April.

Members of the Tenth Anniversary Committee who have assisted in planning the celebration include: Warren Brown, dean of students; James M. Comer, associate professor of education.

Paul Czervinski, representing the SIUE Alumni Association; Steve Dankenbring, representing the student body; Arnold Franke, representing the Office of Business Affairs; Annette Graebler, head of the Information Center.

Gene Haffner, program director of the University Center Board; Emil Jason, assistant vice president for academic affairs; Mike Magee, representing the Student Senate.

**GOOD SAMARITAN AWARDS** of cash presented to two 10-year-old boys who found a sack of mail, stolen from the Prudential Insurance Company of America office in Nameoki Village Shopping Center. The boys returned the mail, containing checks and important papers, to Prudential July 25, the day they found it in a field behind Crossroads Plaza Shopping Center. From left are Earl Wendel, district manager of Prudential; Kevin Schearlock, 2510 Delmar Ave., and Bobby Godde, 607 Kirkpatrick Homes. (Press-Record Photo)

## New plan to increase flow to Illinois, Mississippi Rivers

Great Lakes congressmen are making a new attempt to triple the outflow of Lake Michigan into the Illinois waterway to avert higher water damage to lakefront shorelines and property.

Rep. James G. O'Hara, Michigan Democrat, 4th Dist., Rep. Ralph H. Metcalfe, D-Ill., chairman of the House Public Works Committee to speed action on his so-called "Chicago diversion bill."

O'Hara, who has sought the legislative relief before, heads the Conference of Great Lakes Congressmen. All of his co-sponsors are members of the conference.

The joint Granite City Rotary-Optimist event has only 30 tickets left to be sold for a maximum attendance. Tickets are \$12 each and include a buffet dinner beginning at 6:30 p.m. prior to the service.

Tickets may be obtained from any member of the two service clubs.

Prizes will be awarded during the evening, including televisions, radios, mixmasters and records.

After the dinner, 120 items will be auctioned at a fast-paced item a minute.

Items are to be sold for \$5 to several hundred dollars.

Proceeds from the event, after costs have been paid will be divided equally between the two sponsoring clubs to fund community projects during the year.

Under his bill, the diversion would be controlled by the Army Corps of Engineers under stringent guidelines.

The O'Hara bill would make it possible to divert outflow when Great Lakes levels are above

their long-term average and when such diversion would not pose any danger in the Illinois waterway or downstream to avert higher water damage to lakefront shorelines and property.

Rep. James G. O'Hara, Michigan Democrat, 4th Dist., Rep. Ralph H. Metcalfe, D-Ill., chairman of the House Public Works Committee to speed action on his so-called "Chicago diversion bill."

O'Hara, who has sought the legislative relief before, heads the Conference of Great Lakes Congressmen. All of his co-sponsors are members of the conference.

The joint Granite City Rotary-Optimist event has only 30 tickets left to be sold for a maximum attendance. Tickets are \$12 each and include a buffet dinner beginning at 6:30 p.m. prior to the service.

Tickets may be obtained from any member of the two service clubs.

Prizes will be awarded during the evening, including televisions, radios, mixmasters and records.

After the dinner, 120 items will be auctioned at a fast-paced item a minute.

Items are to be sold for \$5 to several hundred dollars.

Proceeds from the event, after costs have been paid will be divided equally between the two sponsoring clubs to fund community projects during the year.

Under his bill, the diversion would be controlled by the Army Corps of Engineers under stringent guidelines.

The O'Hara bill would make it possible to divert outflow when Great Lakes levels are above

1975 SCOTTI MUFFLER CENTER, INC.

Granite City Moose Lodge 272, District 10, will hold a candy sale Saturday, from 11 a.m. to 4 p.m.

The candy will be sold for \$1 a bag at the corners of Johnson and Nameoki Roads, Madison, and Niedringhaus Avenues and other locations.

The proceeds from the candy sale will go to the Kidney Foundation. Candy also may be obtained at the local Moose Lodge, 10th and Adams Streets.

Volunteers are needed to assist in the sale, club officials said.

**BURGLARY ON BRADEN** Norman Sanders, 4037 Braden Ave., told police early this week that a door to his home was forced open and items worth about \$965 were stolen. Taken were a television, tape player, two speakers, a tape case and 10 tape recordings, he said.

**ANNUAL REGISTRATION PUBLICATION** Article 9.02 of the Rules and Regulations to Govern the Administration and Operation of Special Education requires that each local school district is responsible for conducting an annual registration of all three-year-old exceptional children and other exceptional children not previously registered.

Anyone having, or knowing, of an exceptional (handicapped) child ages 3 to 21, in Granite City District No. 9, Madison District No. 12, or Venice District No. 3, not enrolled in a public school program, should inform or register the child with their neighborhood school, or the Region I Special Education District, 2801 Madison Avenue, Granite City, Illinois. ## Dewatering plan urged

A request that Granite City cooperate with the Illinois State Division of Waterways in development of a program to dewater areas in the vicinity of Doherty Slough in an effort to lower the water table will be studied by the City Council's Intergovernmental Committee and the city engineer under action taken by the council Monday night.

The alderman approved such a study in response to a letter signed by 40 residents of the northeast section of the city living in the Lynch-Vesel-Waterman-Sara street area which adjoins the Doherty Slough channel and is subject to basement and street flooding in rainy periods.

The letter asked the council to consider dewatering as a means of lowering the water table which in recent years has caused extensive damage to homes in that area of Granite City and in the adjacent Nameoki Township area, particularly in the Angela Drive and Runy Drive sections.

The petitioners noted that during repair of a sanitary sewer line break on Stearns Avenue, the contractor employed dewatering procedures that succeeded in lowering the water table in a wide section of the Doherty Slough area, causing basements to be free of water for the first time in years.

After repairs were completed and dewatering was halted, the water table rose and basements were flooded again within five days, the letter said.

Alderman Sam Whitmer, a member of the Intergovernmental Committee, said he will favor "any type of program so

long as it doesn't cost the city any money."

At the same time Mayor Paul Schuler told the council that he had discussed with officials of the waterways division the reasons for delay in replacing a diesel-fueled pump in the Doherty Slough drainage system with an electric pump, and was told that the type of pump installed is not immediately available.

"From what I understand it may be a year or more before an electric pump can be installed," the mayor said.

The waterways division, which built the drainage system from the slough to the Nameoki drainage canal, has agreed to install an electric pump to replace the diesel-fueled pump west of Pontoon Road near the Alton and Southern tracks to solve problems of repeated maintenance and to increase capacity of the water flow.

The council Monday night also referred to the Finance Committee for study a suggestion by City Attorney George Filcott that the city consider obtaining liability insurance for crossing guards

employed by the city at Granite City schools.

The aldermen approved a request by Police Chief Ronald Veizer that bids be called for five riot guns, and approved a request by the Illinois Power Co. to make two excavations in the alley west of 241 Rock Road to install a new gas main.

City Treasurer Paul Haulage informed the council that his office has received federal revenue sharing funds totaling \$15,380 for the first quarter of the sixth entitlement period.
